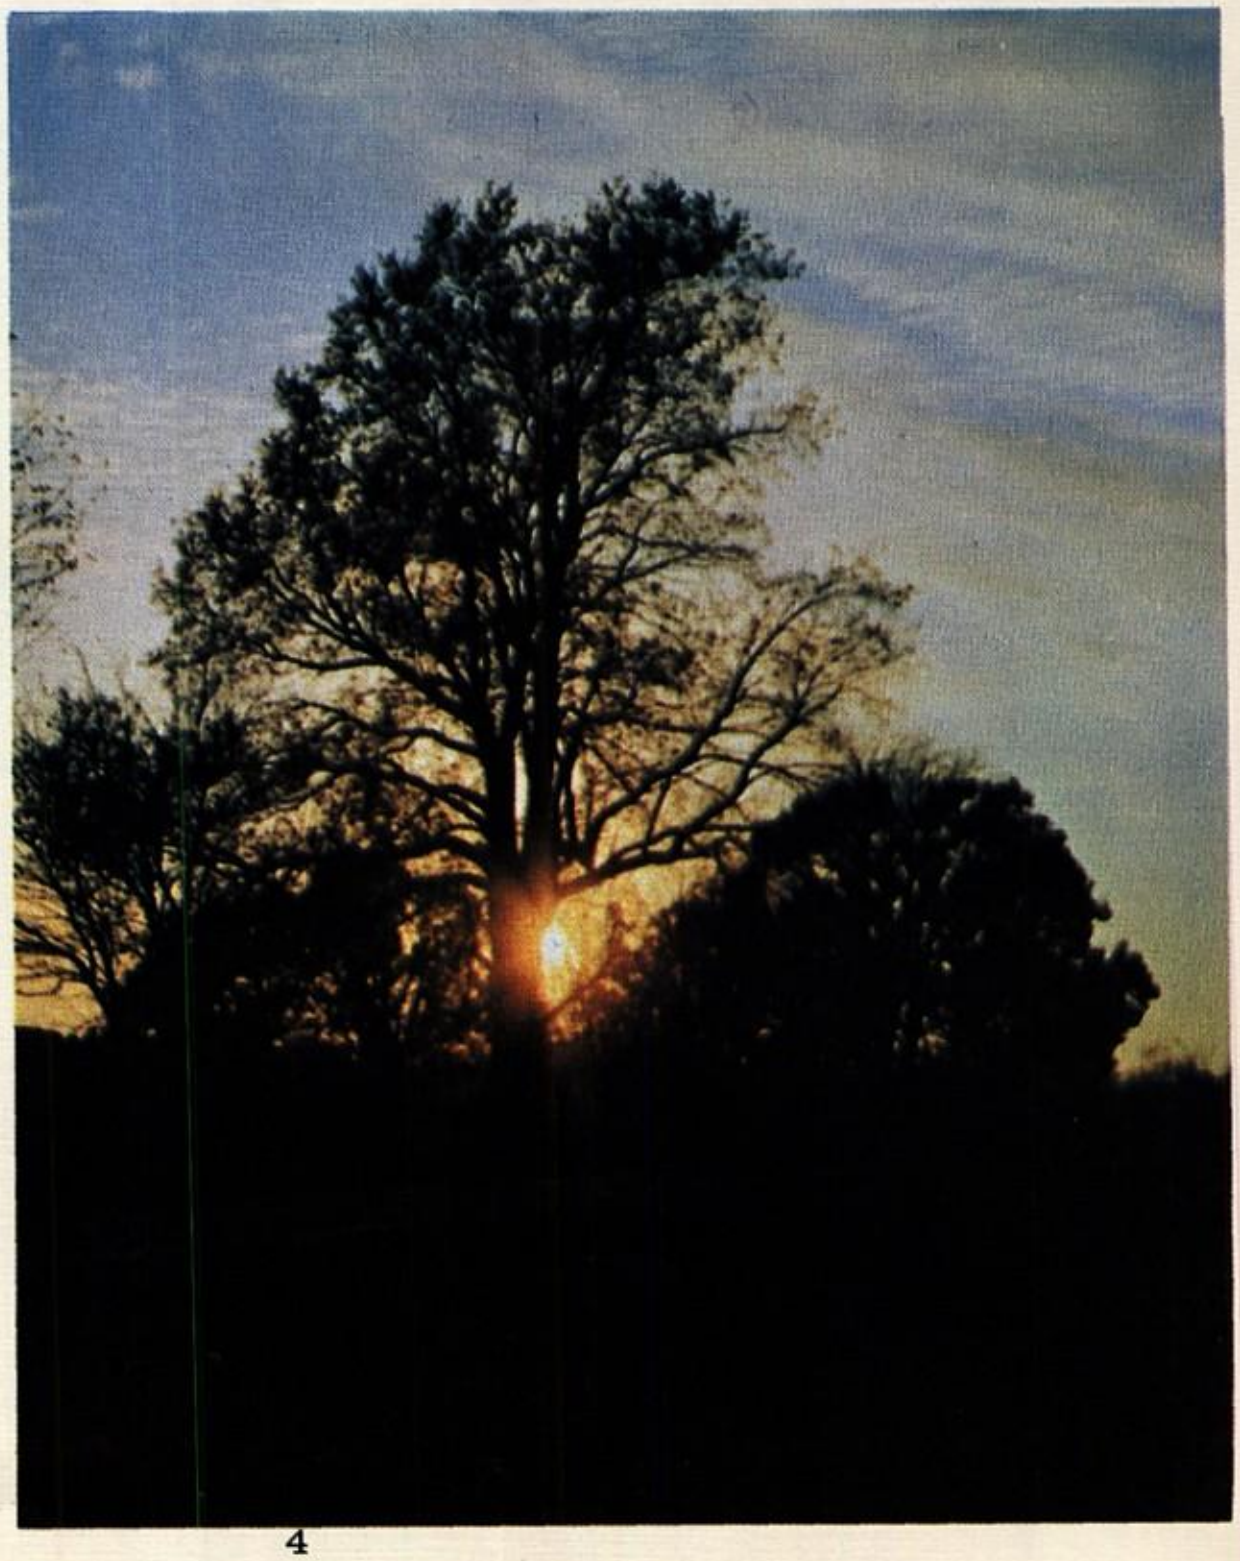
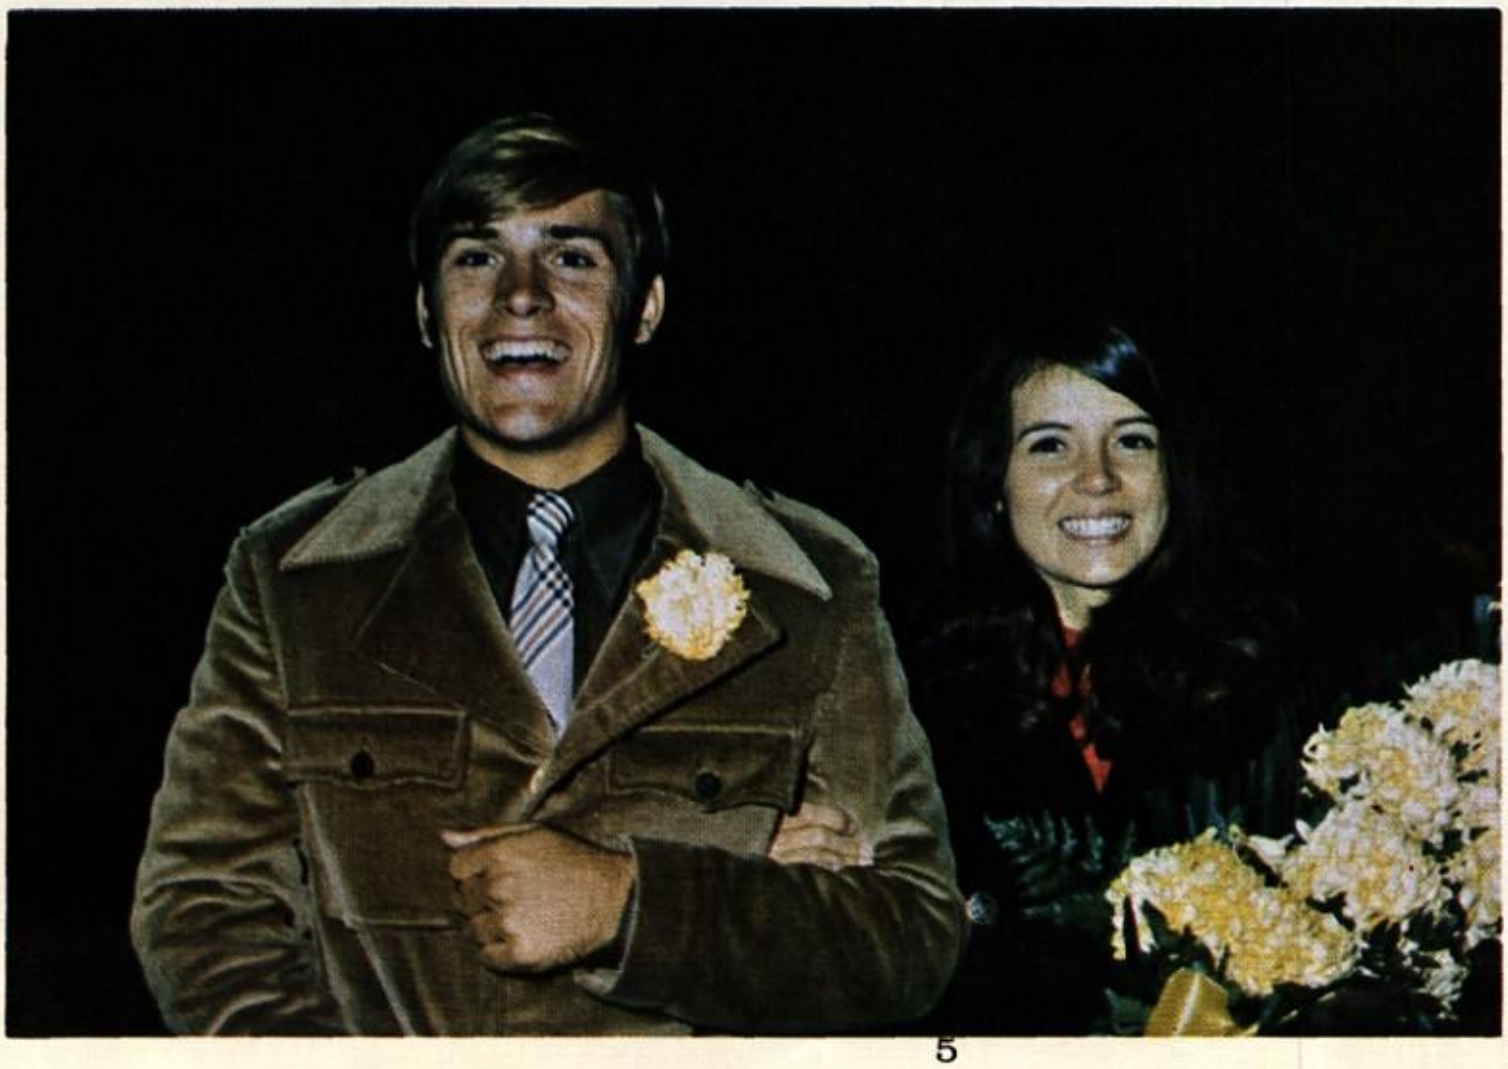
Stars represent life and infinity. They are always in the sky and their brightness seems to go on forever. Since stars' lives seem to be infinite, they could tell us much about our past and our future if they could communicate with us.

A Sophomore



My horoscope for yesterday
Was really quite fantastic.
But now the stars have told me
That today is somewhat drastic.
I'm wondering what I should expect
And if it will be frightful.
There's one thing that I'm certain of
It won't be too delightful.

A Junior

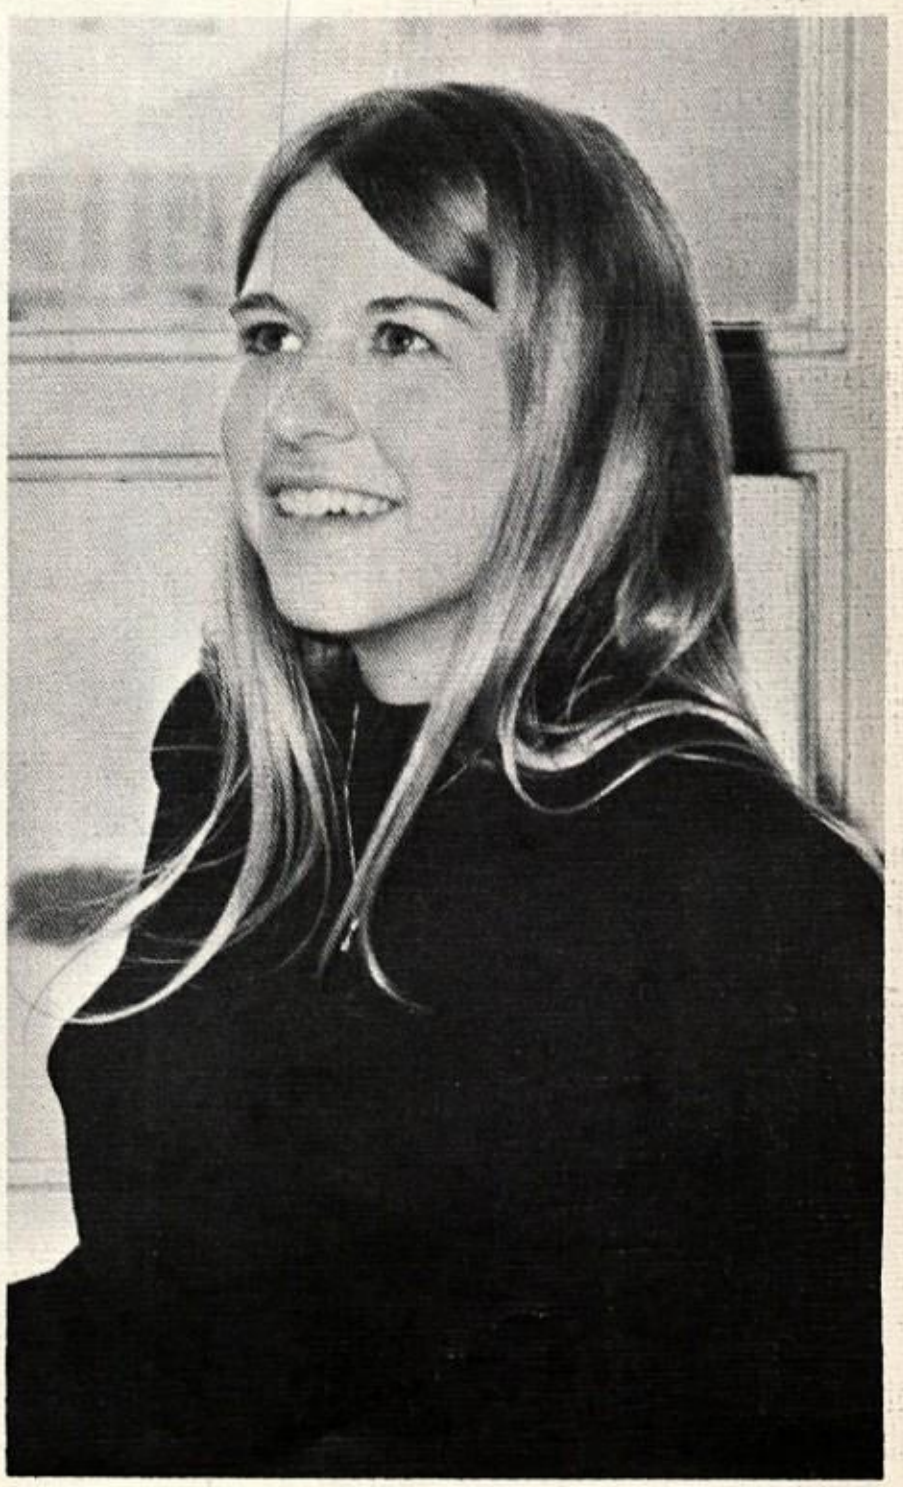


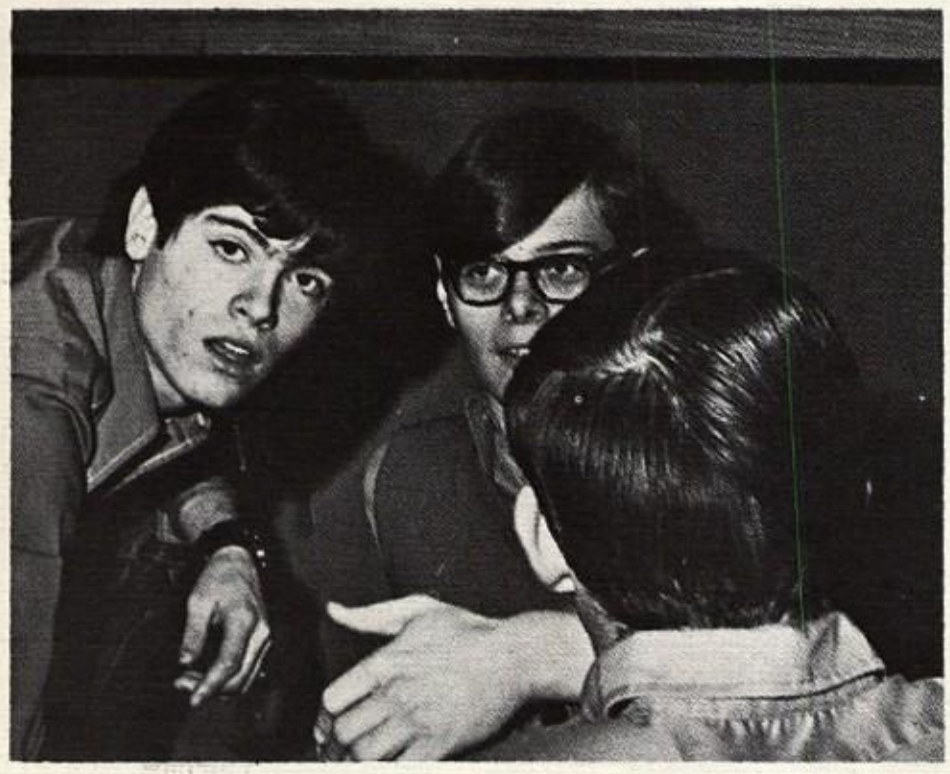
A Star is balance----
everyone has a goal that adds weight to each side of the stars which adds to each side of the world.

A Senior

There are millions of stars in the universe, just as there are millions of people on earth. Each person has his own special goal, his own special star in life. And though he may follow a few detours along the way to his star, that one destination is what he is heading for.
"It asks little of us here. It asks of us a certain height so where at times the mob is swayed to carry praise or blame too far, we may chose something like a star".

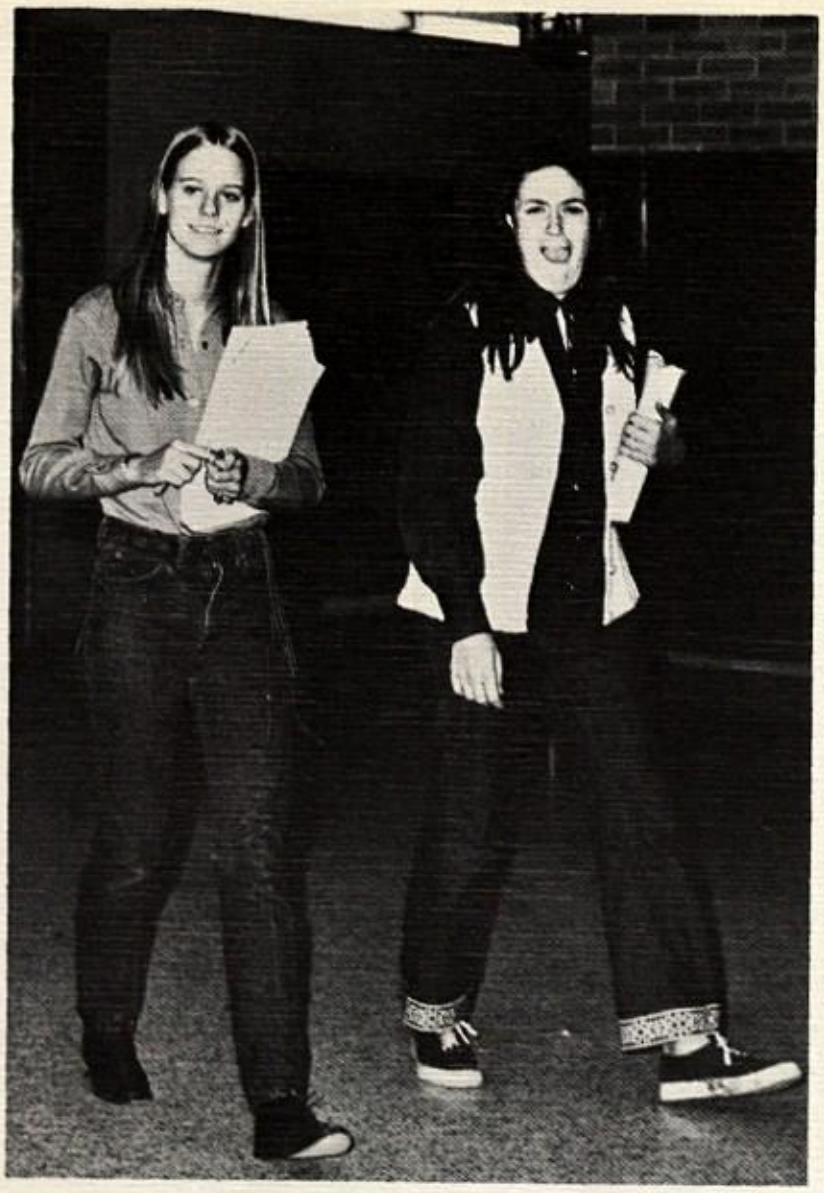
Robert Frost



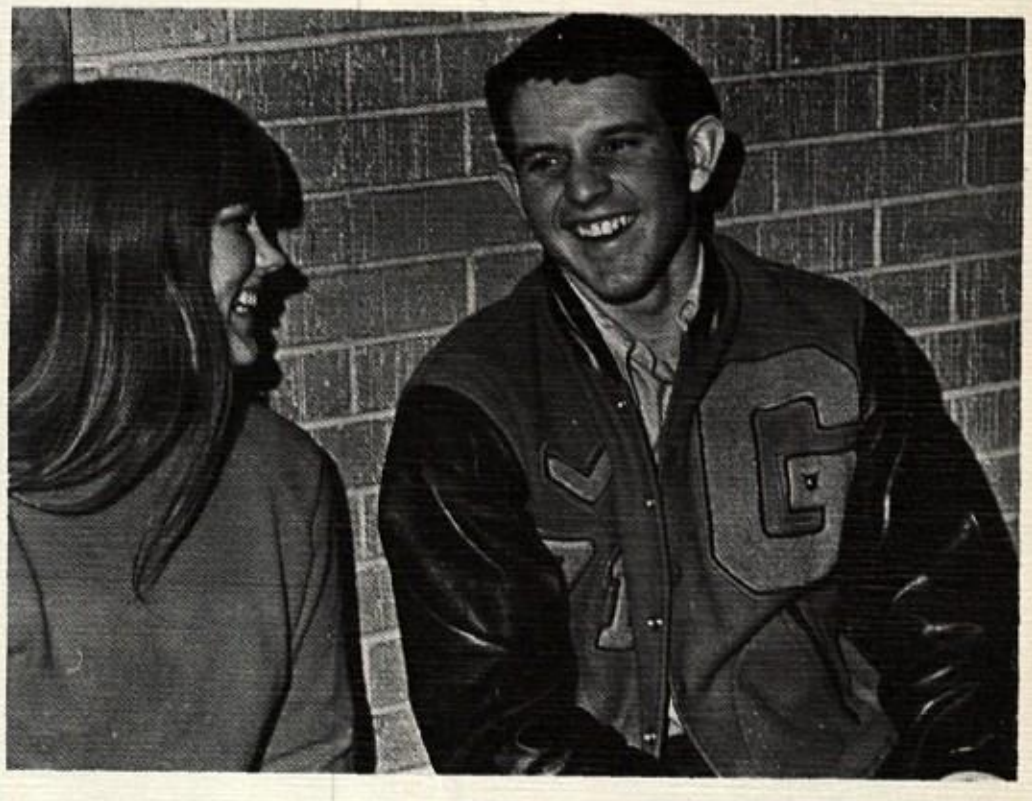


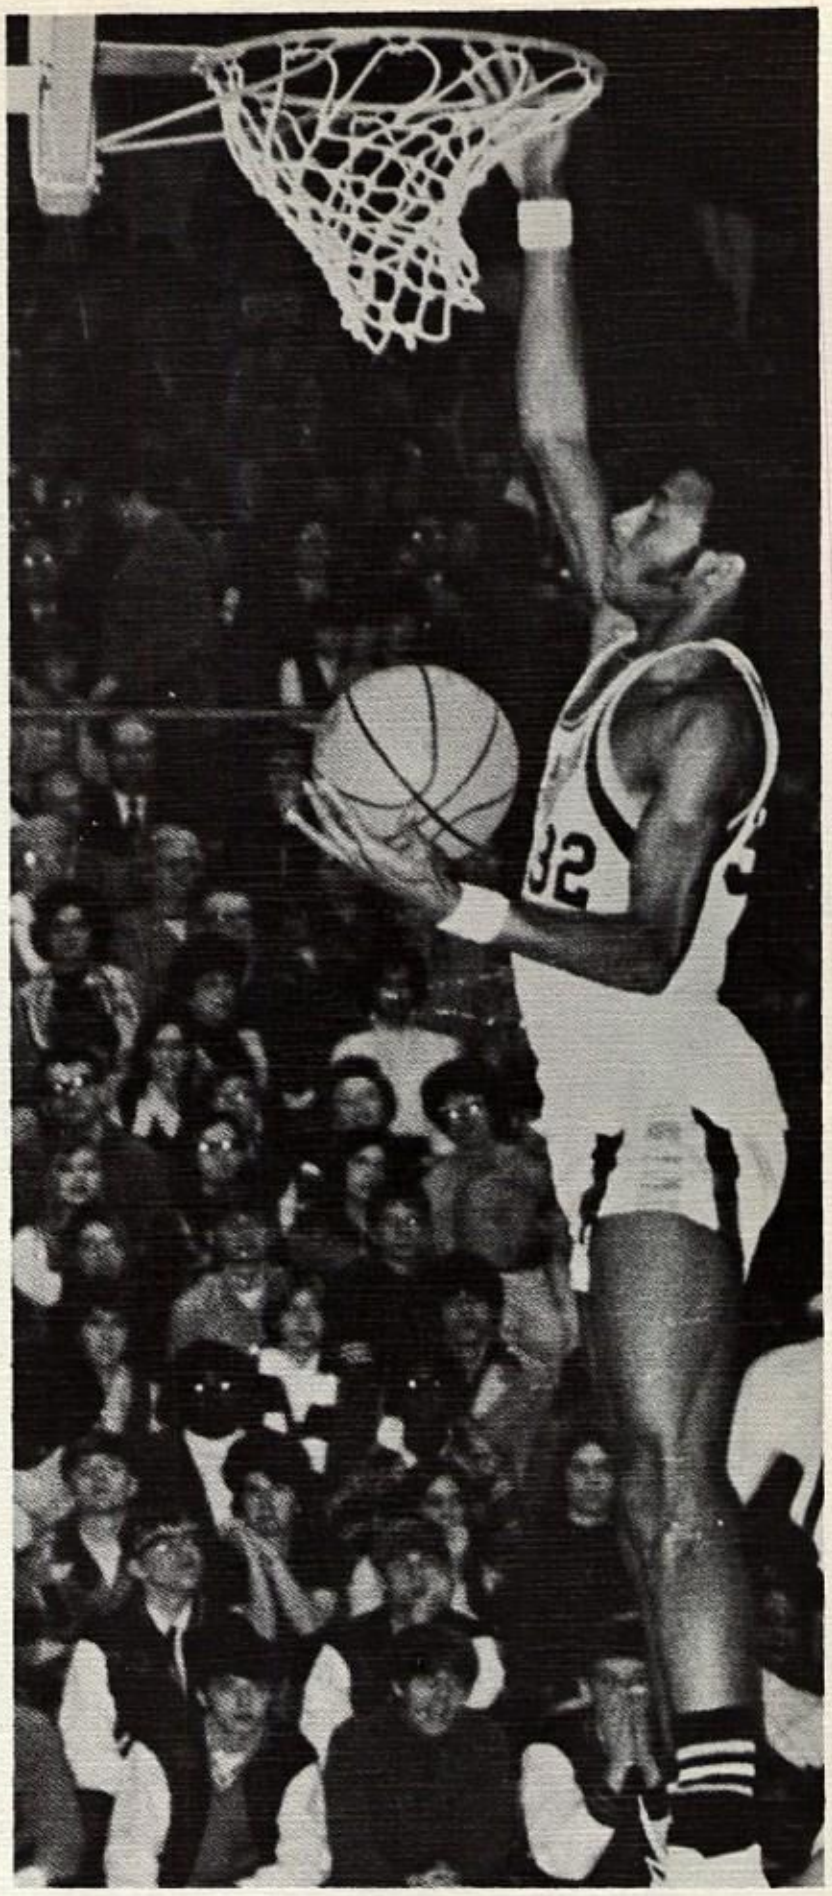
I sometimes wonder what it would be like, if I could fly to the stars and just see what it would be like up there. I would like to look down once in awhile instead of looking up all the time.

A Sophomore



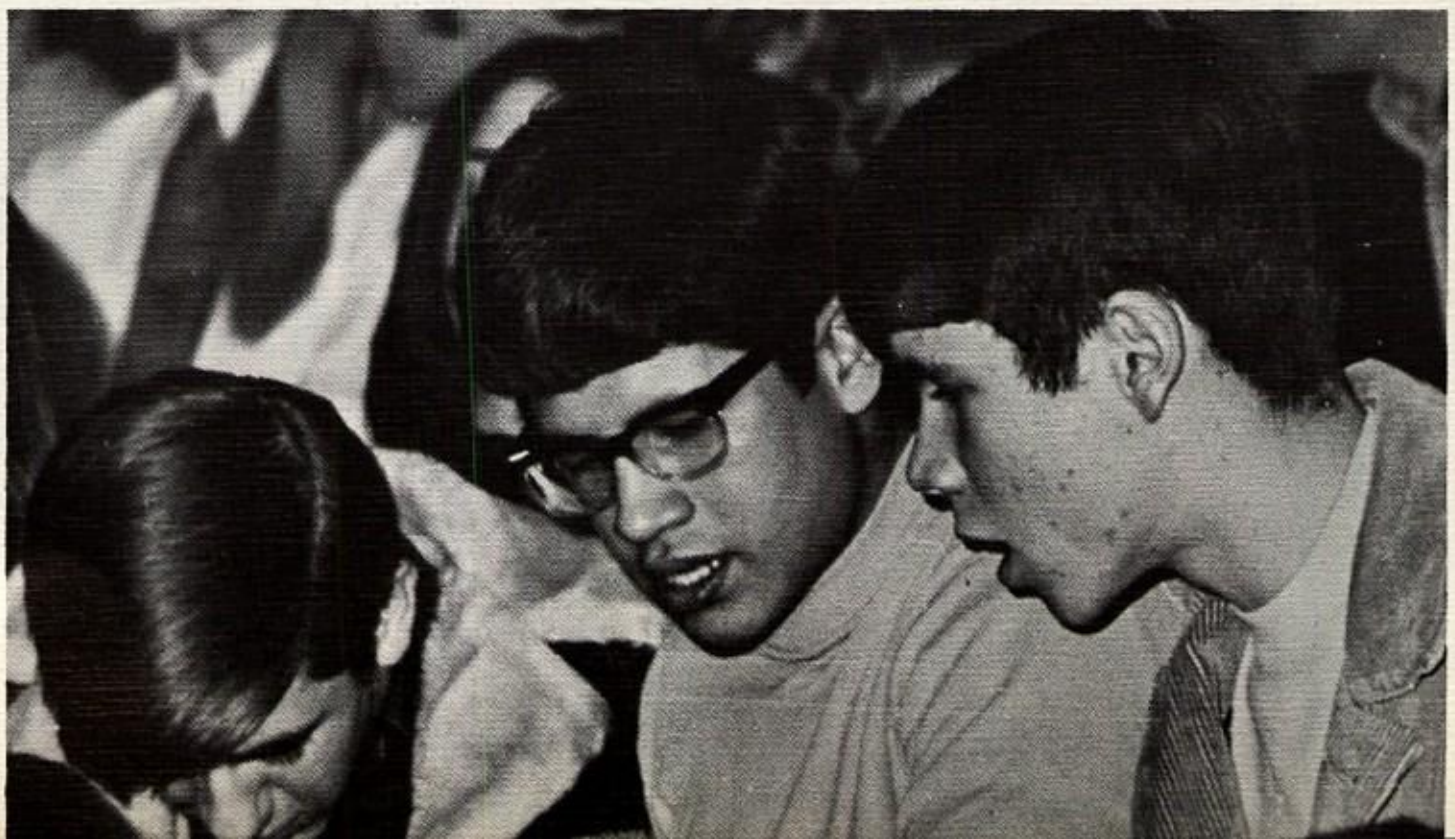
My wish to a star is unknown but to me.
A Junior

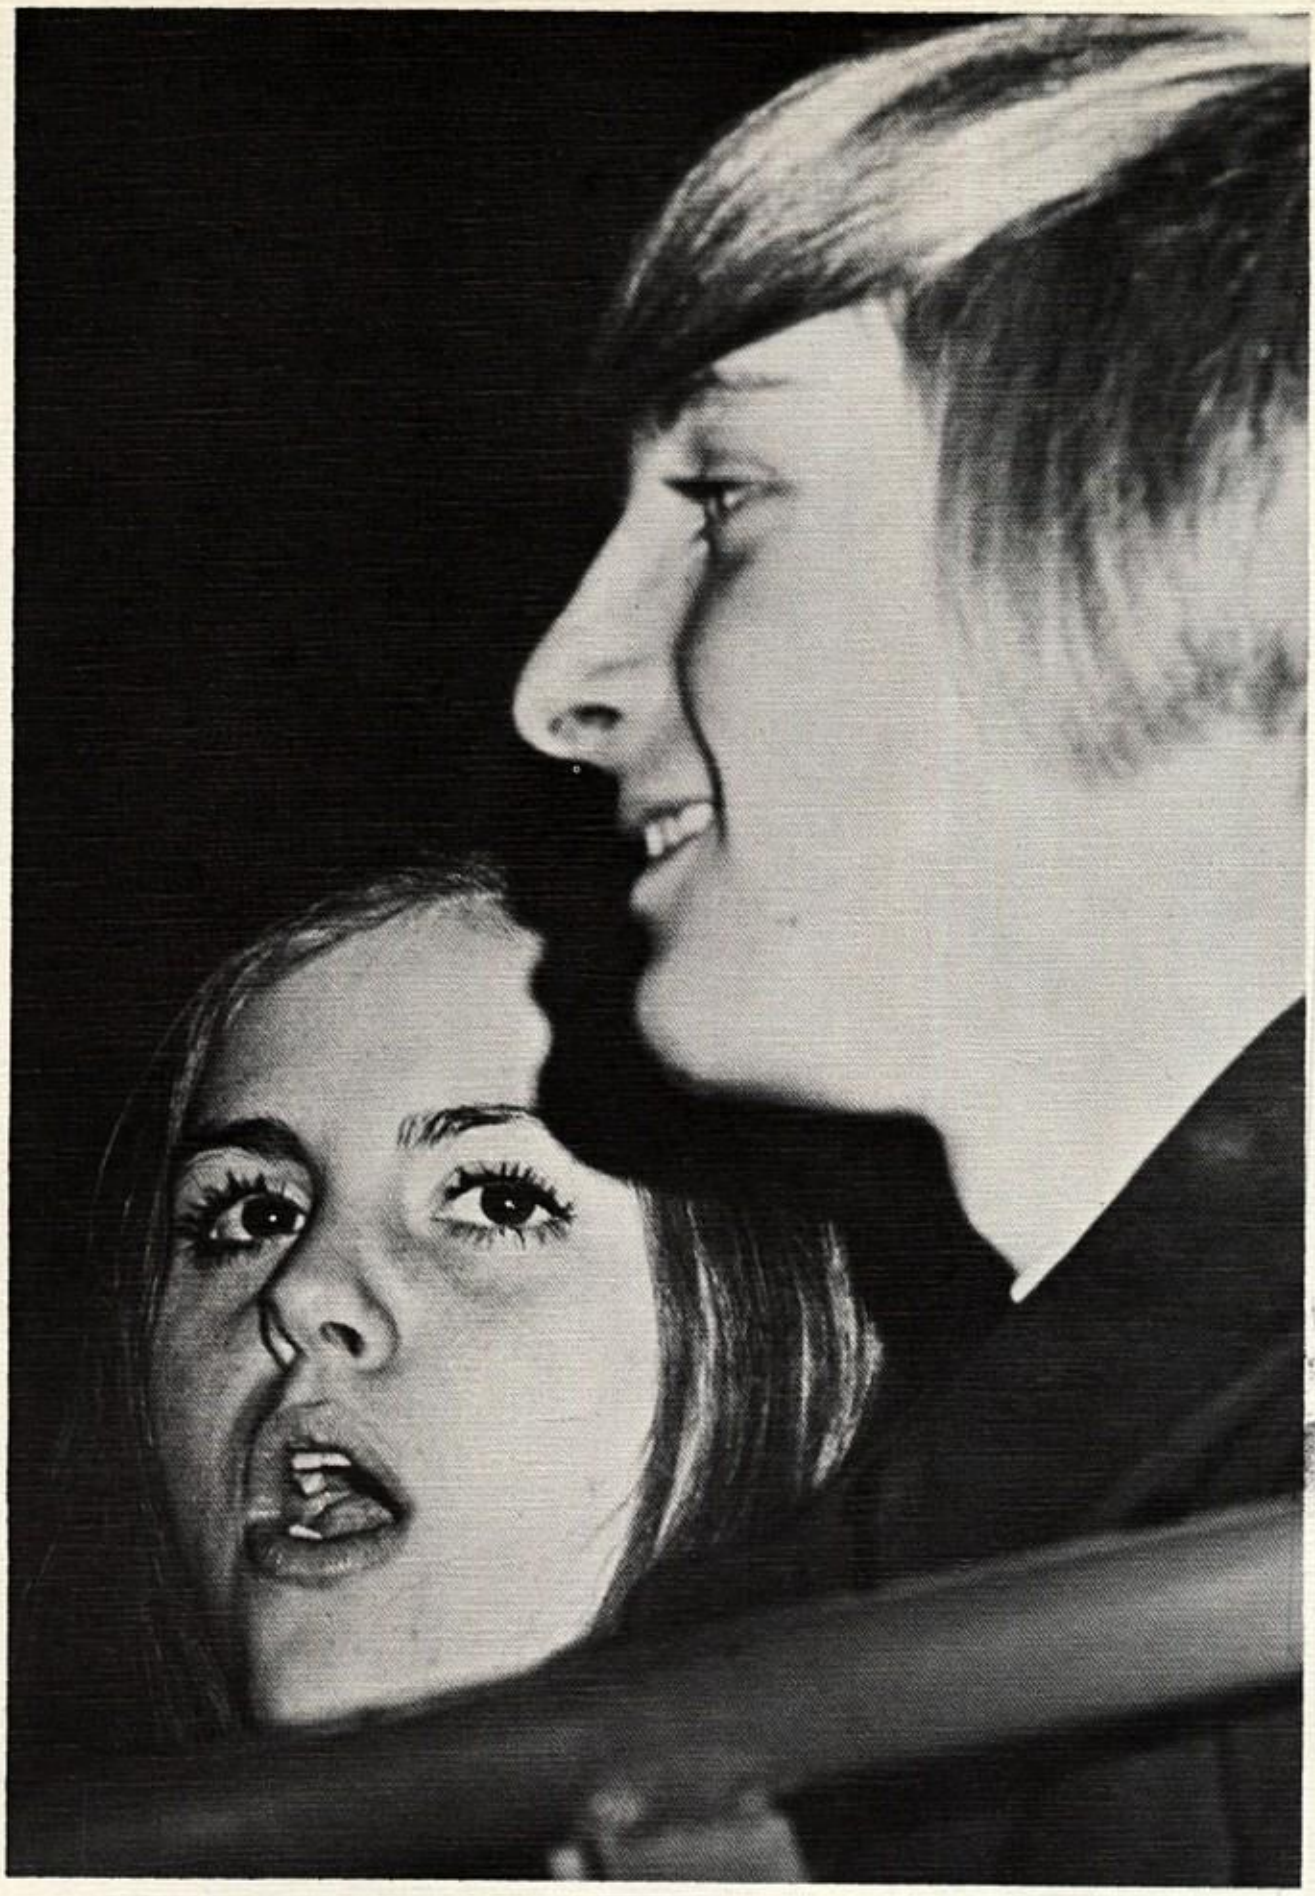




As I step out of my house for a walk in the cool, crisp, clear night, the sky is black, then, as my vision clears, a bright splash of Milky Way dazzles me. I am no longer afraid of the dark. The stars are my friends.

A Sophomore





If you can, look for the moon, right after sunset. Look above it and there you will see my star, the first one in sight.

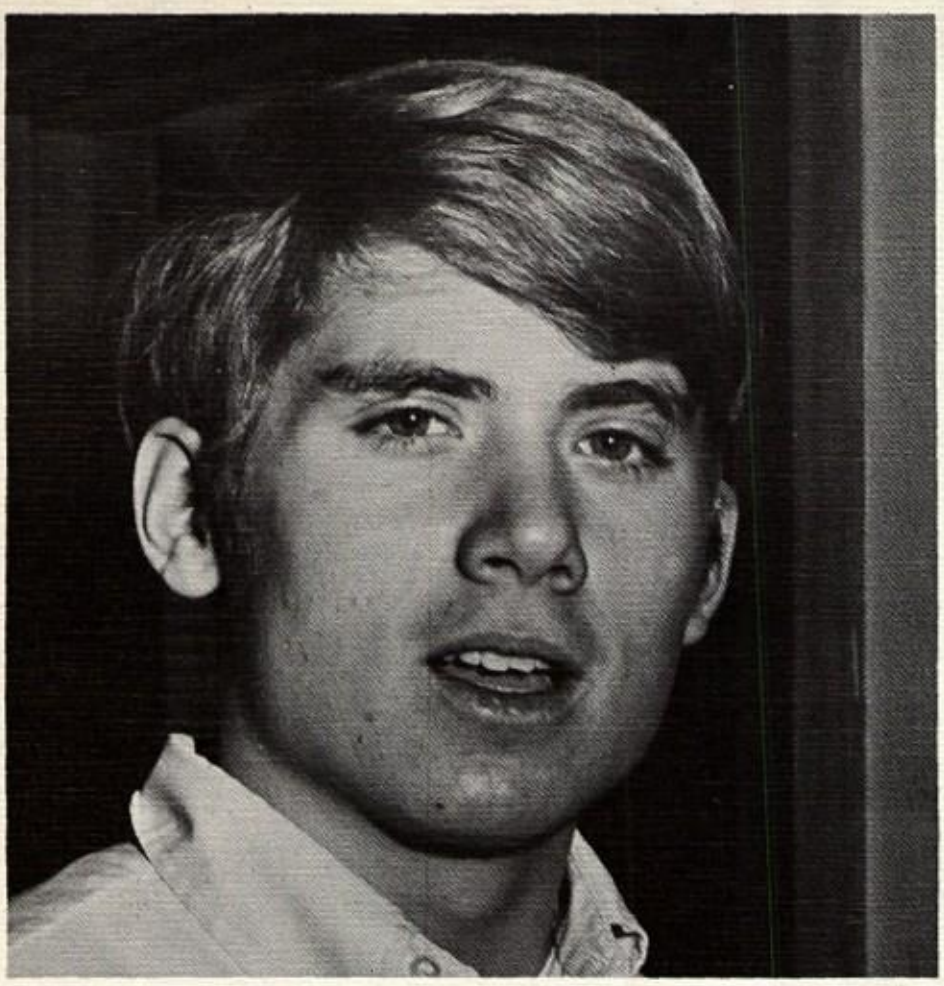
A Senior

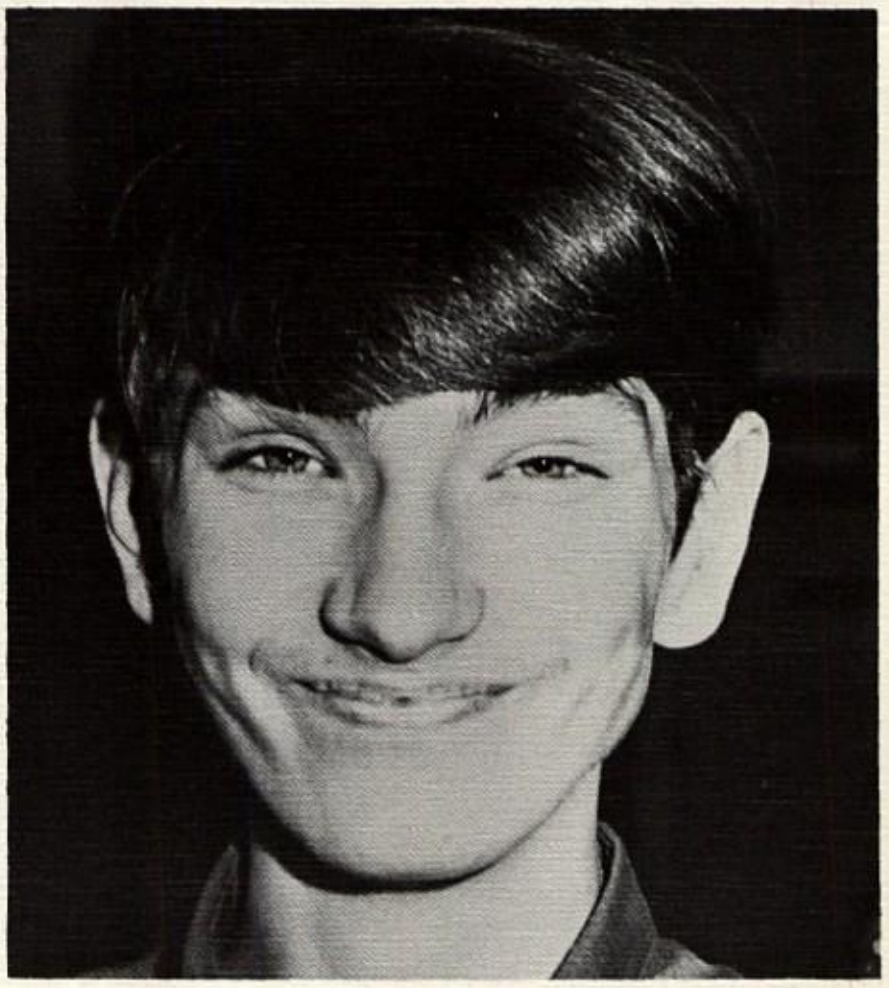
Throughout our lifetime we are reaching for a distant star, a remote goal to achieve.

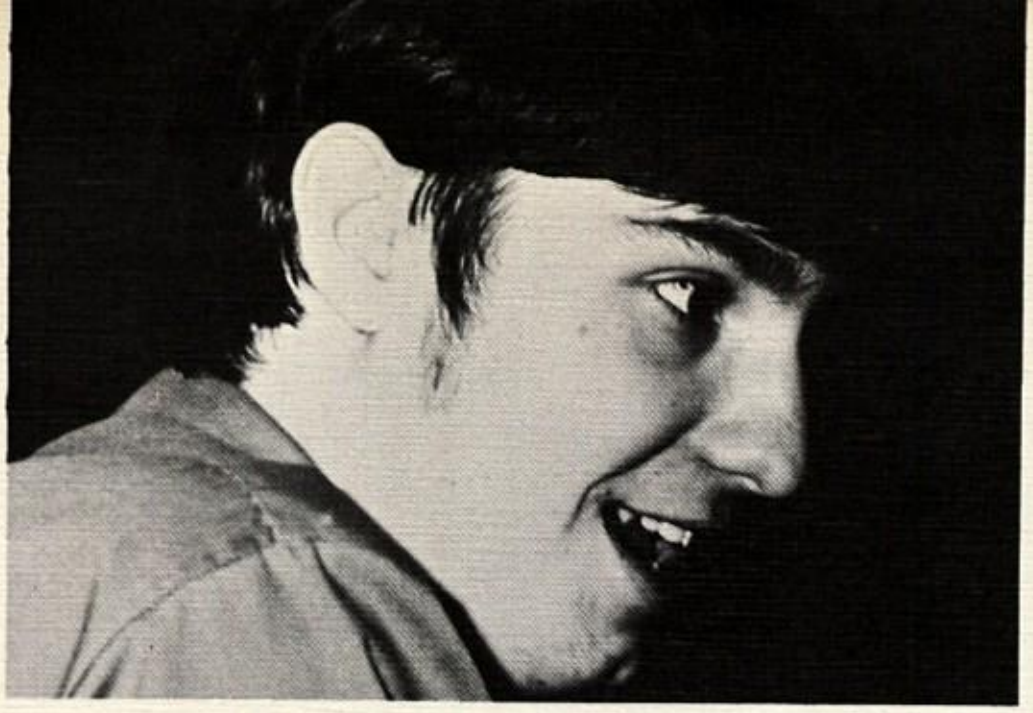
A Senior

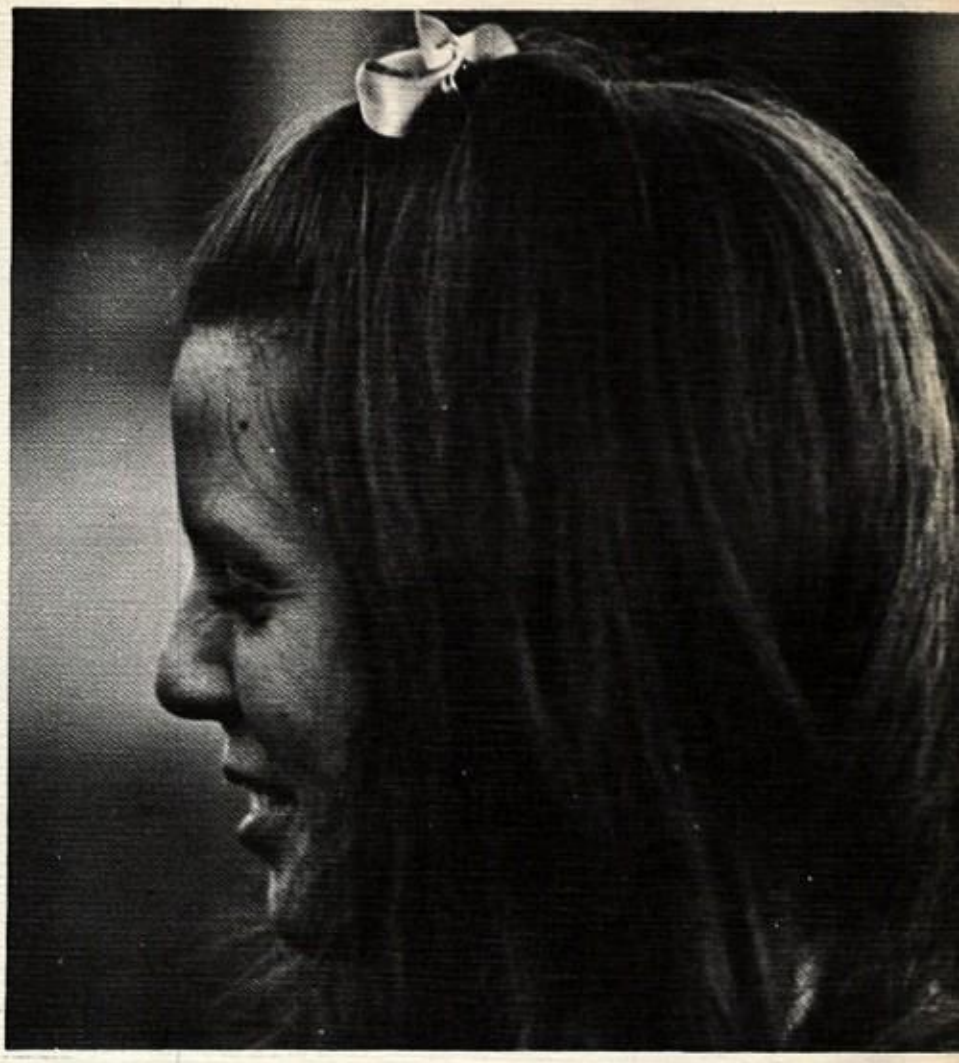
My star is being myself.

A Senior



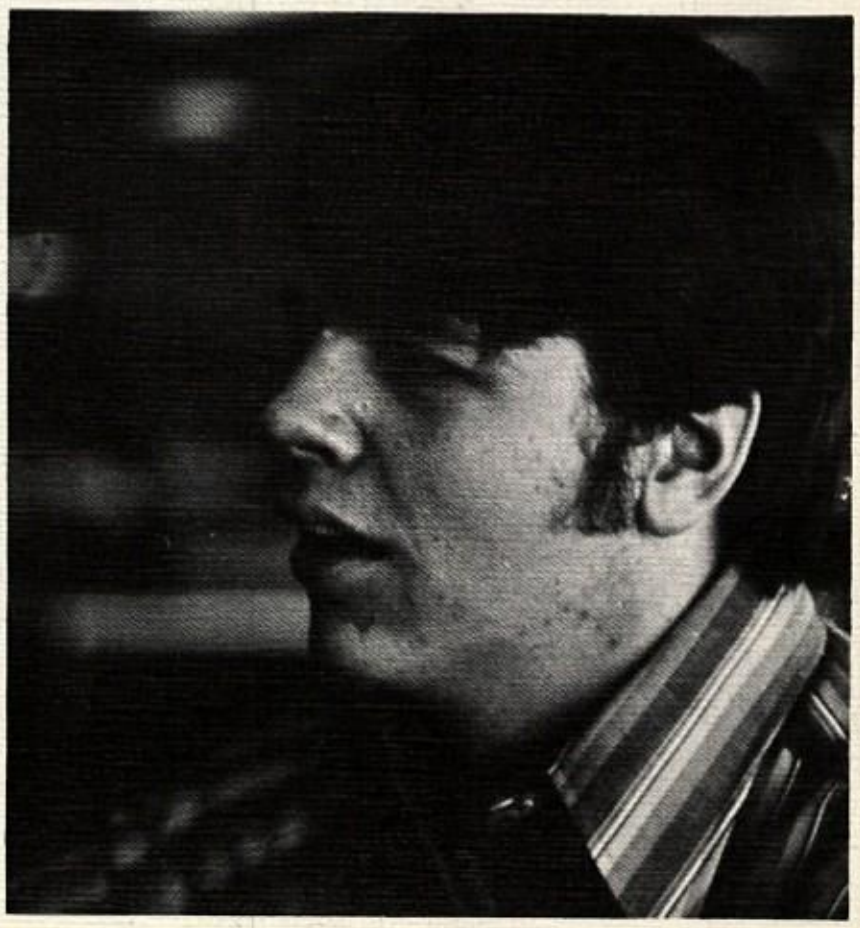






Stars are what make a night what it is.
They make you feel insignificant
amongst the unmeasurable vastness
of space and time, or make you long
to adventure into the unknown. Stars
stimulate imagination. As you sit there
staring in the bleak, you are convinced
you see a figure, or you see people,
just like you who are wondering about
your own star. Then you wake up...

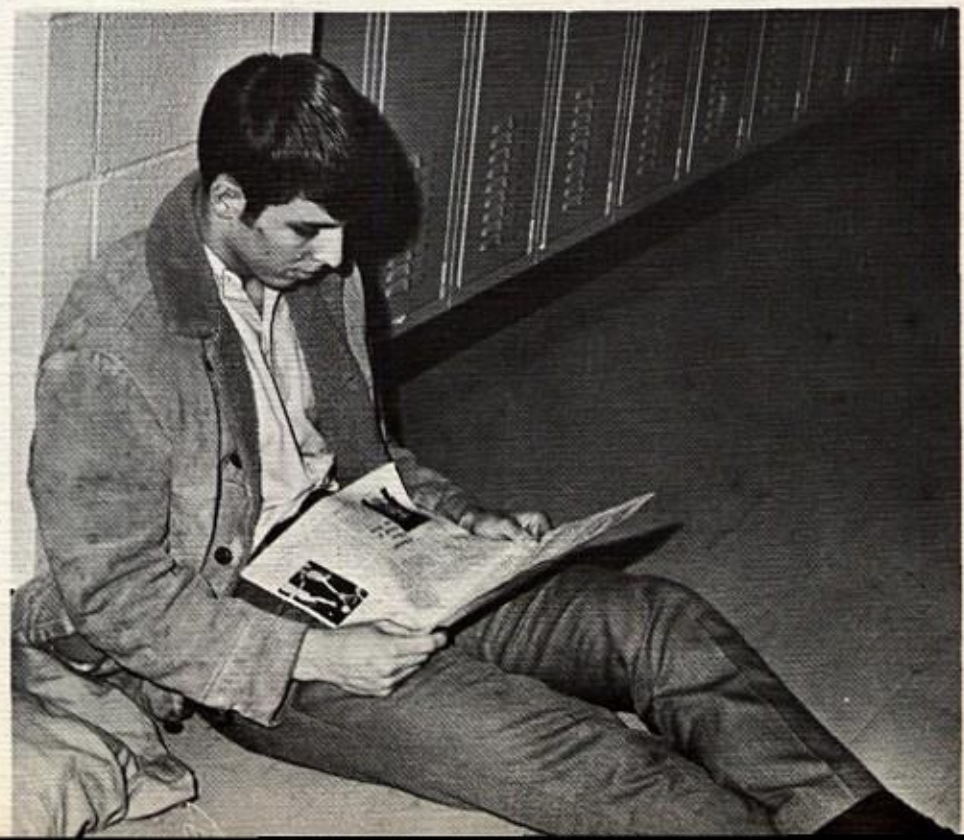
A Sophomore

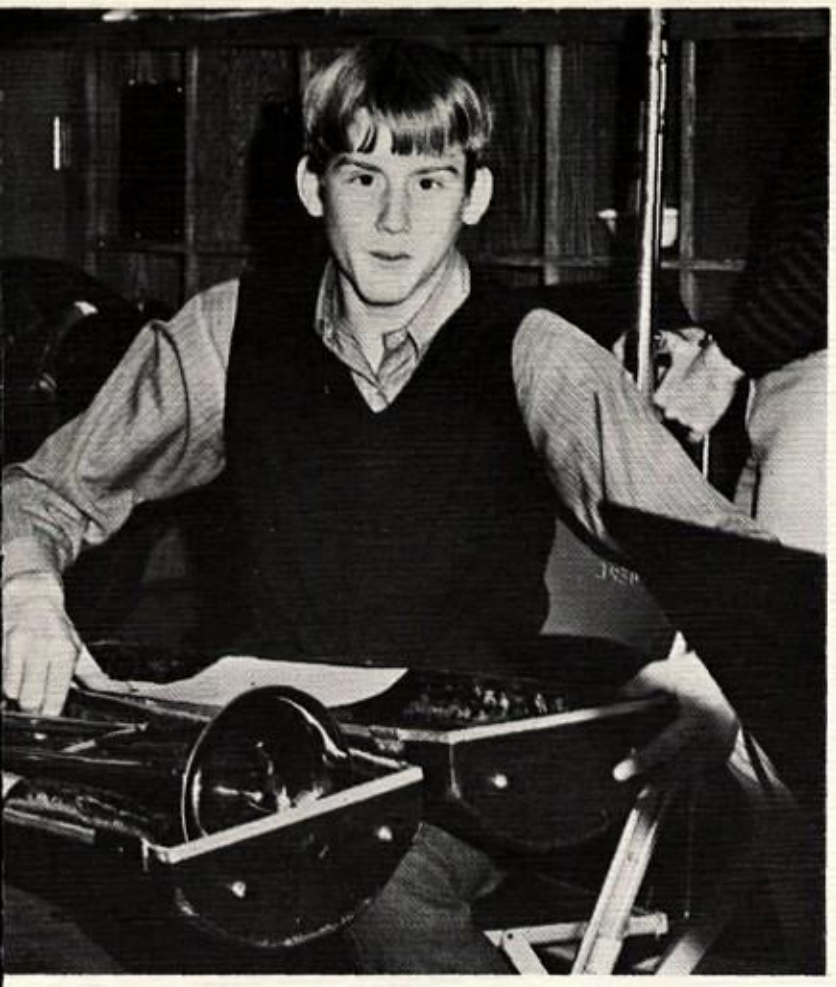


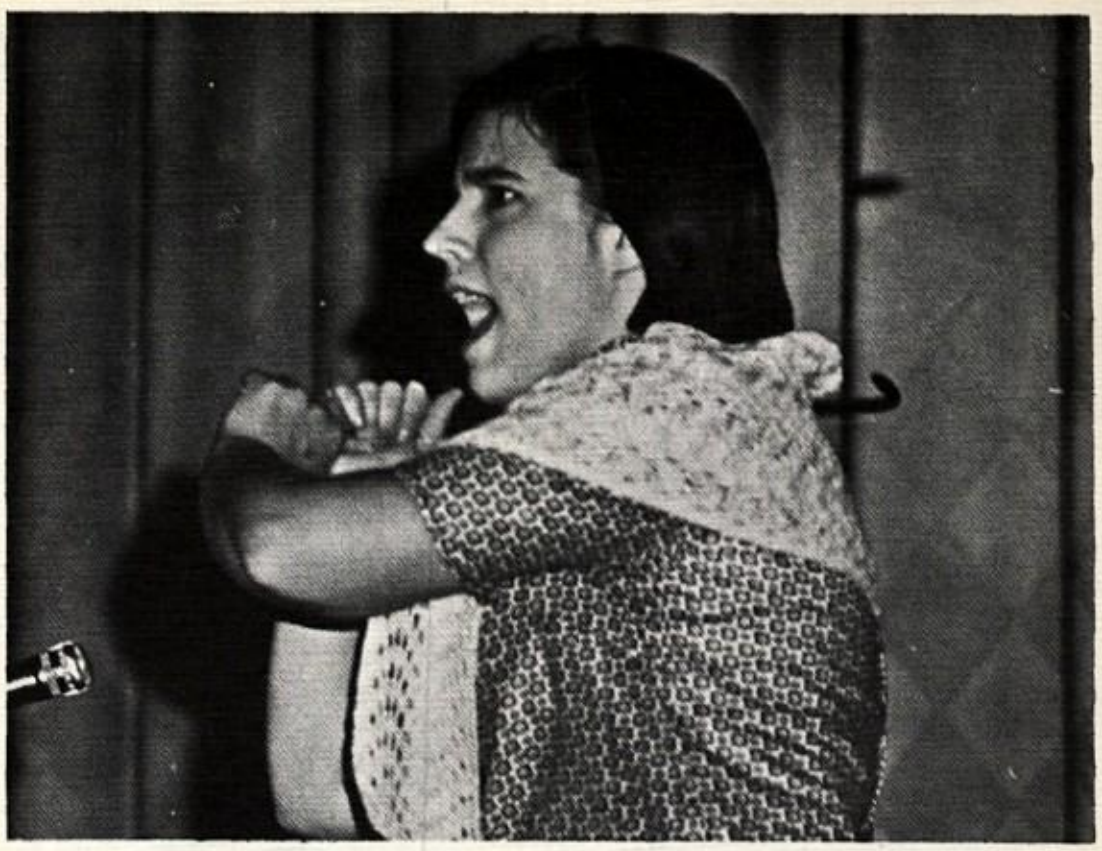
My friends are the stars.
A Junior

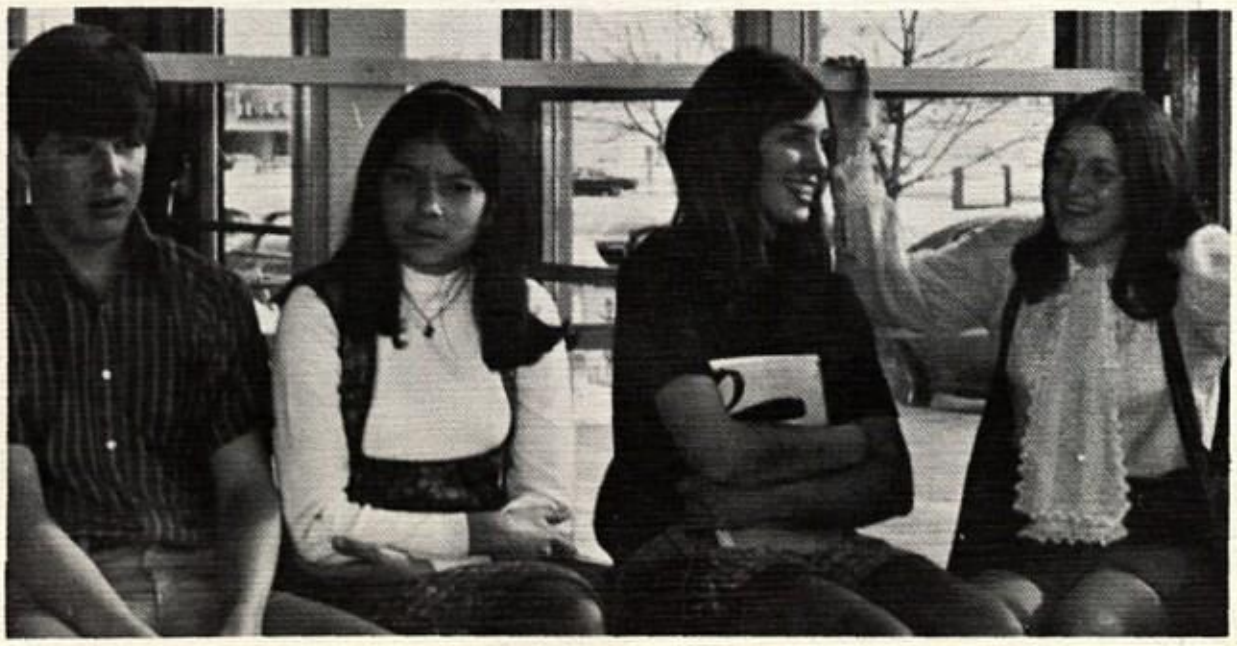
Man will always be a little awed by the heavenly bodies called stars.

A Sophomore









I stand among the stars and gaze down upon the filth and loneliness of the world below. But I grow tired of this and become fascinated by the stars that surround me.

A Senior

Sentiments

A dark, lonely silhouette against the moon stands gazing at the twinkling stars. She stands dreaming of what the future will hold for her. On this small hill, she can escape her responsibilities and the pressures of life and relax in her private world. She can reveal her desires to the stars.

A Senior

Memories of the Mardi Gras—

Mardi Gras, a joyous, festive celebration in New Orleans, was the theme of Galesburg Senior High's 1970 Homecoming. The excitement began with the planning and building of the class floats and the decorations for the assembly and dance. Great anticipation and enthusiasm were displayed as everyone worked towards completion of their tasks. The real celebration began on Thursday afternoon with the King and Queen's coronation and the presentation of the court. This year Sylvia Trimble and Rick Main reigned over the festivities with Amy Gamble as Junior Attendant and Karen Martin, Sophomore Attendant. That night a large crowd gathered on Main Street to view the Mardi Gras parade as it proceeded towards Van Dyke Field. There students congregated for the traditional bonfire, snake dance and the burning of a "Quincy Blue Devil." The floats were judged and the winners announced. The Seniors took first place with the theme "Streaks Reign Supreme" and the Juniors came in second. Friday night brought the football game with Quincy. G.H.S. was defeated 7-0 in the final minutes of play. All things must come to an end no matter how wonderful and thoroughly enjoyable they are. Galesburg brought its weekend to a close with the Mardi Gras dance. The decorations of a large dragon and a model of an old New Orleans street added to the atmosphere of the dance. The couples danced to the music of the "Next to None," a rock blues band. Intermission entertainment was provided by Tori Haring on her guitar. The memories of this festive occasion are beautiful ones of another very successful G.H.S. Homecoming.

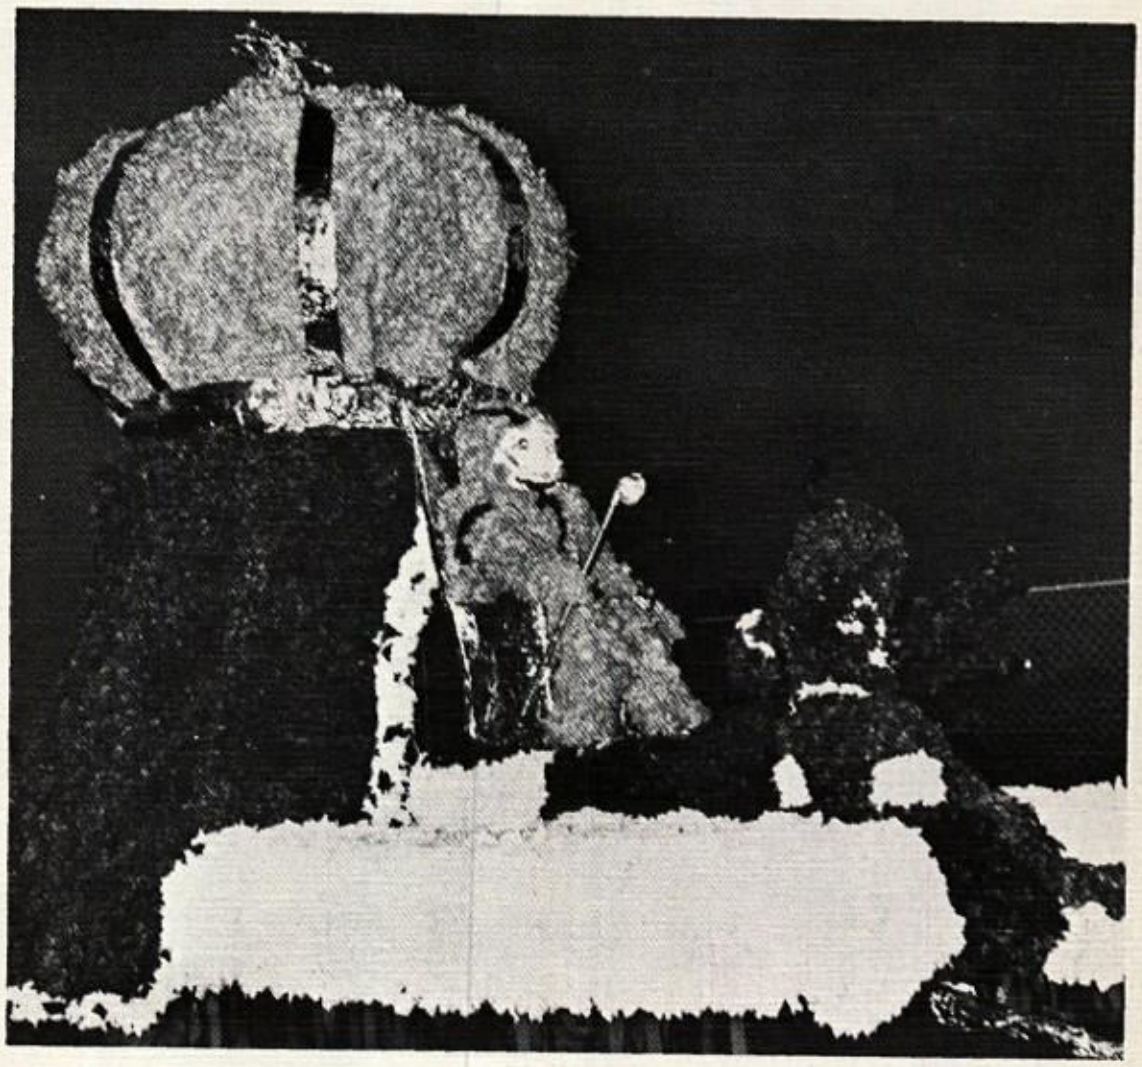
Junior Attendent Amy Gamble and her escort, Bob Baker

Sophomore Attendant Karen Martin and her escort, Kit Wilcox

Bonfire, Balloons, Royalty, Pomps...

G.H.S. descends to the Devil.

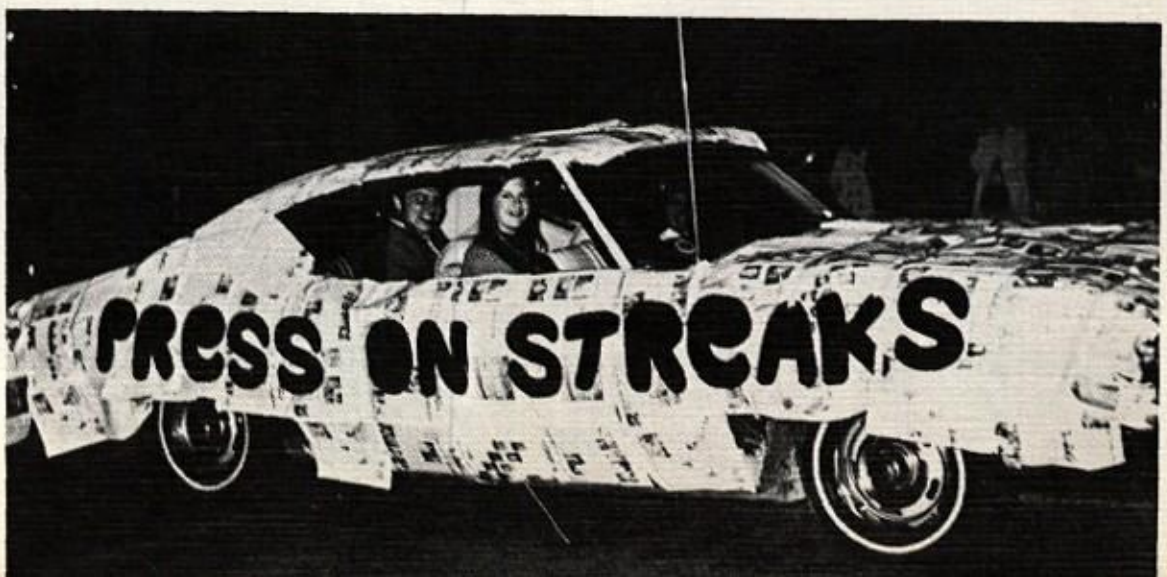
Here comes Excedrin Headache #71.



The Senior float captures first place.

They've finally found a use for the Budget.

Has anybody seen my date?

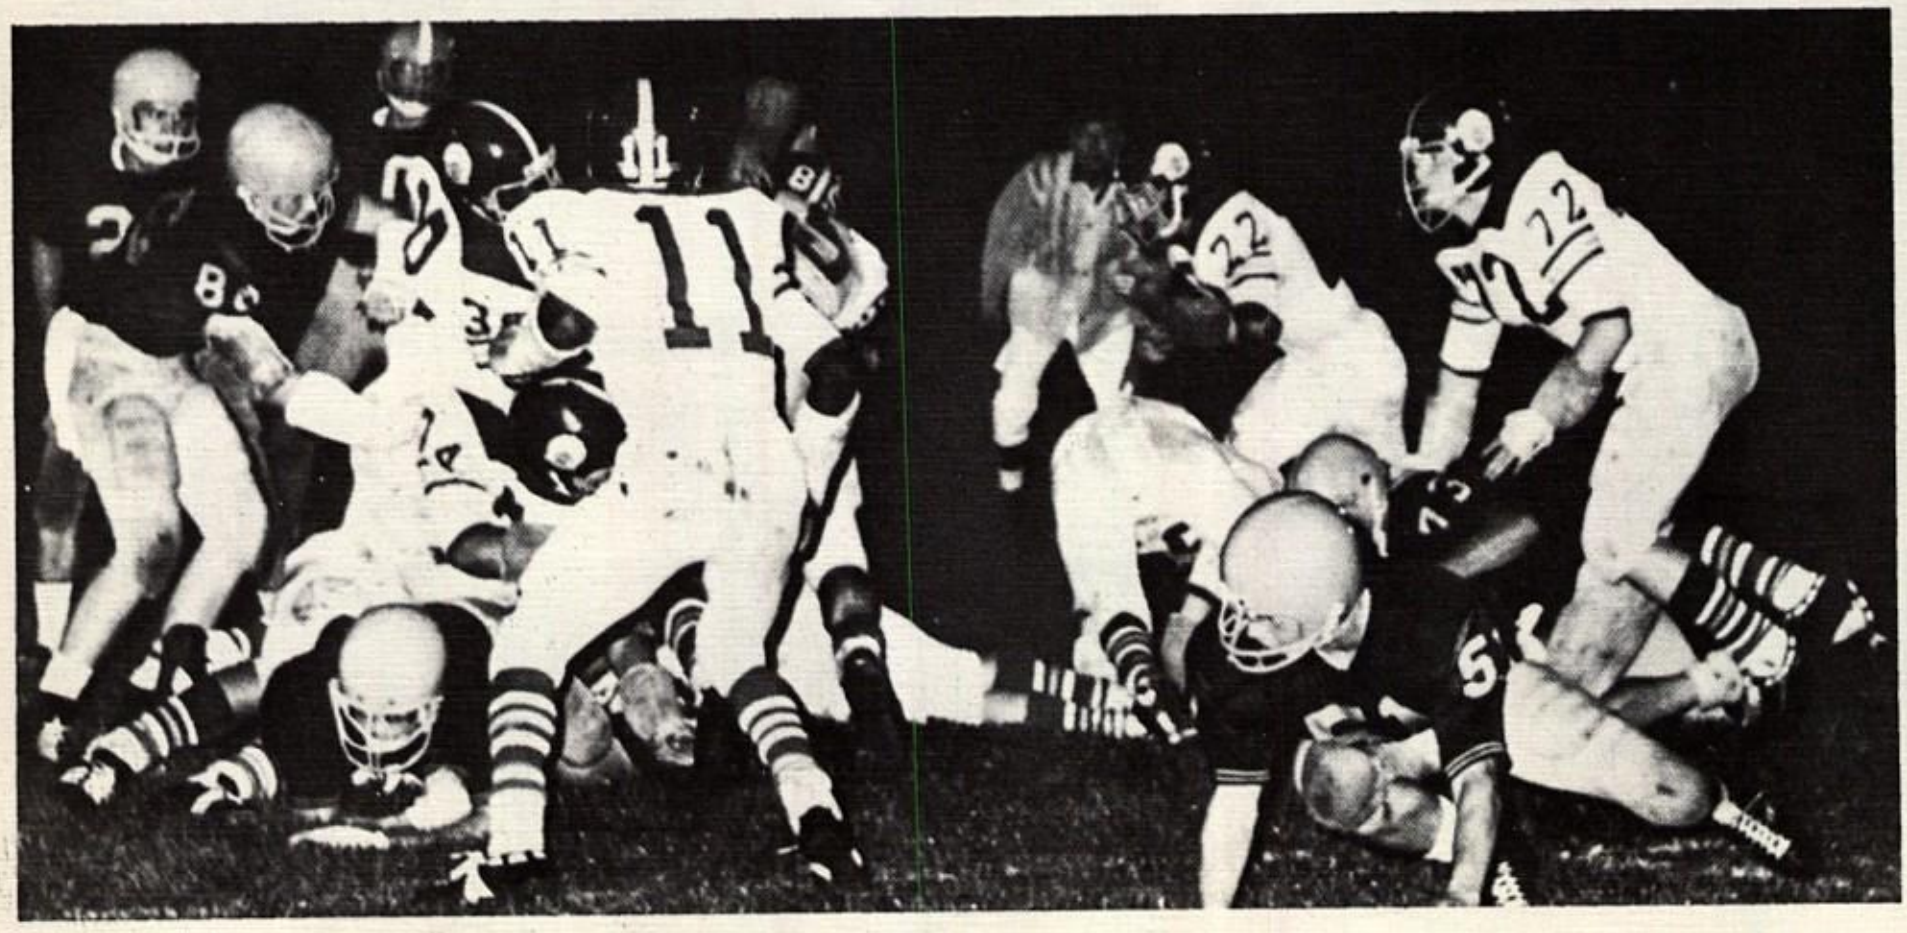


And the band marched on.

The 1970 Homecoming Court.

There was more in that glass than punch!

Cheering, Dancing,

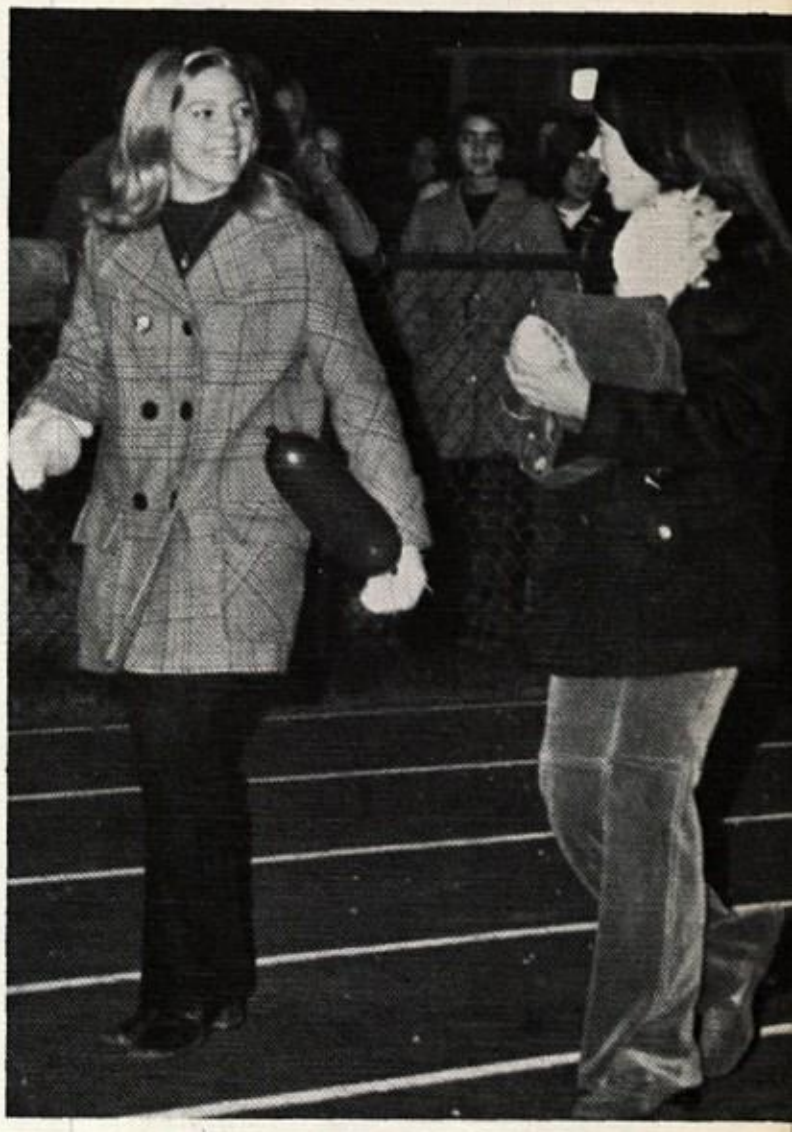


Has anybody seen the ball?

The Juniors descend to second place.

The Sophs were unmasked.

But Syl, this is my first!



Cold Feet and Hot Coffee...

Hey, there's a girl down there!

Gosh darn, we're out of gas.

How come the girls are getting all the applause?

Comedy and Drama

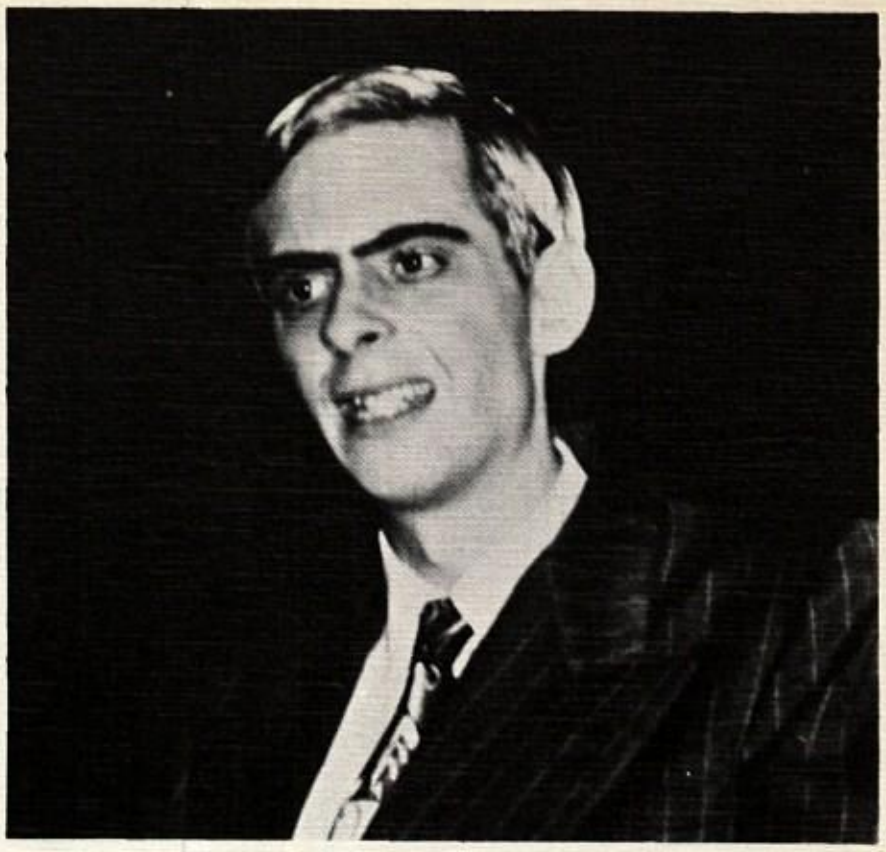
If you don't come out of that bathroom...

"Plaza Suite"

Mrs. Hubley—Julie Crisman
Mr. Hubley—Wendell Unsicker
Mimsi—Jan Cable Borden—Bob Erffmeyer

One broken arm, one rented ripped suit...

We stand around for five hours and she comes out for, "Cool it"?



Put it out of your mind, Eddie, can you do that?

Share the Fall Play Stage

You animal, on your knees to me!

You think I am so desperate?

This year, G.H.S. opened up its fall season with two one-act plays, View From the Bridge, an intense drama, and Plaza Suite, a light-hearted comedy. In "View From the Bridge", the Carbones take on an even greater responsibility than they had been expecting by harboring two illegal immigrants in their home. Their ward, Catherine, falls in love with Rudolpho much to the dislike of Mr. Carbone, In "Plaza Suite", Mimsi, the bride, has locked herself in the bathroom and refuses to come out for the wedding. Have you ever thought of the words "Cool it!" in relation to a marriage? Those words made the climax to the well performed play, "Plaza Suite Act III.

"View from the Bridge"

"Students Work Together,"

Has anybody seen...

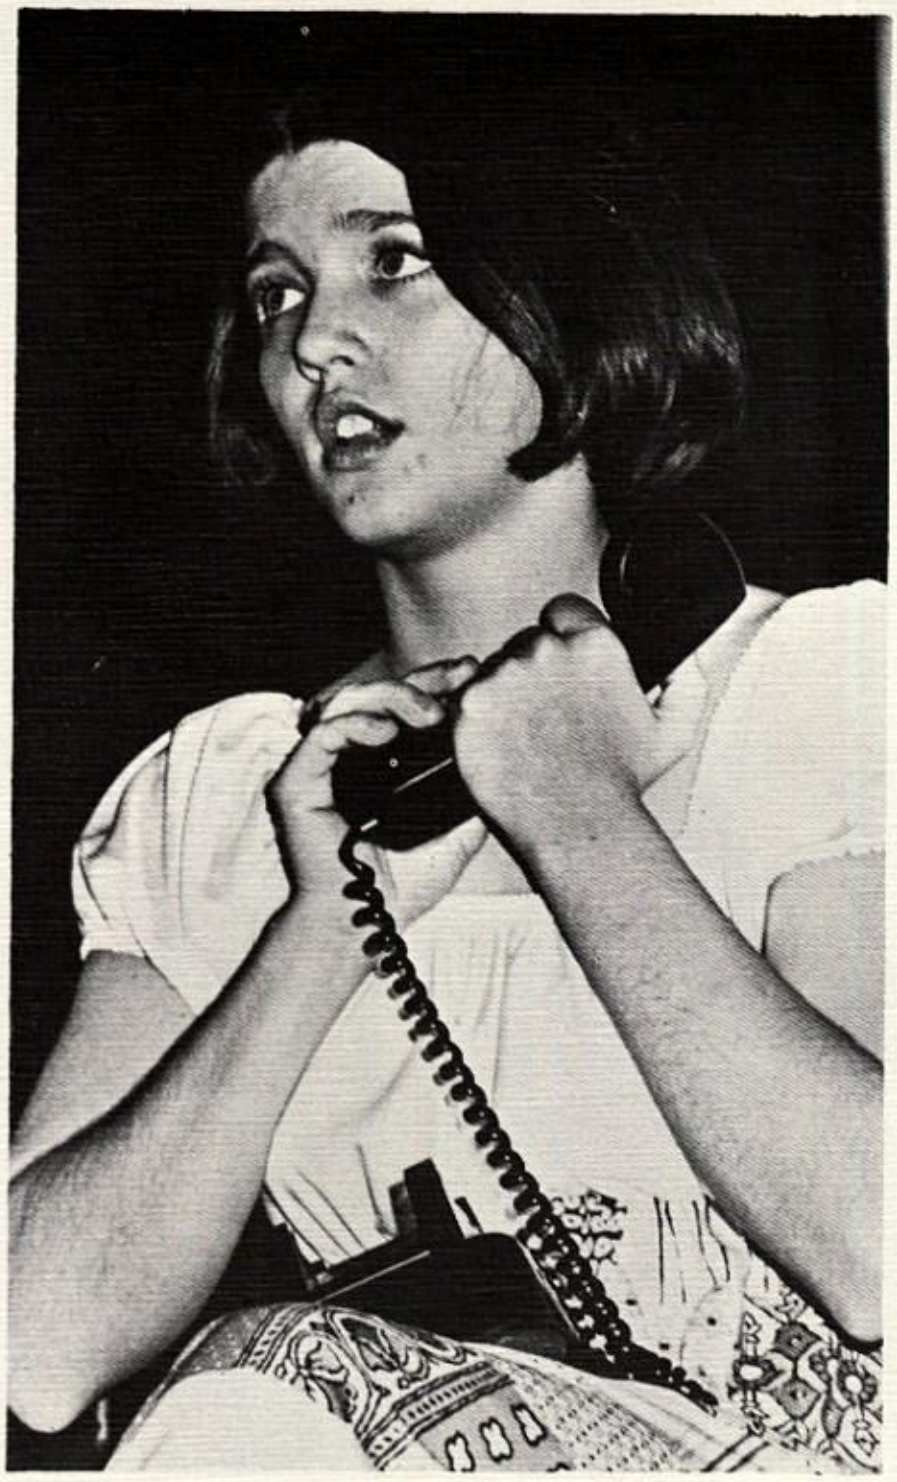
You'll never find him that way, Syl!

Modeling the look for this year...

You're a real theewtie!

Why don't you come up and see me sometime.

for the Show Must Go On



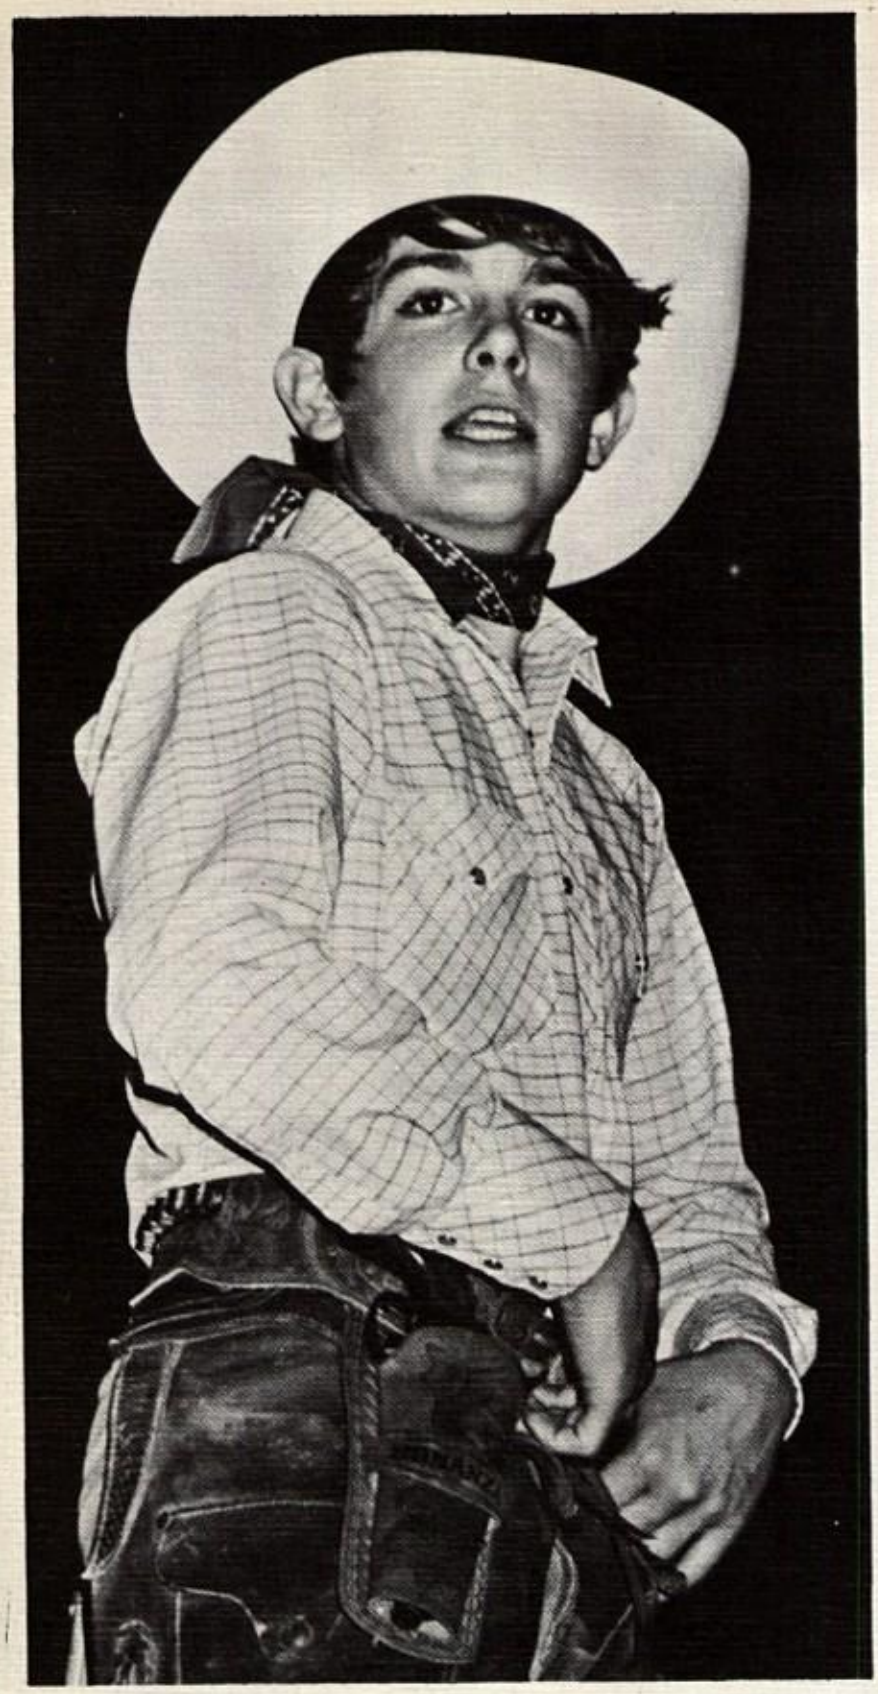
I didn't call him, Mother.

The 21st and 22nd of November were the dates set for the 1970-1971 Reflectavue. The theme this year was "Those Were the Days." A great deal of work and excitement went into making this year's traditional Reflectavue a big success. Many thanks should be extended to all people who contributed their time and efforts to make Reflectavue possible. The Reflectavue has been a favorite form of entertainment for the audience because it offers such a variety of talents. There are the colorful dance lines, by all three classes, including a boys' kickline, musical exhibitions by the Stage Band, Kazoo Band, and Choral

One little, two little...

Girls with their mouths shut?!

selections by the various choirs at GHS. The Reflectavue is an excellent chance for all the students at the school to display their talents, while presenting excellent entertainment for the public. The Reflector Staff would like to take this opportunity to thank everyone for making this show possible.



"Kit" Carson arrives in Galesburg.

I run a tight teepee.

Reflectavue Draws

While the cat's away the mice will play.

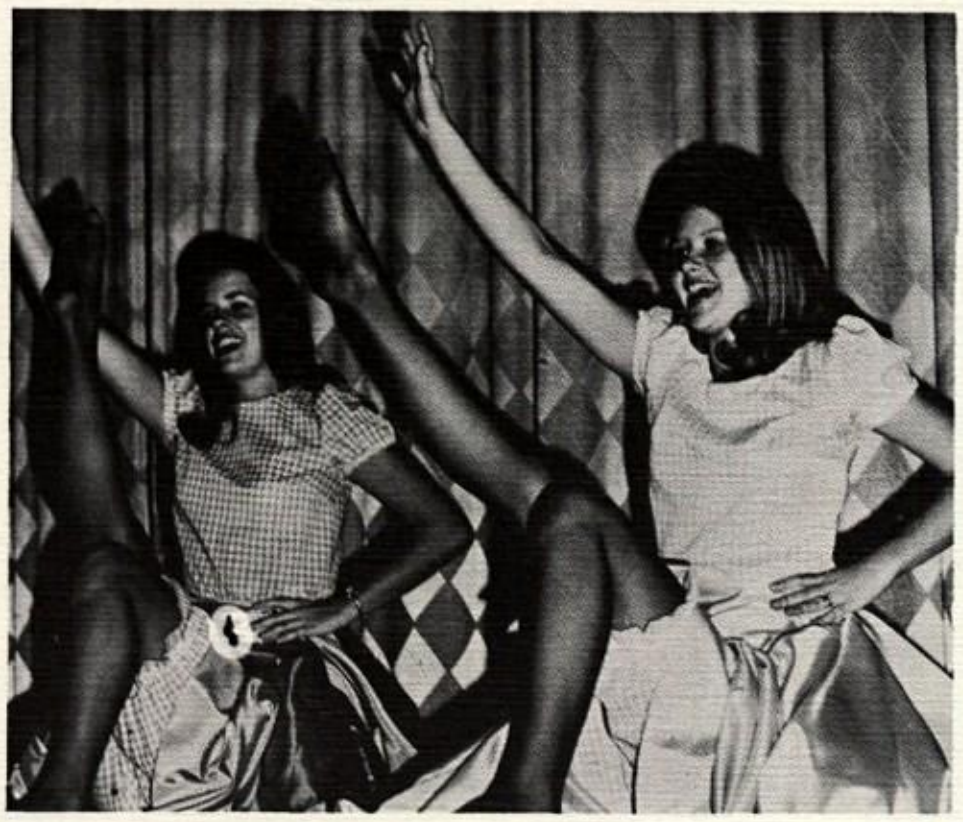
Stars are beautiful. They put people in different moods. Poetic, imaginative, romantic, and dreamy moods. They make your dreams so real that people wish that they could just reach out and capture a star for their very own. Hoping their dreams to come true.

A Junior

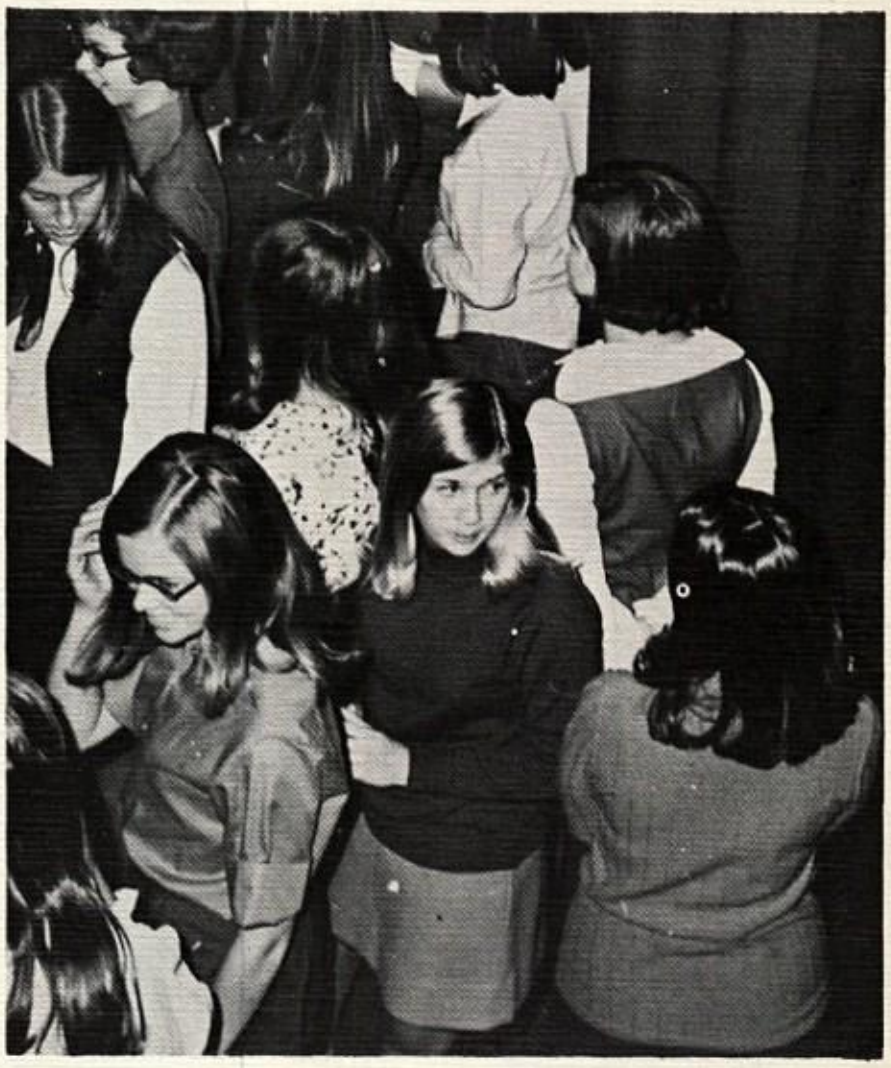
Oh, really Krista!

Those were the days.

a Capacity Crowd



Hi mom!



Would you believe we are organized?

Did you see the way that guy in the first row looked at us?

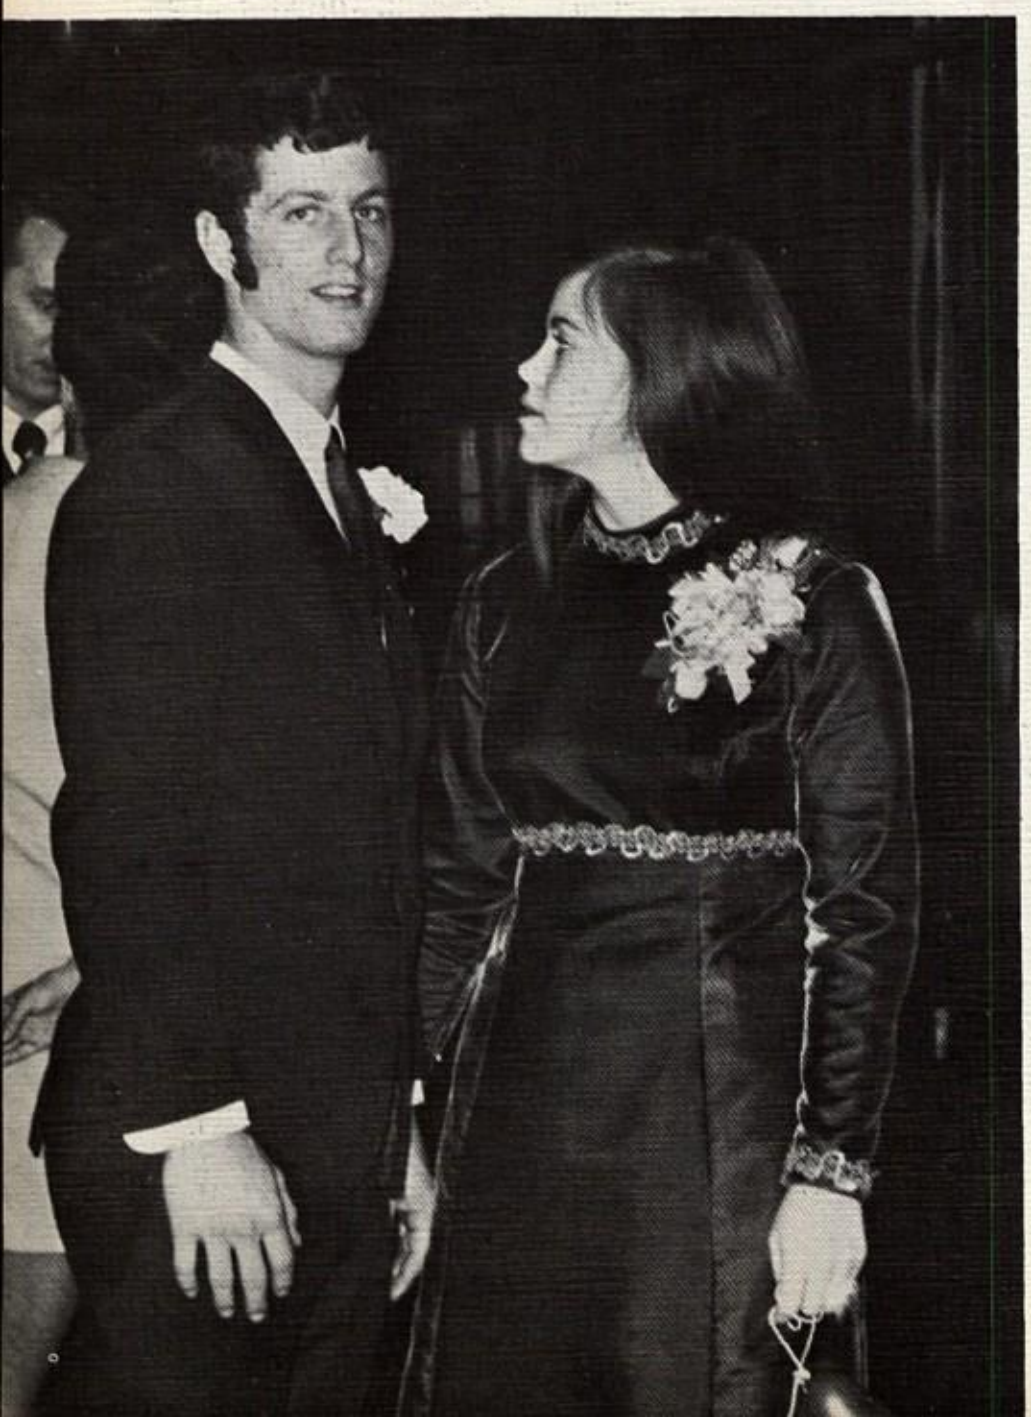
Darling!

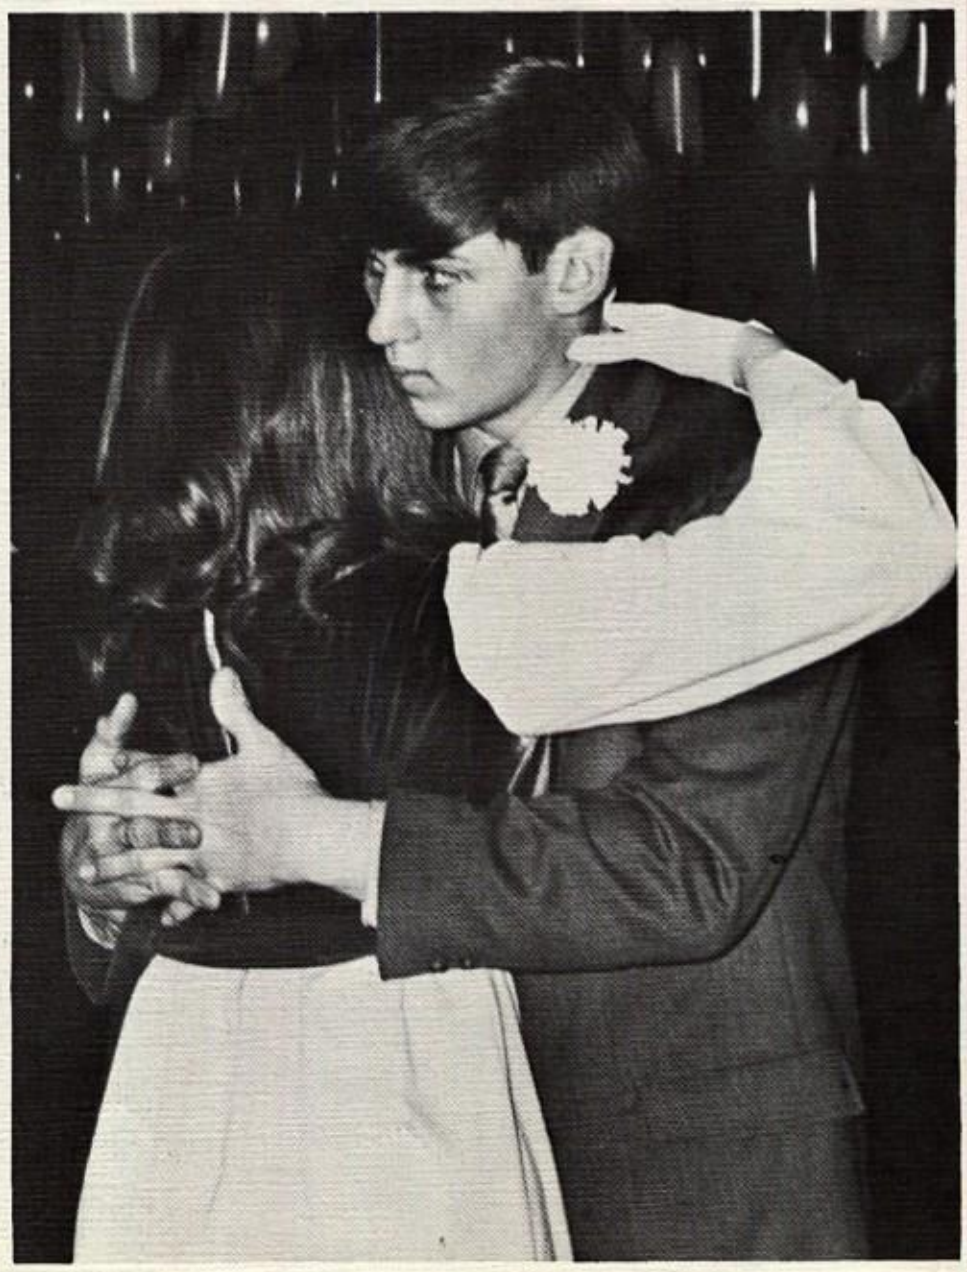
I think we're being followed....

You don't really mean that.

Couples Dance Under the

I didn't know you had a detached earlobe.





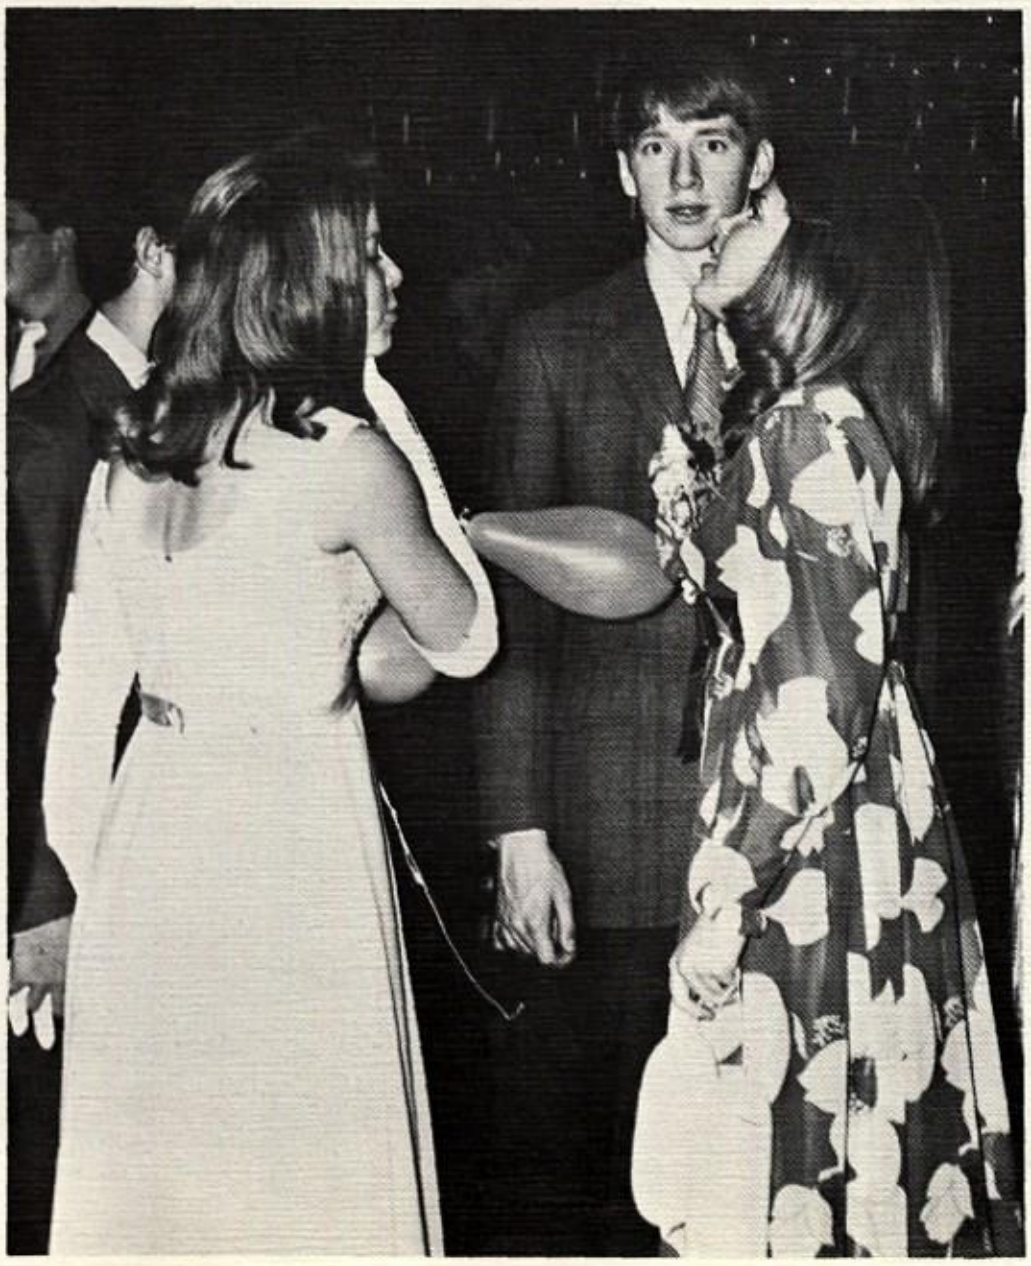
So that's the guy!

Georgia Scott, Queen, and Bill Kirkendall, King.

Winter Formal was a night to remember especially "Once in a Blue Moon". Going along with the theme, blue moons were spaced around the cafeteria, one under which Bill Kirkendall and Georgia Scott, King and Queen of the formal, were crowned. Ray Foster was the performing band and at intermission, Ronnie Smith sang a solo while Jeff Sandborg and Gloria Bohan sang and accompanied themselves on the guitars. The night was truly "Once in a Blue Moon."

Rays of the Blue Moon

Good grief. It's Superman!



Godsil, don't you dare!

Student Directs Mid-Winter Play

A first for GHS was the mid-winter play, "Goodnight, Mrs. Puffin." Although Mr. Krause was sponsor-advisor the play was directed by Tori Haring with the help of another student, Dean Hawthorne. The plot centers on the amazing predictions of one Amelia Puffin. One week before the wedding of Jacqueline Fordyce to Victor Parker, Mrs. Puffin pays a call on the Fordyce family and completely flabbergasts them by calmly stating that the wedding will not take place.

What do you mean she's not your type?

Try a little American technique, old boy!

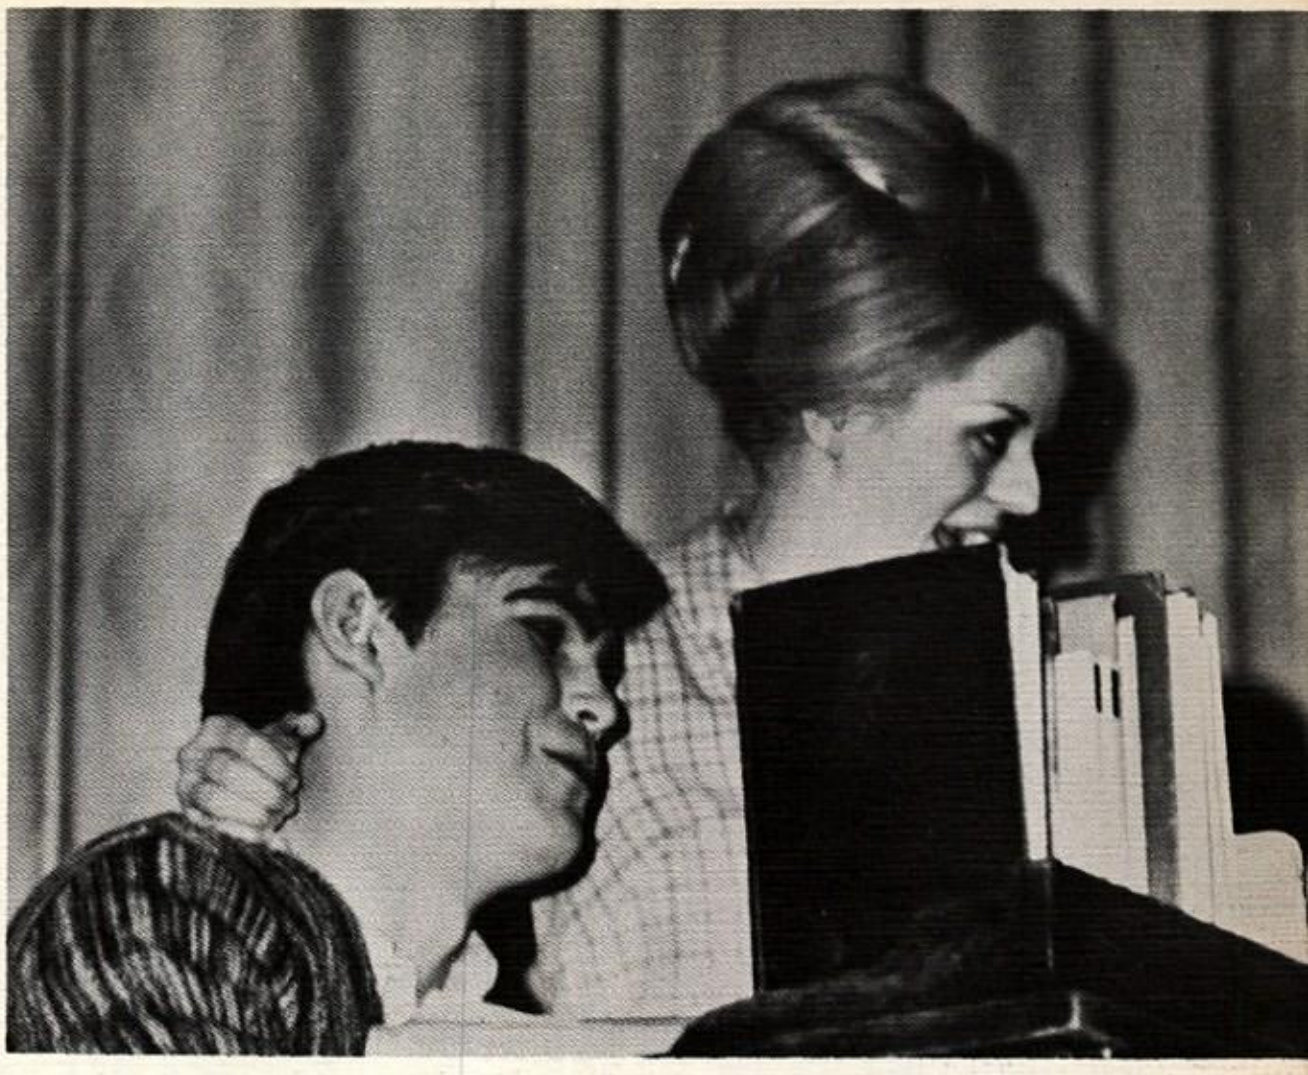
Ahhhhh! It's Conrad Birdie!!



Albert and Rosie work on Mama to dissolve Almaelou.

Bye, Bye Birdie Produced by A Cappella

I'm on my way, Lou.

This year Bye, Bye Birdie was presented by the GHS A Cappella choir for its annual musical. The story develops when Conrad Birdie goes into the army and Rose Alverez is climbing all over Albert Peterson's back to make him dissolve Almaelou Music Corporation in spite of his overpossessive mother. In accordance with Rose's plan, Conrad journeys to Sweet Apple, Ohio to bestow his one last kiss upon Kim MaCafee, a devoted member of the Conrad Birdie Fan Club. Trouble arises when Kim's boyfriend, Hugo, decides not to let the kiss take place. When Rosie and Hugo plot together, some exciting events take place. But all ends well when Conrad and Mae Peterson leave Sweet Apple, Hugo proposes to Kim and both Albert and Rosie realize they're in love. Jan Cable was originally cast in the part of Kim but due to a case of mono, the part was accepted by Tina Behrents. Thanks to the enthusiasm of the students and responsive audiences, the play was a great success.

That's right. Conrad Birdie volunteered.

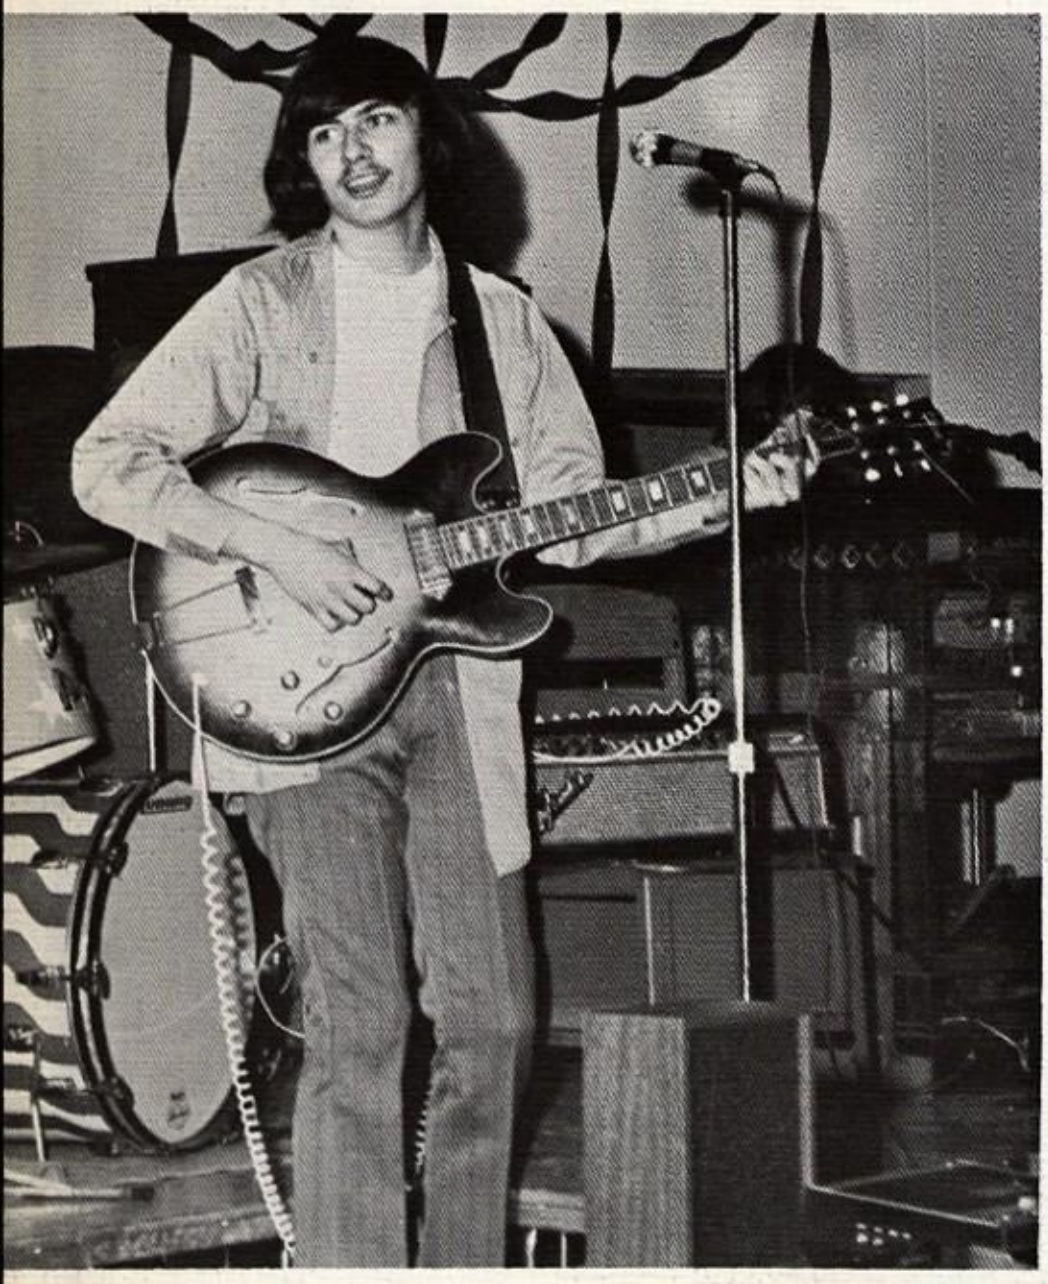
Got a Favorite Star? Put a Penny in his Jar

Penny Prance—annual event of the super stars. Got a favorite star? Throw a penny in his jar and see him crowned king for doing his favorite thing. This dance, sponsored by the G.A.A. is held after the last home game of the basketball season. The Freedom Field provided the tunes for the Streak fans while Otis Porcia, Silver Streak star, was crowned king. The voting took place in the main hall with each penny representing a vote and at the conclusion of a given time, the athlete with the most pennies wins.



Larry Lucas, one member of the Freedom Field.

The cage team for the faculty.

The teachers received a good workout this year when they were challenged to two basketball games. The student teachers defeated the faculty team before one of the largest audiences the faculty games have had. On the 29th of March, the faculty put up a great fight against the winning intramural teams. The final score was Faculty 56, students 57.

Faculty Puts Up a Fight

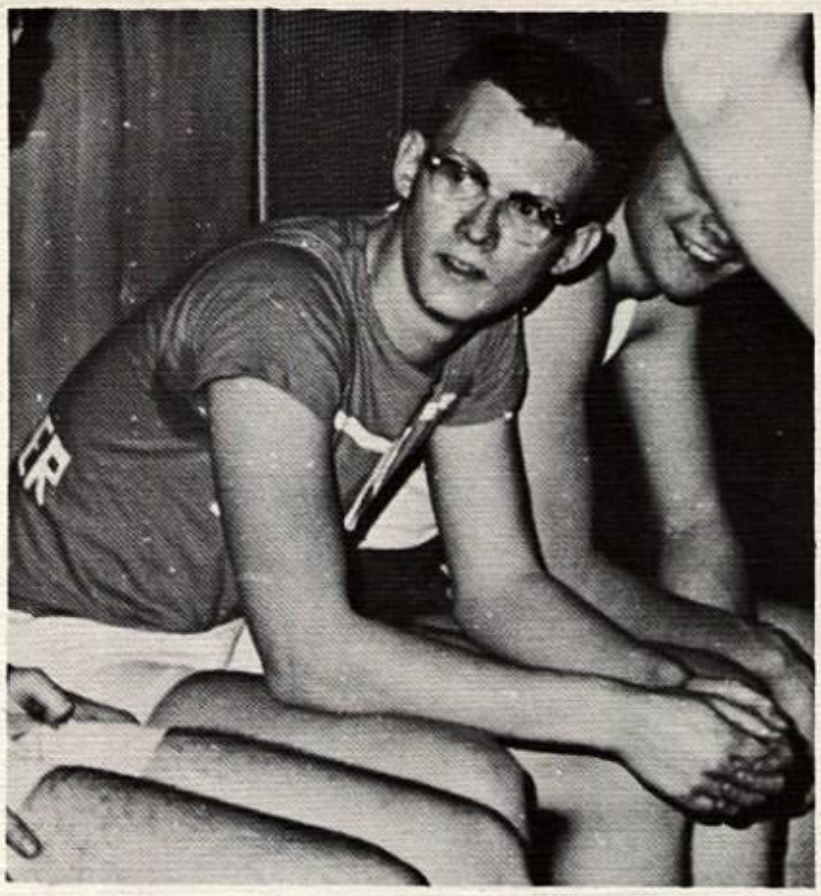
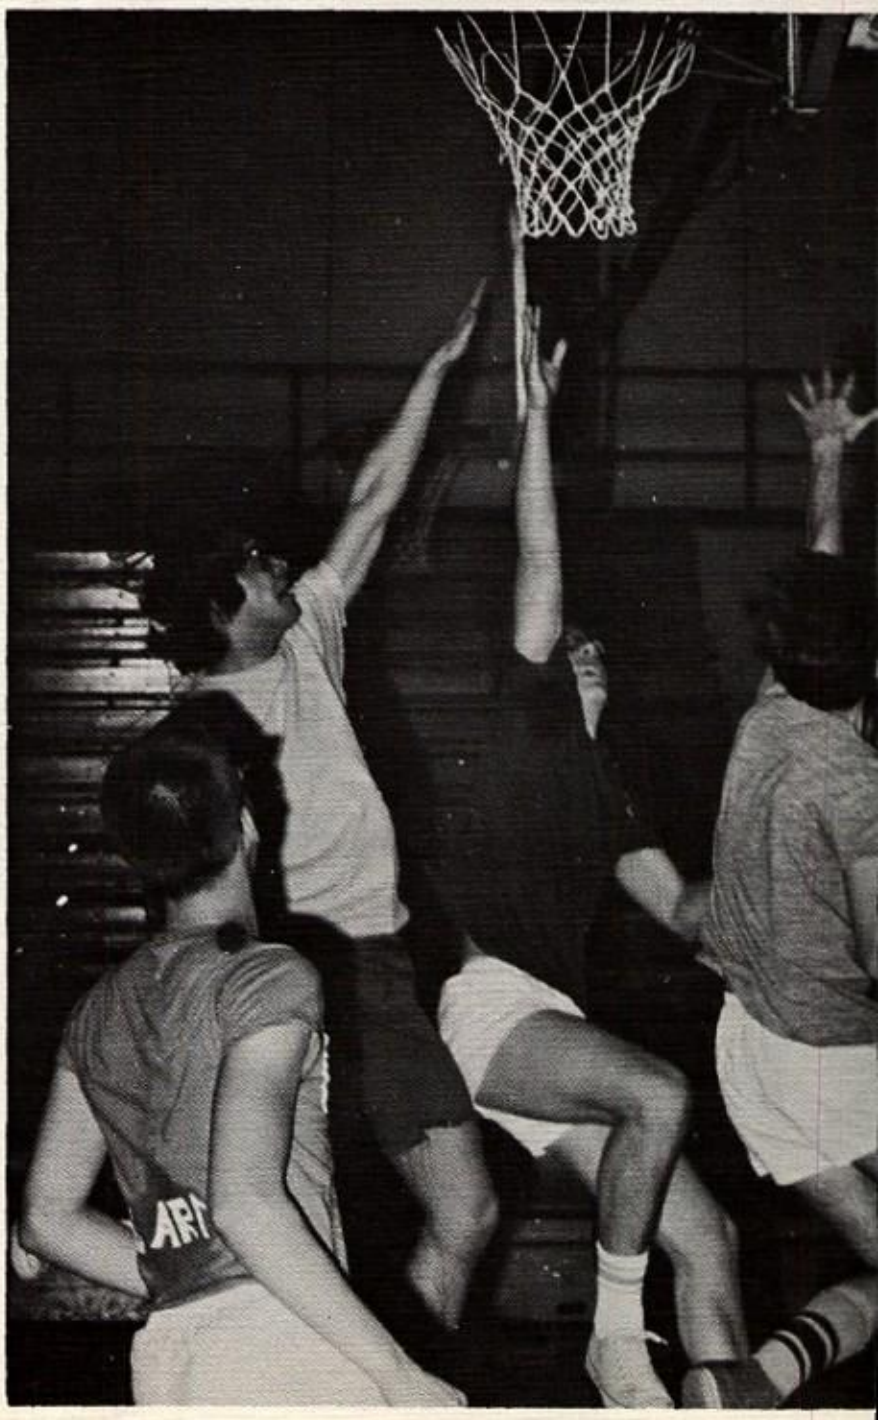
Reflector Marches Past Stage Band

With the coming of mid-March, the great REFLECTOR basketball squad, a die-hard bunch of roundballers, took to the floor once again after two agonizing losses earlier in the season to the Budget (33-31) and to the Sly Sickle (104-62). Of course, the scores were often disputed as the IHSA officials just could not make it on the nights we played. The third game, however, turned out differently, with a magnificent 56-55 win over a tough Stage Band team. During the season, the REFLECTOR's two non-staff players, Seiberlich and Betsworth, turned in tremendous performances. In the Sickle game, it was Jeff Seiberlich, with an astounding 45 points. In the clash with the Stage Band, Jim Betsworth put in 20 points, to take high-scoring honors. From there, it was Tom Larson with 15, Dave Bivens 13, Self 1. The REFLECTOR wishes to express its appreciation to referees Mr. Kessler and Mr. Rodeffer for taking time out of their evenings for the games. Thanks also to the cheerleaders, the opponents, and the Coaches, Duane Spillers, Bill Bailey, and Dave Bayless for making a most interesting season.



You mean we've actually won?



Look at the hole in the bottom!

FRONT ROW: J. Seiberlich, C. Ferguson. **SECOND ROW:** D. Bowen, D. Bivens, D. Bayless, T. Larson. **THIRD ROW:** B. Self, M. Godsil, L. Lehman, S. Gore.

In memorandum to the Kazoo Band of 1971.

With kazoos and corresponding T-shirts, the Seniors struck out on their own to form the 1971 Kazzo Band. Danny Griffith and Dan Lindstrom started the whole thing which eventually landed a picture in the town paper, a position in the Christmas parade, and a one-night stand in Reflectavue and from past reports, they were greatly missed on the second night. The band will long be remembered by both participants and observers.

'71 Seniors = Imagination and Initiative

The Sly Sickle first appeared in the halls of GHS in late autumn of 1970. First it seemed destined to be only an insignificant short-lived paper, but before the year was half spent the Sickle had truly become a real part of the life of a great majority of GHS students. The writers have the reputation for being always truthful—even when the truth is not pleasant. The paper says what they mean and they mean what they say and this is why they are the tremendously successful and respected organization that they are.

English Offers Wide and Varied Courses

The students of Galesburg Senior High School do not feel limited when enrolling in an English class for there are fifteen various courses offered. This is one of the most advanced and wide ranged programs of its kind in the state of Illinois. Along with the basic literature and grammar classes which the sophomores are required to take, are a number of other interesting courses from which they may choose. Those students interested in the newspaper field may take a course in Journalism where they get extra practice by writing articles for the Budget. College bound students can find excellent preparatory classes offered.

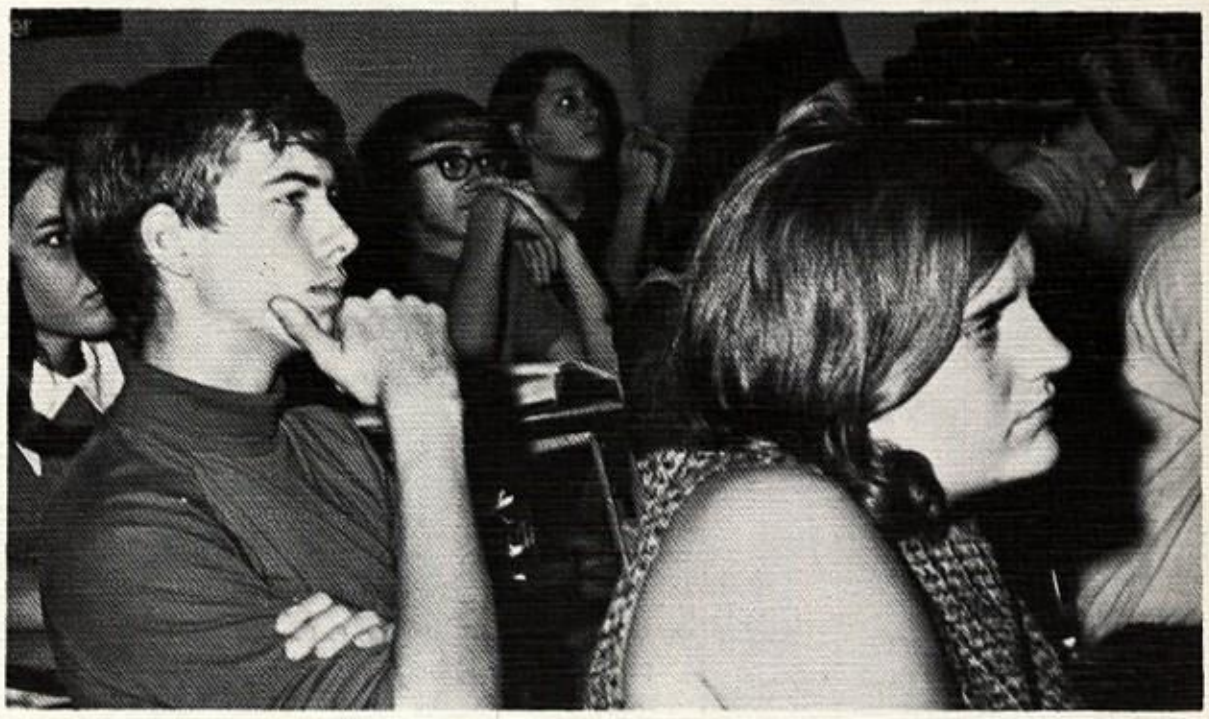
History—The Outline of a Better World

A special American Studies program has been added to the Social Studies department of Galesburg Senior High School. American Studies is an attempt to blend American History with American literature. This is a two hour course as opposed to the regular one hour allotted to other classes. American History is a prerequisite for graduation and gives the student an understanding of the founding and development of our country. As well as World History and Economics, American Problems and Current Events are offered for the study of American and world affairs. With the knowledge gained from these courses we are on our way to a better world because we learn from the mistakes and accomplishments of past history.



Jolly John.

History marches on! Ah, yes.

Let's hear it for History!

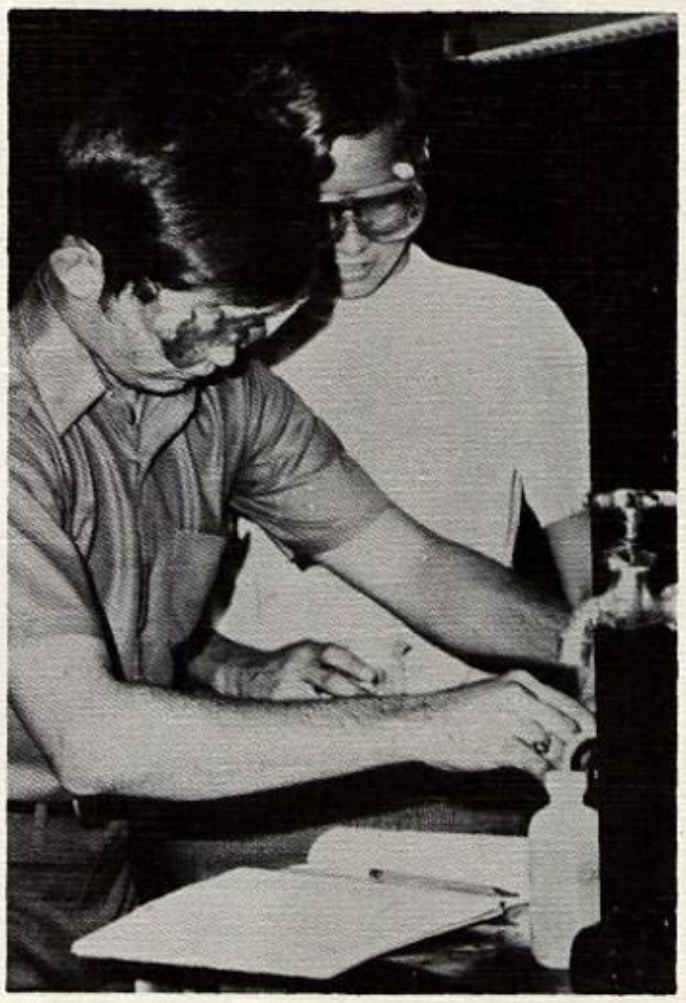
Science—A Look Inside

In a science course at Galesburg Senior High School there is no end to what can be accomplished. In Biology, frogs are disected as well as crayfish, grasshoppers and maybe even a pig. The student learns about living things as well as his own heredity. Half of the time spent in Chemistry is used for laboratory work and the other half is lectures. In Physics class, one can complain about almost impossible problems and on the side learn about force and energy. Advanced Biology is offered for those students who want a more detailed knowledge of life. In all courses, individual projects are attempted.

Oooh, how can you touch that?



Just a little more whipped cream and a cherry.

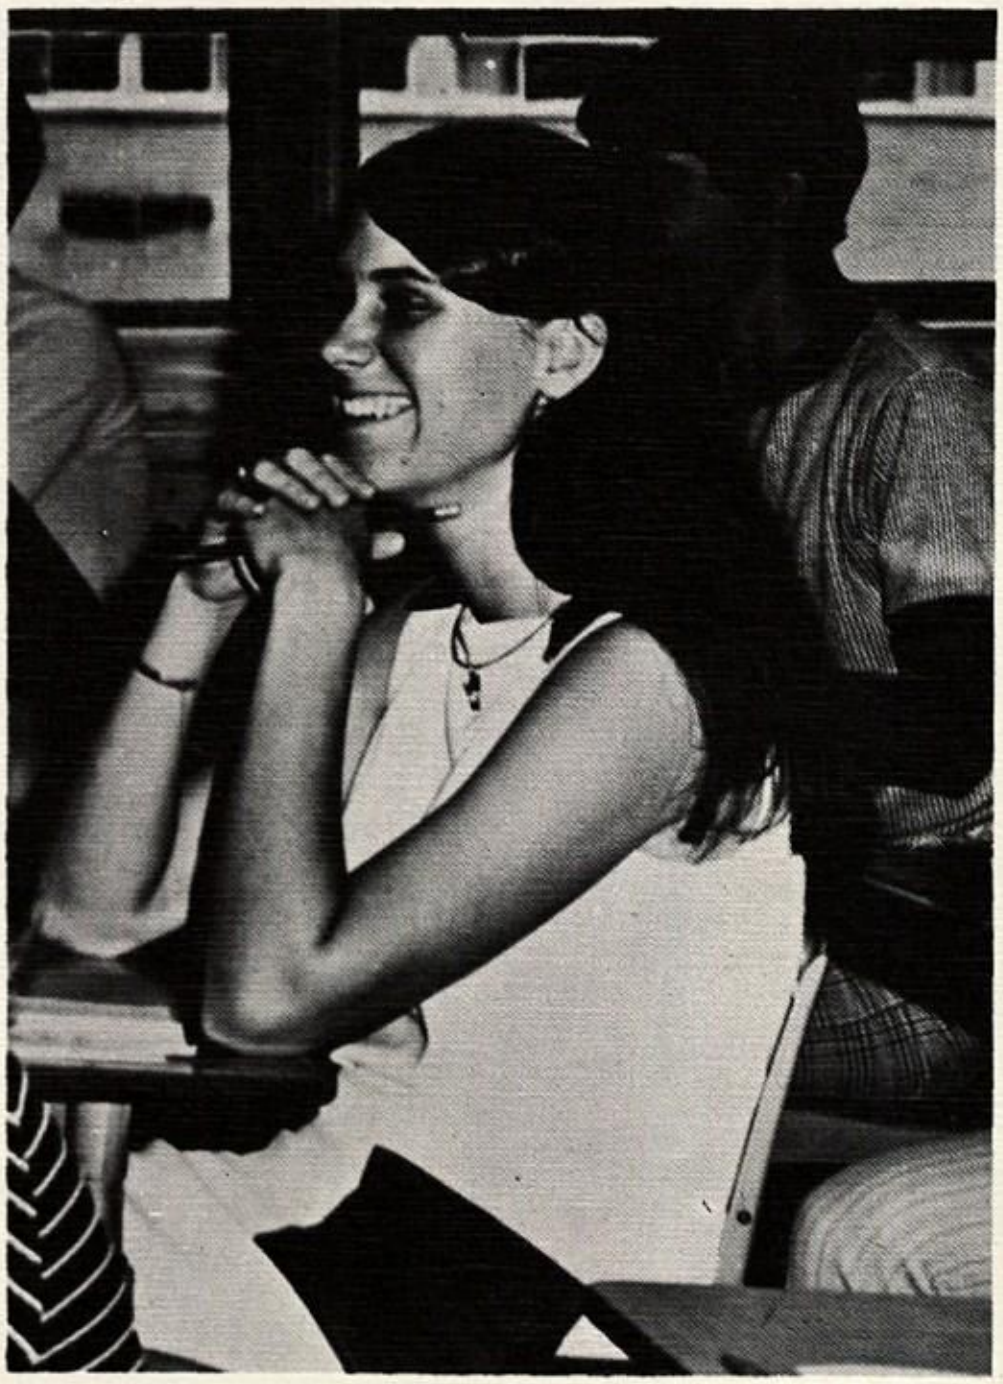
In 20 minutes, this class will be over.

Mathematics Developes Concentration



You've got to be kidding!

There are no required courses for graduation in the mathematics department at G.H.S., but the demands and interest in courses are well above average. Algebra is a prerequisite for any course which you wish to enroll in in the field of mathematics. When working with such complex numbers, your power of concentration is greatly developed. Mathematics is an important asset and necessity in modern day life.

$$x = \frac{y^3 + 3z + 563}{K^{10} + {}^3V\,M^5} \quad \text{if and only if } y > 5^3 + \sqrt{T + W}$$

Language—A Mixture of Club and Class

The Galesburg High School Language Department has four foreign languages to offer to its students: Latin, German, Spanish and French. The department is well equipped with Language Laboratories which give the students an opportunity to listen to the spoken pronunciation of their language. Each of the different languages has its own club where they have meetings and activities designed to inform the student of the customs and events of the language of their choice.

Nice hair but that dandruff!

This could be better than I thought.

I'm sorry your line is disconnected.

Business Aids the College and Job-Bound

I told you not to take it.

It really can't be my fault.

Our world of business is forever growing and so are the number of courses offered to the students in the business program of G.H.S. For college bound students, the skill of typing is imperative and shorthand will come in very handy for note taking during those long college lectures. Other courses offered for the business-minded student are bookkeeping, stenography and accounting. A great part of the Business Program is the Distributive Education and Cooperative Office Occupations courses by which students earn graduation credits and experience.

Vocal Music Enjoyed by All

In the Vocal Music Department of Galesburg Senior High School there are A Cappella Choir, Concert Choir and Girl's Glee Club. The Glee Club is directed in two sections by Mrs. Graffouliere, while the other groups are directed by Mr. Hegg. From the A Cappella Choir come the three ensembles, Senior Girls, Junior Girls and Singing Streaks. These groups perform at various times for the enjoyment of the entire community.

Sheetmetal Works

For the third year in a row, the Instrumental Department is under the direction of Miss Sally Rynott. The band consists of 73 members and a drum major. This year they have increased their marching pace to 180 steps per minute. The band performs in concert three times a year in the Winter, Spring and Christmas Concerts. They also provide music for all the home football and basketball games. From this large band the Stage Band is selected. This band meets during advisory and performs when the large band can't.

Who put that there?

You're funny, Hog, you're funny!

Art is Relaxing Creatively

Art gives students a chance for self expression and relaxation. Every day during class, records are played while the students express themselves in their many forms of art. Pottery, sculpture and sketching are some art courses which are offered. As you walk through the school around Christmas time and enjoy all of the decorations, you can be sure the Art department has been hard at work. To measure the student's individual progress each student is required to turn in a certain number of sketches or paintings. The students of Galesburg Senior High School owe a great deal to the art department.

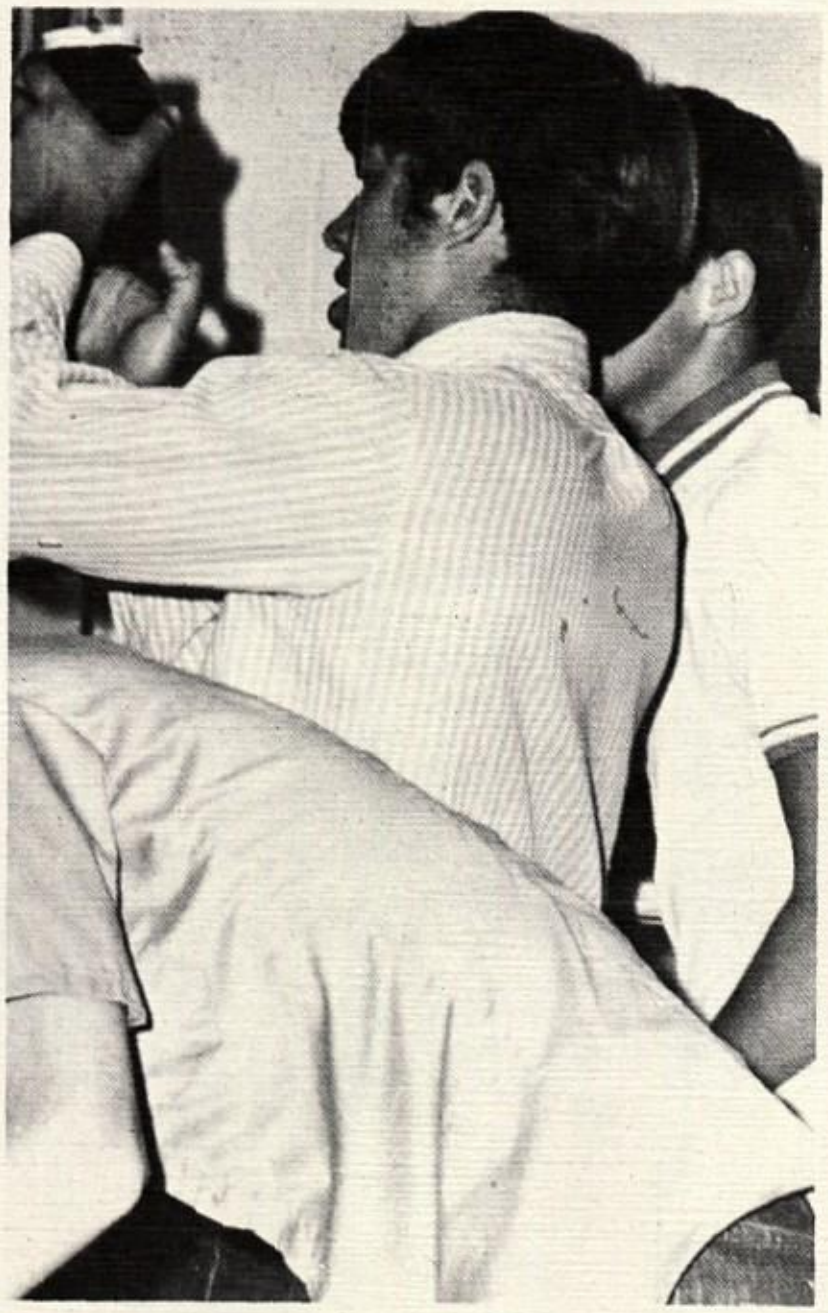
Call me a dirt farmer will ya?

Tomorrow's Farmer-Scientist and Specialist



Yea, that's dirt.

The business of agriculture demands a trained man to be successful in serving both his family and the world. The Agriculture department at Galesburg Senior High School trains students toward this goal. The curriculum offers courses in farming, agricultural economics and engineering. In class, students learn to judge soils, grains and stock. The classes take trips to farms in the Galesburg area to see their studies put to practical use. Today's farmer must be a scientist and a specialist to succeed.

An industrious Industrial Arts student.

Industrial Arts—Mechanical Minds at Work

At any time of the day you can walk into the Industrial Arts classes at G.H.S. and see the mechanical minds of the boys at work. They are busy with carpentry, metal works, printing and gas engines. Technical skills in drafting design and scale drawing are developed. The boys learn the fundamentals as well as the intricate skills involved in each course. Towards the end of the year, the department displays its work in an Industrial Arts Fair held in the high school gymnasium. Industrial Arts interprets the industrial world in the student in terms of his abilities.

Needles and Pins, Pots and Pans

So that's where she keeps it!

Needles and pins, pots and pans, cottons and wools and tables and chairs are all a part of the G.H.S. Home Economics department. Girls are taught to plan and prepare well balanced meals in classes of food and nutrition. Family relationships, child development and interior decorating are all touched on in a home and family studies course. An open house for the students, faculty and counselors is held just before Christmas. This wide variety of courses prepares girls home-making careers inside the home and out.

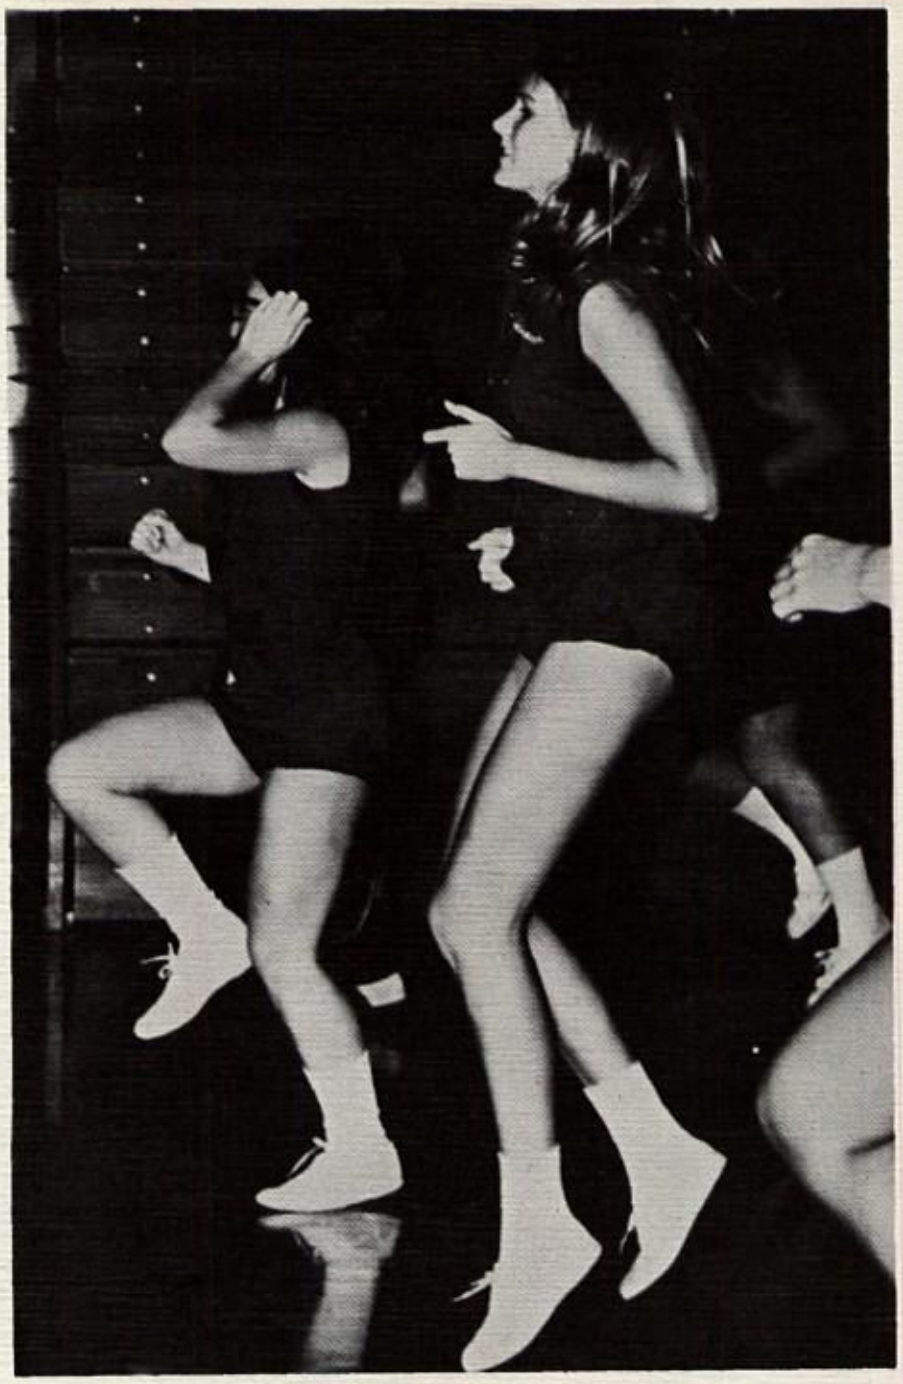
Who Could Forget...P. E.?

Summer's over and it's time to get back in shape again. There is no better way to do this than by taking the Physical Fitness tests which are required for both boys and girls. Classroom work as well as the usual sports are required. This work includes health studies, first aid and personal adjustment. Physical Education courses play an important part in the lives of the school's students. After all who could forget the fetching gym suits and the special scent of the locker room.

The Statue of Liberty he ain't.



Just five more minutes?

Heads it's mine, tails it's yours.

Really, that isn't the way I heard it.

I don't want to look, I don't want to look.

Just think, no more classroom work, you're actually behind the wheel for your first time. You look at your instructor for the go signal, turn the key and panic! But there is no need to worry, Mr. Wallace, Mr. Albright and Mr. Hickey are all highly experienced and qualified instructors. Besides, they all have a special brake pedal which comes in very handy at times. Now that you're on your way, try to remember all those things you've learned. If your mind draws a blank, don't worry—you have nine weeks to remember while you drive.

Turn the Key and Panic!

Today the key, tomorrow the accelerator.

If only this were Friday.

Mother always told me there would be days like these.

School Board—Link Between Community and School

Seven local citizens chosen by the public, make up the Board of Education for Galesburg School District 205. The board works closely with the Superintendent of Schools, Mr. Barney C. Parker, and provides a link between the school system and the community. A few of the duties of the Board of Education are to select the faculty members and personnel, to approve the buying of supplies for the school district and making the rules and regulations for the operation of the school system.

Mr. Barney Parker, Superintendent of Schools

FRONT ROW: Mr. L. Westcott, Mrs. W. Kelly, Mr. Sauter. **SECOND ROW:** Mr. R. Mustain, Mr. J. Lillie, Mr. J. Davis, Mr. J. Odell.

Individual Responsibility Stressed by Administration

Mr. George Miller is now in his third year as Principal of Galesburg Senior High School. The responsibility of running a school the size of GHS is a great one and Mr. Miller is well qualified and very experienced as a leader in the field of education. He has taught industrial arts and math for five years as well as being principal for 17 years. Mr. George Lundeen, the assistant principal, is a great help to Mr. Miller in the enforcement of rules and regulations of GHS, while Mr. Dunn heads the Business Education at the school.

Counselors–The Problem Solvers

There are six dedicated and well trained individuals in the offices at the high school who are willing to advise the students when needed. Mrs. Kraft and Mr. Collis spent their time advising the Sophomores, Miss Westefer and Mr. Shover with the Juniors, and Mrs. Byram and Mr. Denisar with the Seniors. The Sophomore counselors spent most of their time getting new students adjusted to the life at high school, while the upper class counselors busied themselves supplying college information to interested students. Many students think of their counselors as "their parents away from home."

The Office—Efficiency in Action

Where do the students go for books, tardies, and aid at GHS? Why, the office of course. You can be sure they do for it's a very busy place. The office workers are well qualified and usually know what to do (even in case of a bomb scare). Mrs. Folger and Mrs. Anderson handle the many secretarial duties and Mrs. Mendez is tucked away in her bookroom keeping track of the treasury. As attendance clerk, Mrs. Benson keeps detailed records while Mrs. Stine spends her time making schedule changes and sending college applications. Mrs. Petrie assists in Learning Center. These workers are always ready to give needed assistance.

Neither Rain nor Sleet nor Dark of Night...

Where would we be today without teachers? Those brave souls facing the snow, cold, and freezing rain to further the education of the youth of today. (Outside having fun, but that is besides the point.) The teachers at G.H.S., on the most part, are very much involved with the students. Many of them sponsor various organizations and serve as supervisors for sports events and dances. No one should knock the teachers of G.H.S. for they go far beyond the call of duty to serve the student body.

Societies

Even though a star is truly only a mass of gaseous elements man for some reason has to place a personal value to it. His life is centered around attaining his own star; his private goal.

A Senior

Student Council Buzzes With Activity

When the students of GHS have a gripe or request they turn to the Student Council for leadership. This year Student Council really freaked out the school with the introduction of an even more relaxed dress code allowing the girls to wear slacks to school. The goal was set for an open first and seventh hour study hall system and the purchase of two student bulletin boards proved to be an effective means to attract student attention. Besides the new membership this year's Student Council experienced a new Sponsor, Mr. Lundeen, who contributed greatly to the organization of business.

Along comes February and people ask, "Has the yearbook been started, yet" And all that the staff could say was "You'd better believe it!" Before the leaves fell from the trees, the REFLECTOR staff had selected the theme and was looking forward to the last dead line. Since September, almost every Saturday from ten to ten has been spent in To's backroom amidst typewriters, pictures, croppers, layouts, copysheets, Pepsi bottles, records, three dogs, two cats and a turtle. Each editor had its own little section in the chaos. Getting the Juniors to sell ads brought out the Hitler in Bivey and having to change the layouts time after time drove Tom up a utility pole. The Senior information sheets added a bit of excitement to the day when they were used in an all out paper wad war. After all the hours of work, the editors have grown very close, and as they look back to what was once frustrating and tiring work, they'll realize how really beautiful those hours were.

Arte Clubbe Paints Future

T. Lytle, Pres., C. Ferguson, V. Pres., G. Scott, Sec., C. Strader, Treas.

The artistic talents of students at GHS are given recognition by admission to the elite ranks of Arte Clubbe. Display cases are always filled with the efforts of enthusiastic members: charcoals, oils, watercolors, and everything else imaginable. Unusual background scenery was designed for the Christmas Concert which was so fantastic that it was used again as decoration for the Winter Formal. Demonstrations and exhibitions were given at the Civic Art Center which displayed the many forms of artistic media which members have mastered.

Budget

Richard Ney
Editor-in-chief

1970-71 was a year of many innovations for the Budget. Other firsts included a junior as Editor-in-Chief, an amazing accomplishment and a new sponsor, Mr. Gene Yoachum. The paper was published weekly and contained up-to-date feature articles, sports coverage and schoolwide news. The Budget also chose a student who had currently excelled in athletics for the honorary position of "Streak of the Week." In addition to the duties of publishing the Budget, the staff found time to participate in sporting challenges with the Reflector staff.

'71 was a Very Good Year

The Inter-Club Council is an organization at GHS which consists of the heads of all the organizations and clubs. This club holds a banquet at the beginning of each year. They plan the various activities and meetings for their clubs. The school calendar is set up with the cooperation of these students. At the beginning of the school year, an orientation program was given for the sophomores. This year proved quite interesting for the speeches were vidio-taped.

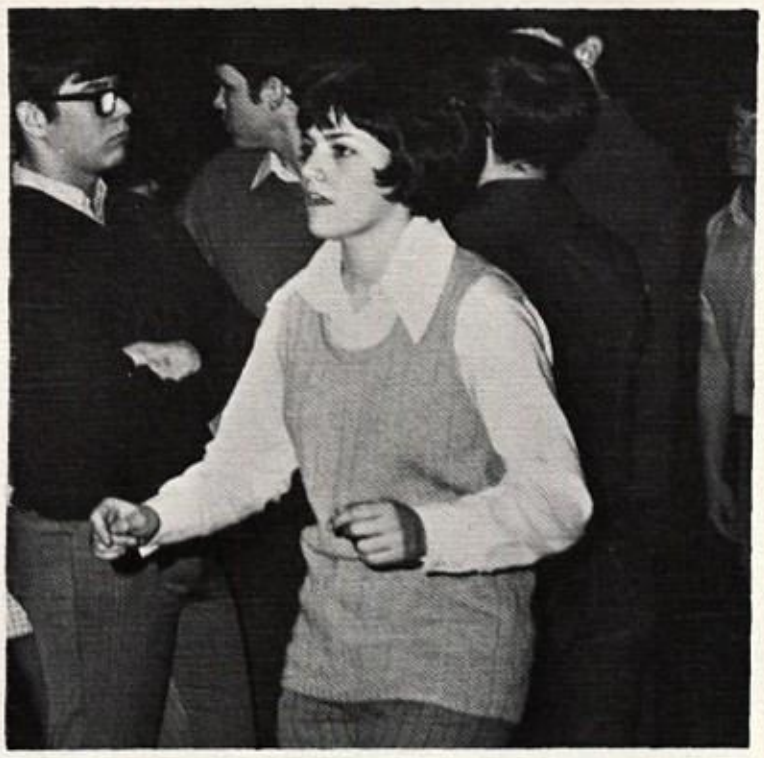
Senior Council Works to Make Prom a Success



The Senior Council sponsored after game dances.

The 1970-1971 Senior Council centered its attention on the project of earning money for the Senior Prom. The council consists of any interested Seniors who wish to donate their time and ideas to the various projects that Senior Council undertakes. Aside from the prom, the council concerns itself with graduation. They measure the Seniors and order the caps and gowns for this ceremony and also set up a system of ushers for Baccalaureate. A few of the money making projects were rumage sales, bake sales, car washes, pop bottle drives, and after game dances. In previous years the representatives had been elected in their home rooms. This year the system was abolished and the council was opened to all Senior students. It was discovered that this type of "volunteer" council was more effective than the traditional elective council. 1971 has brought many changes to GHS and this is one of the best.

Varsity Cheerleaders Encourage Pep and

A little razzle-dazzle from the basketball cheerleaders kept audiences around the state in awe. Seniors Chris Ferguson, Sylvia Trimble, Laurie Lehman, and Terry Wilburn, with their perfected acrobatics, led the younger girls through a tough season. Games are expecially tough for cheerleaders when the score gets close, and Galesburg certainly had their share of close ones. The last event of the year is the "G" Club banquet where all of the varsity cheerleaders, lettermen and parents are honored for all the hard work of the past year.

Cheerleaders Activate Frozen Fans

Veteran football cheerleaders Tina Behrents and Connie Miller led the 1970 squad to a busy season. The girls and their coach, Mrs. Rosine, decided to take on a cheering job for the cross country team as well as their normal football schedule. Other activities for this years squad include the homecoming parade and bonfire, pep assembly, and a demonstration at the state cheerleading clinic. The cheerleaders being all seniors were well experienced in their field with five of the six having been on the varsity basketball squad, the JV's, or the sophomore squad of two years ago. The only rookie was Julie Crisman who did a fine job all season. The Reflector staff wishes to congratulate all the girls on a vivacious 1970 football season.

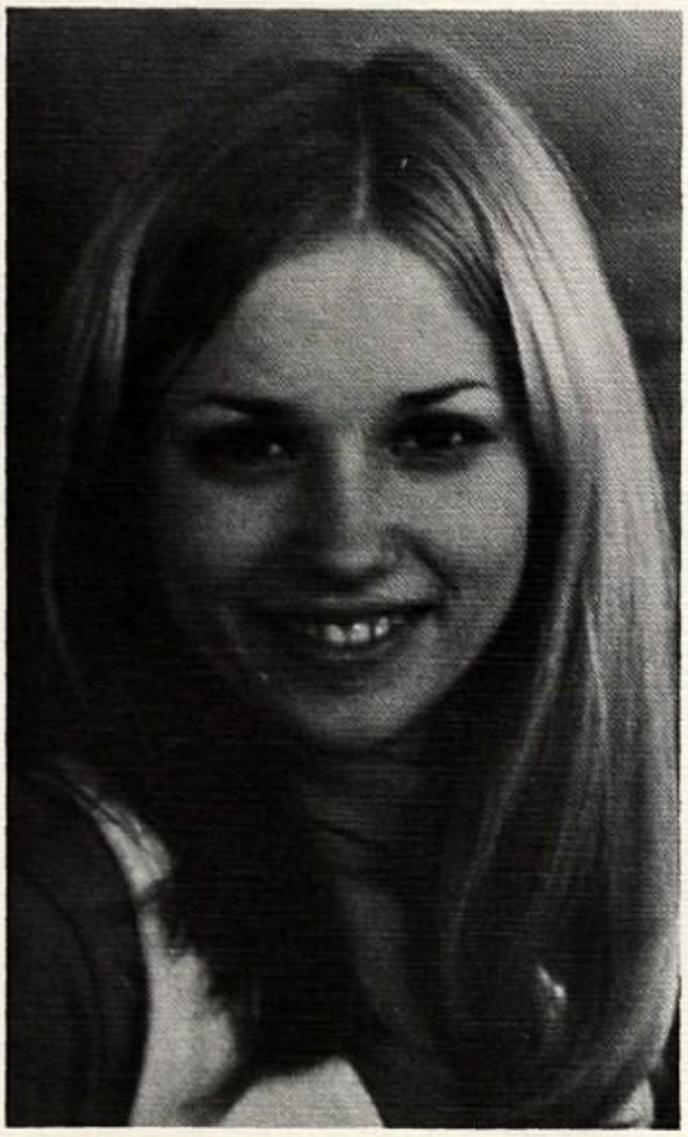
The JV's Jump into '72

LEFT TO RIGHT: S. Watson, M. Derry, P. King, C. Johnson, T. Johnson

With hopes of making a 1972 varsity squad, this years JV's have worked hard on improving both acrobatics and jumps. Their season activities include the home games of the junior varsity basketball team, and one out of town game for the sophomore team and helping out the varsity in the second game. Good luck to all of the girls in their try for a varsity stop next year.

Pony Cheerleaders Horse Around



Dressed in beautiful new uniforms, the Sophomore Cheerleading squad made their debut as G.H.S. cheerleaders. The little seen pony games give the girls a fine opportunity to gain experience for their future attempt at the varsity squad.

Streakettes Excel in Acrobatic Ability

Skilled is the perfect one word description of each and every member of the Streakettes, the acrobatic squad. Continuous applause accompanied their performances in Reflectavue and at half-time of several basketball games. The girls go through routines as a group and then individuals demonstrate proficiency in walk-overs, back flips, and aerials. The ease with which the Streakettes perform indicates the tremendous amount of work involved in after school practices with their coordinator, Mrs. Rosine.

You're going to do what?

Here is Precision Plus

Cathy Irsch and Janet Cable, co-captains

A new group, the Galesburg Gadettes, was introduced at GHS this year. The Gadettes is a drill team composed of twenty girls selected on the basis of ability, by sponsors, Mrs. Kohlman and Mrs. Harlacher. The girls rehearse two hours weekly to work up routines to drum cadences and music for performances at assemblies, parades, game intermissions, and Reflectavue. Their uniforms are black and gold plaid jumpers, berets, and pompons. With their bright smiles and precision marching the Gadettes are a welcome addition to GHS activities.

Debbie and Deena Youngren

Completing three years as twirlers with the GHS band are twins Deena and Debbie Youngren. Both are accomplished performers and add polish and snap to the band as they gracefully execute routines at football games and in parades.

Girls Service League Aids Projects

Girls Service League is exactly what the name implies—an organization of girls dedicated to the service of their school and community. In the fall, a style show is given to inform the sophomore girls of the proper dress for the many school functions. Decoration of the goal posts at the home football games and the hoop through which the basketball team bursts before home games inspire school spirit. Christmas service projects include the decorating of the school Christmas tree and the packing of cookies to be distributed to nursing homes. The sponsorship of a Korean student is just one more GSL project. The year concluded with a beautiful banquet; a well deserved reward for a year of enthusiastic service.

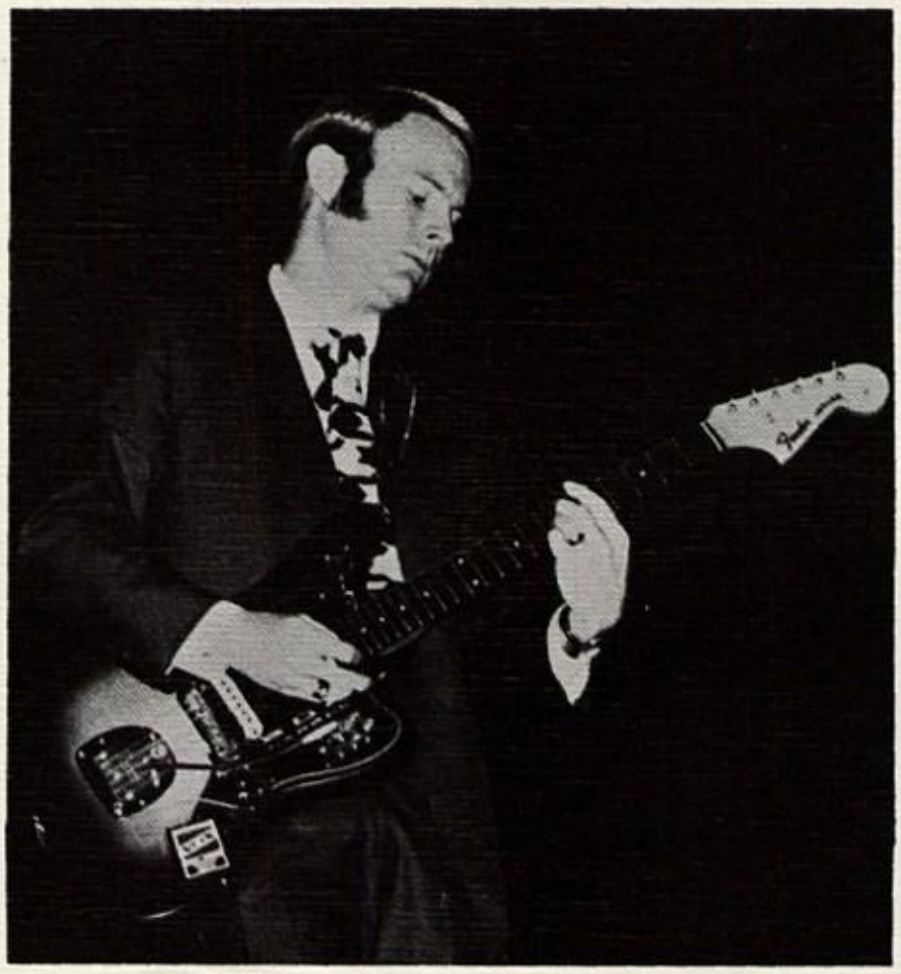
S. A. A.
Sports And Assemblies

The Student Activities Association, the largest student organization at GHS offers its members a wide variety of entertainment ranging from sports to cultural enlightenment. Students gain admission to football and basketball games, the fall and spring plays, and special assemblies which feature artists, musicians, and scores of other fascinating people, by flashing their S.A.A. identification cards. This year's system of S.A.A. identification has been vastly improved over previous systems. At the suggestion of Dave Tamimie pictures are taken the day of registration and the I.D. cards are distributed. Cards are punched at the entrance to programs which eliminates confusion.



A featured artist performs for students.

Pep Club Encourages Participation

FROM LEFT TO RIGHT: S. Johnson, Treas.; G. Bohan, Pres.; M. Patch, V. Pres.; C. Ruedig, Sec.

Pep Club is an organization designed to inspire the school spirit and team support necessary to boost the "Streaks" on to victory in any competitive sport. Members are represented at meetings by students elected from the homerooms. These representatives participate in the membership drive and money-making projects which enable Pep Club to sponsor buses to out of town games and to offer this service to its members at reduced rates. Pep assemblies are organized in cooperation with the cheerleaders and band to build up enthusiasm for "big" games. Pep Club does a great job setting and maintaining high standards of good sportsmanship and school spirit.

Boys' Forum Assists in Beneficial Projects

Boys' Forum is a service organization that participates in projects beneficial to the school by providing financial assistance. Two Christmas trees were provided this year for GSL to decorate. Students are grateful for the pop machines that are sponsored by Boys' Forum. Although students hear little of the good Boys' Forum does, it is nice to know that this organization can be depended upon when their help is needed.

National Honor Society Inducts New Members

One of the highest honors that students can receive is acceptance into the National Honor Society. A list of the scholastically eligible students is circulated among the teachers who are asked to comment on the leadership abilities, standards of character, and degrees of service of the nominees. In the spring, when new members are announced, an induction ceremony is held in assembly to award the certificates of recognition. Later, a banquet was held at which the results of the election of officers was announced.

Students Receive Individual Honors

Patriotism, citizenship, and scholarship are the criteria the faculty uses to select one senior girl and one senior boy to recommend to the Daughters of the American Revolution and Sons of the American Revolution for the good citizenship awards. Tina Behrents and Dave Tamimie were the 1971 recipients of the DAR and SAR awards, respectively. For Tina, this was a special honor as she had received the DAR award in the ninth grade also.

Tina Behrents, DAR

Dave Tamimie, SAR

March brings the Merit Scholarship Qualifying Tests to the junior class accompanied by severe cases of test jitters and anguish on account of the difficulty of these tests. GHS was honored by having three students qualify as finalists.

Mid-winter Play

Stage Call is the drama club at GHS. People interested in acting, directing, lighting or stage crews or make-up easily earn the five points necessary for membership. This year a mid-winter play was produced for the first time which brought the total number of productions to three. Student Directories are compiled and sold to finance the Stage Call Banquet in the spring at which new members are announced, awards bestowed, and cuts from the various plays bring back memories of unforgettable experiences.

Thespians Show Theatrical Talent

But, Dear, Bordon likes legs.

Thespians, the NHS of theatrical arts at GHS, became an international society this year. Membership to this group is obtained by earning 10 points which are accumulated by working on the stage and lighting crews, as directors, as committee members, or by performing on stage. Many good times and quantities of hard work go into the realization of every high school actors goal: admittance to Thespians. Induction takes place in May as well as the Best Thespians award, which is given to that person who has shown excellence in all fields of theatrics.

AFS Journeys to Greece.

The American Field Service is a student committee at GHS that sponsors foreign exchange students. Unfortunately this year AFS was not able to sponsor a student in Galesburg. However, Sandra Watters spent the summer of 1970 in Greece and Linda Brown is the first person ever to be chosen as a guaranteed finalist from GHS. She will be taking her trip in the summer of 1971.

Sandra Watters, AFS student to Greece

Athens...the acropolis...beautiful mountains...clear blue sea. Greece is all of these things and I certainly enjoyed them but my summer was enriched with an aspect even more important...the Greek people. I lived the daily routine of the people, and became just as a Greek myself. The friendships, knowledge and understanding which I acquired are permanent and I'll cherish them forever. My only regret is that more people cannot have the same experiences which I was so lucky to have.

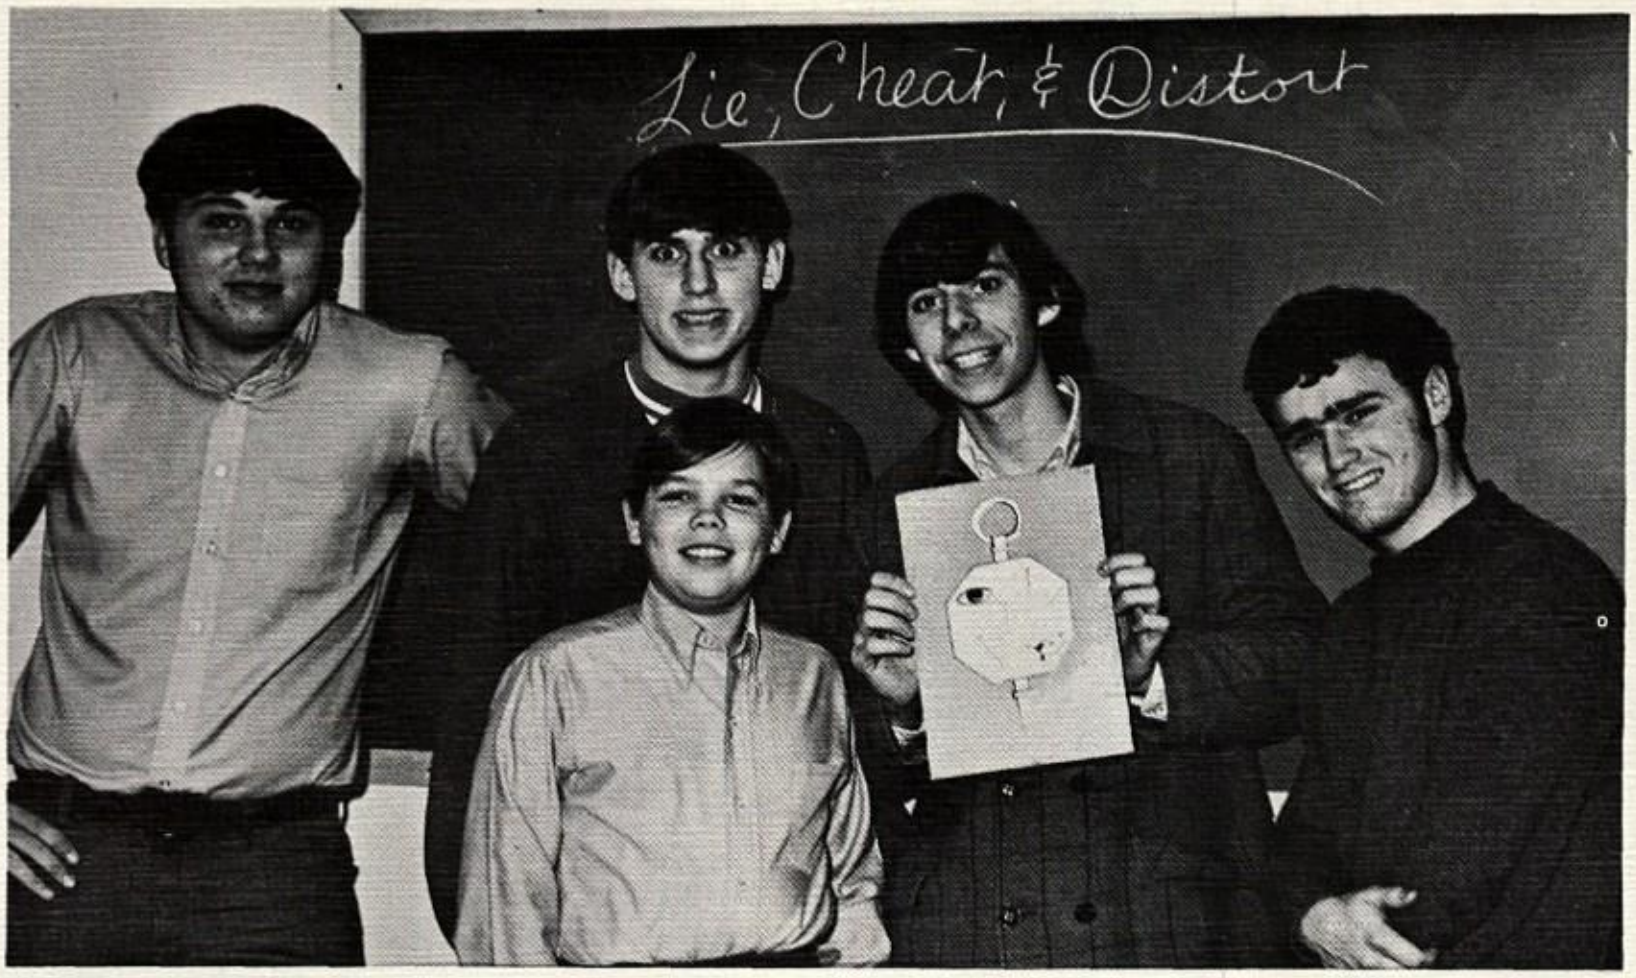
Lie, Cheat and Debate?



LEFT TO RIGHT: R. Ney, D. Artz, S. Johnson, S. Willson, D. Bayless.

Having a member of the GHS Debate team in a class makes discussions very interesting. The ease with which they conduct their arguments baffles their opponents into submission. Seriously, though, with the aid of their new coach, Mr. Colbert, the debate team works very hard researching their topics for debate and compiling endless stacks of index cards. Besides trips around the intermediate competition the Debate team travels to the state debate tournaments.

Quoting once again from Professor Terrence G. Carp.

"Deutsches Verrein Uber Alles" This year the German club worked with enthusiasm towards their traditional tour of German Town and Chicago. Many of the students will always remember their two and a half hour wait for the train to Chicago. They never did get on it. German club adds to the student's knowledge of the German country. Along with two enjoyable slide shows, the third year class added to the entertainment by a production of Cinderella in German.

Latin Club is a social organization for those students that have studied the language of ancient Rome for one or more years of their high school career. A greater understanding of the language is gained from the lectures of guest speakers on the customs, daily life, and beliefs of the people of Rome. Money-making projects go on all year to finance a field trip and the annual "Roman Style" banquet in the spring with typical Roman fortitude.

Spanish Club Donates Time to Community and

Spanish Club filled the year with parties, programs, and service projects executed with Spanish flair. Christmas activities included an entry in the Christmas parade as well as a party, south-of-the-border style, with dancing and a pinata. Many informational lectures were given at meetings, including one by Mr. Turner about his trip to Spain last summer. As a service project, members collected Clark gum wrappers for UNICEF. The year ended with a banquet at which officers for the coming year were elected.

French Club Gains Vivid Ideas of the

A French dinner at Pam McKie's house started another fun filled year for French Club. Besides experimenting with fondue, members played charades using French phrases. Meetings combine social events with interesting guest speakers. At the Christmas party, a French teacher from Carl Sandburg gave members a vivid idea of Christmas in France. Concluding the year was a party that truly did justice to the gay nature of the French.

Future Homemakers Bake and Make for Community

You mean you brought the eggs in your purse?

The FHA is a very active organization at GHS. Contrary to student belief, it is not an organization for cooking and sewing. Its purpose is to help serve the community in any way it can. FHA has various money-making events, the proceeds from which are channelled back into the community in one way or another. The group sold oranges and grapefruit, held a yum-yum shop, and a bottle drive to earn money. This year they are sponsoring a Korean girl. On Dec. 8 they held their Christmas open house and the Mother-Daughter banquet was held in the spring. FHA had a great deal to do with the Pollution Solution group.

Students are Involved in

CWT is another of the work programs at GHS. Through the Cooperative Work Program, the students are able to acquire a position in their desired field of interest. The students have field training along with class room courses. They are graded both by their teacher and their employer.

The Future Nurses of America is an organization designed for girls who plan on entering the field of nursing. At meetings the girls discuss the various opportunities and requirements for jobs. Lectures were given by registered nurses, and an x-ray technician. The girls work at bake sales, track concessions, morning breakfasts and held a Halloween clean-up to earn money for their field trips.

Scandia Bakery and Lunch

Distributive Education is a program at GHS that few students know about. Twenty Seniors are enrolled as DE students and participate in its three phases: classroom business training, on the job training, and the club activities. Classroom training consists of courses and display work in the Signs Shop and decorating the display case in front of the DE room. Students leave school in the afternoon to get on-the-job training at stores in the downtown area. Club activities this year included the sale of Christmas candles and bows, workshops, and an area conference where three members of the GHS CLUB captured the offices of President, Vice-President, and Secretary.

LEFT TO RIGHT: C. Coughlin, Corres. Sec., J. Willander, Hist. T. Schubach, Rec. Sec., T. Behrents, Pres., S. Watters, Vice-Pres., C. Kayser, Hist., J. Cable, Sports Mngr.

The Girl's Athletic Association provides the opportunity for girls to participate in their favorite sports after school. Points are given for the state awards according to the number of hours girls spend enjoying volleyball, bowling, table tennis, badminton, basketball, swimming and archery. The kick-off encourages interested sophomores to take part in the GAA program. This year the sale of Silver Streak seat cushions and the income from the annual Penny Prance provided the money necessary for distribution of the many different awards at the Mother-Daughter Awards Picnic.

Intramurals Offers Sports and Sportsmanship

Just wait 'til I get my hands on that ball.

The intramurals program is one which is set up for boys who can't put in the long hours which are necessary for the school sports. Under the direction of Mr. Fish, the intramurals program attracts a great many participants and provides a chance for boys to compete in several sports. In the fall, the ping pong tables are in use while Robin Hoods practice their archery. When the snow lies on the ground, the main sports are basketball, bowling, and handball. When spring rolls around the planned sports are golf and track.

GHS Band Beats Out its

The Symphonic Band is the main performing band at the high school. This band is both a marching band and a concert band. They perform at football games and march in various parades throughout the year. Four major formal concerts are given as well. This group competes in state contest where they are judged on three selections and sight reading. The Pep Band is made up of symphonic band members. They perform at the home basketball games and at pep assemblies. Concerts were also given at the two junior high schools.

When we skip, we take everything!

Twenty-five music students get together during advisory and every Thursday night to comprise what is known as the Jazz Band. This group plays for various school and community functions. They provide accompaniment for the Reflectavue and the musical. The band is made up of brass instruments, drums, and a piano. They competed in a jazz contest against many groups and received an excellent rating. The music played by this group is mainly Jazz and Rock. These exceptional performances are worthy of their long practice hours.

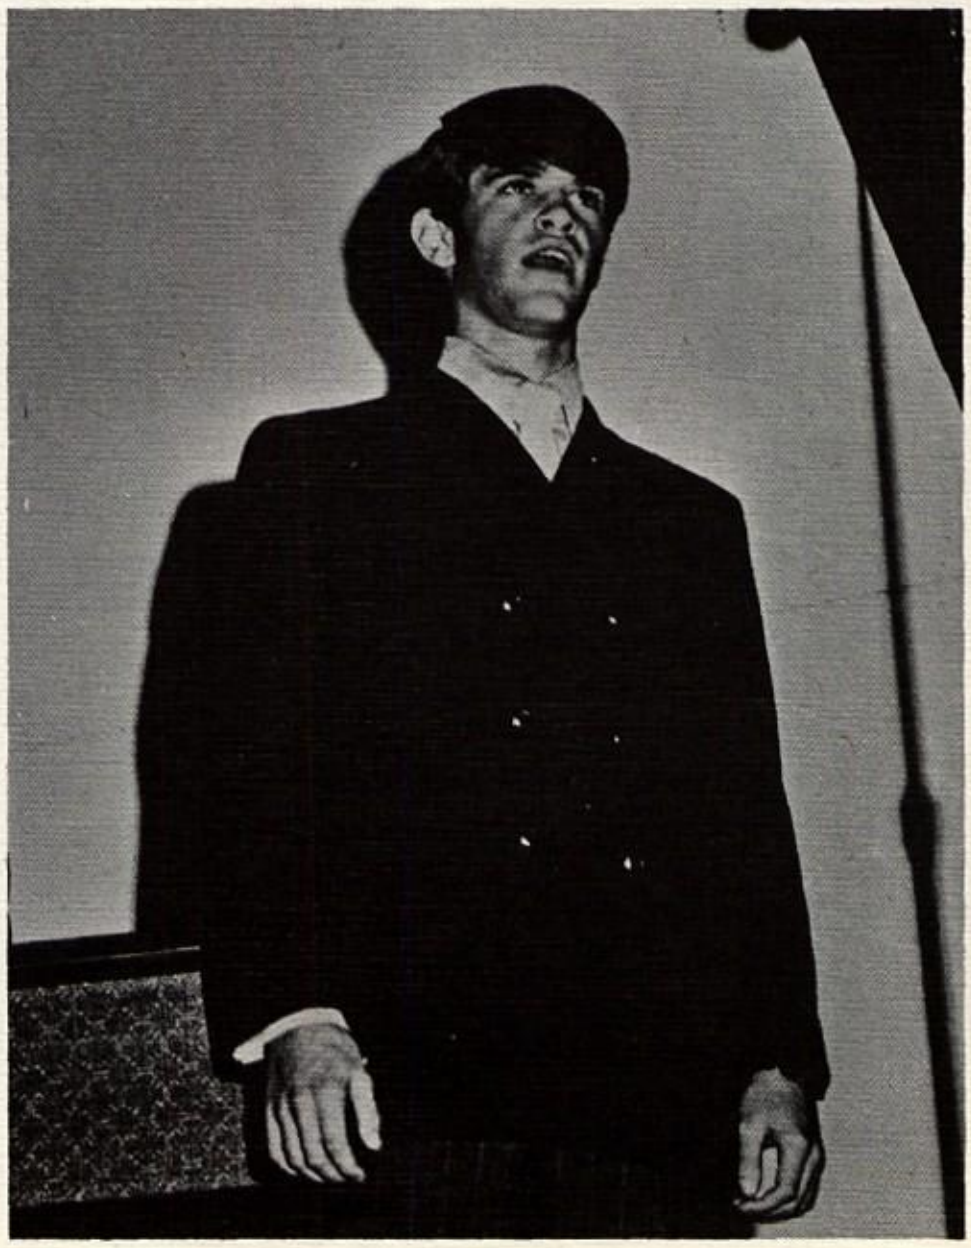
A Cappella Choir Performs for School,

For those students at G.H.S. who like to sing, one of their main goals is to be a member of the A Cappella Choir. Throughout the year the choir performs at various events. "Which Way America," was performed at the Reflectavue with the choir doing a simple dance routine in red, white, and blue. During the Christmas season, the choir sang its traditional "Song of Christmas" at the annual Christmas Concert. It spread a little Christmas cheer by caroling on the staircase of the Home Savings and Loan Bank. In December, a field trip was taken to three neighboring towns where concerts were given for the schools. Future plans for the choir are to perform in Cedar Rapids, Iowa, at the Galesburg Vocal Department Spring Sing,and other various functions performed in March in place of the original proposed folk Opera. No one can say the officers are not energetic. For instance, Jeff Sandburg, treasurer, has written Johnny Carson for the possibility of an appearance on the show. The officers this year are Roger Callahan, president, Jim Buck, vice-president, Sue Johnson, secretary, and Jeff Sandburg, treasurer.



And the girls went wild!

Concert Choir Shows Musical

Concert Choir is a large group of musically inclined students hoping for a chance to make A Cappella Choir. All three classes are represented as students strive to perfect tone quality, rhythm, and sight reading. Concert Choir displays the skill which comes from earnest rehearsal by participating in the Christmas Concert, Spring Sing, and Reflectavue in which they performed "Country Style" a square dance number with good old back-home enthusiasm. The officers are Diane Bailey, President, Craig Johnson, Vice President, Mary Bugg, Secretary, and Kevin Jackson, Treasurer.

I've heard of rotten songs, but this is ridiculous.

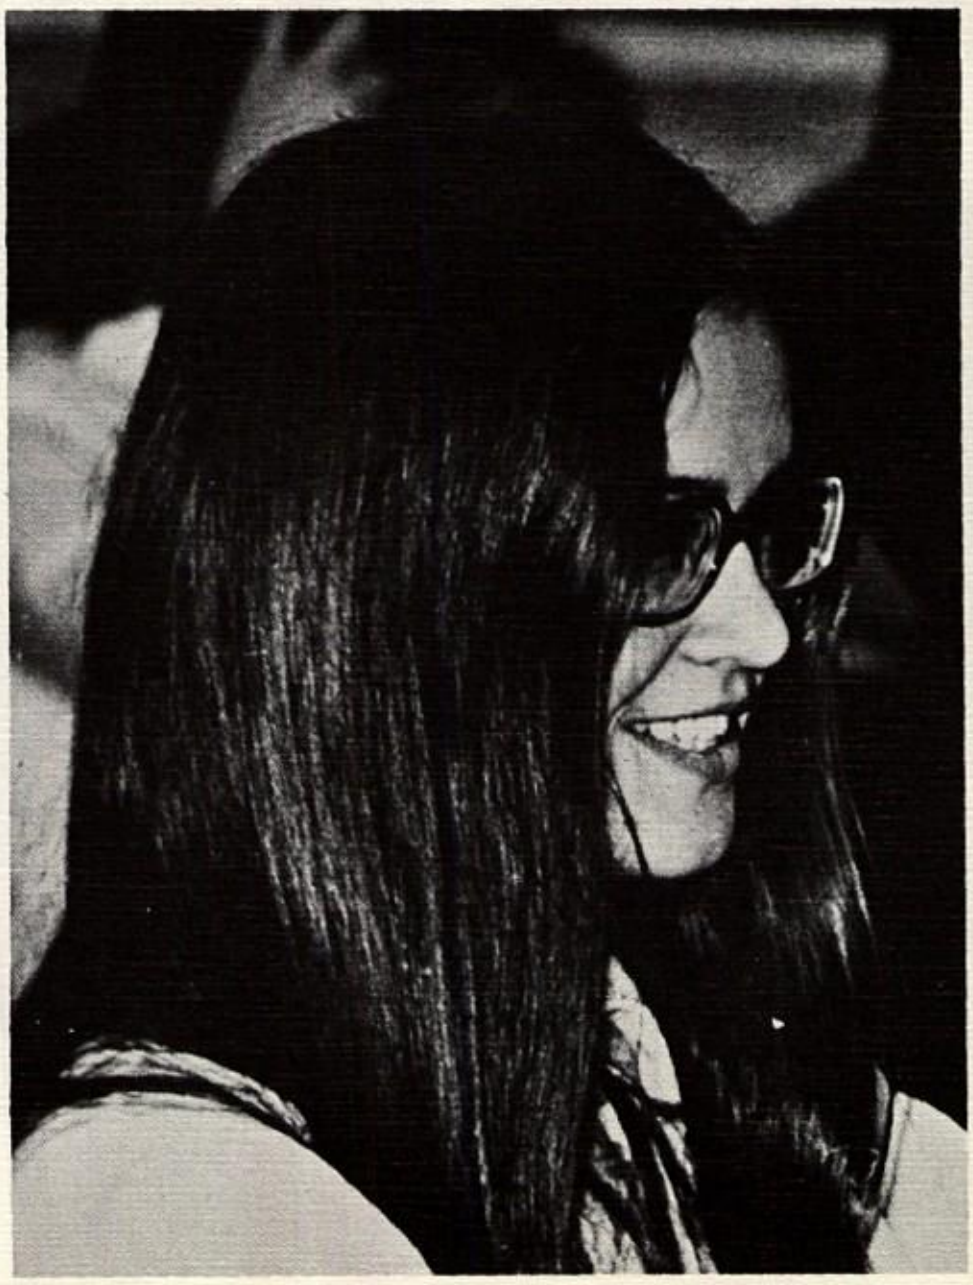
Moran, P. Kilpatrick, R. Miller, M. Rhodes, R. Petrie, P. Lietsch, P. Webber, M. Mackey.

Many changes have been made for the Sophomore Girls Glee Club this year. First of all, a new director, Mrs. Betty Graffouliere, has taken over the task of drilling the fundamentals of music into the heads of more than 100 giggling girls. Because of the large number, the group has been divided into two, one meeting sixth period and the other meeting seventh period. Another change is that Glee Club now meets five days a week. The girls study breath control, tone, music terms, and they even learn to play their parts on the piano by means of keyboard posters. The Glee Club performed at the Holy Week service at Trinity Lutheran Church as well as the Christmas Concert, Spring Sing, and the Reflectavue. Sixth period girls did a beautifully choreographed routine with fluorescent umbrellas and black lights, to "Raindrops Keep Falling on My Head." Seventh period girls reminded everyone of the gabby, boy-crazy teenage girl with their performance of "A Telephone of My Very Own." Both numbers added a happy flair to the Reflectavue.



A smiling Glee Club member.

Ensembles Dance, Create, Bake

The three ensembles at G.H.S. are very select groups. Members are chosen from the A Cappella Choir for Senior Girls Ensemble, Junior Girls Ensemble and the Singing Streaks. Once chosen, these students are seen dasing in and out of classes and rushing to finish assignments for they are always flooded with singing engagements at various community functions. This year, the Senior Girls and Singing Streaks combined their talents and really made a hit with a song entitled "Fruitcake." State contests provide these groups with deserved recognition as they receive excellent and superior ratings.

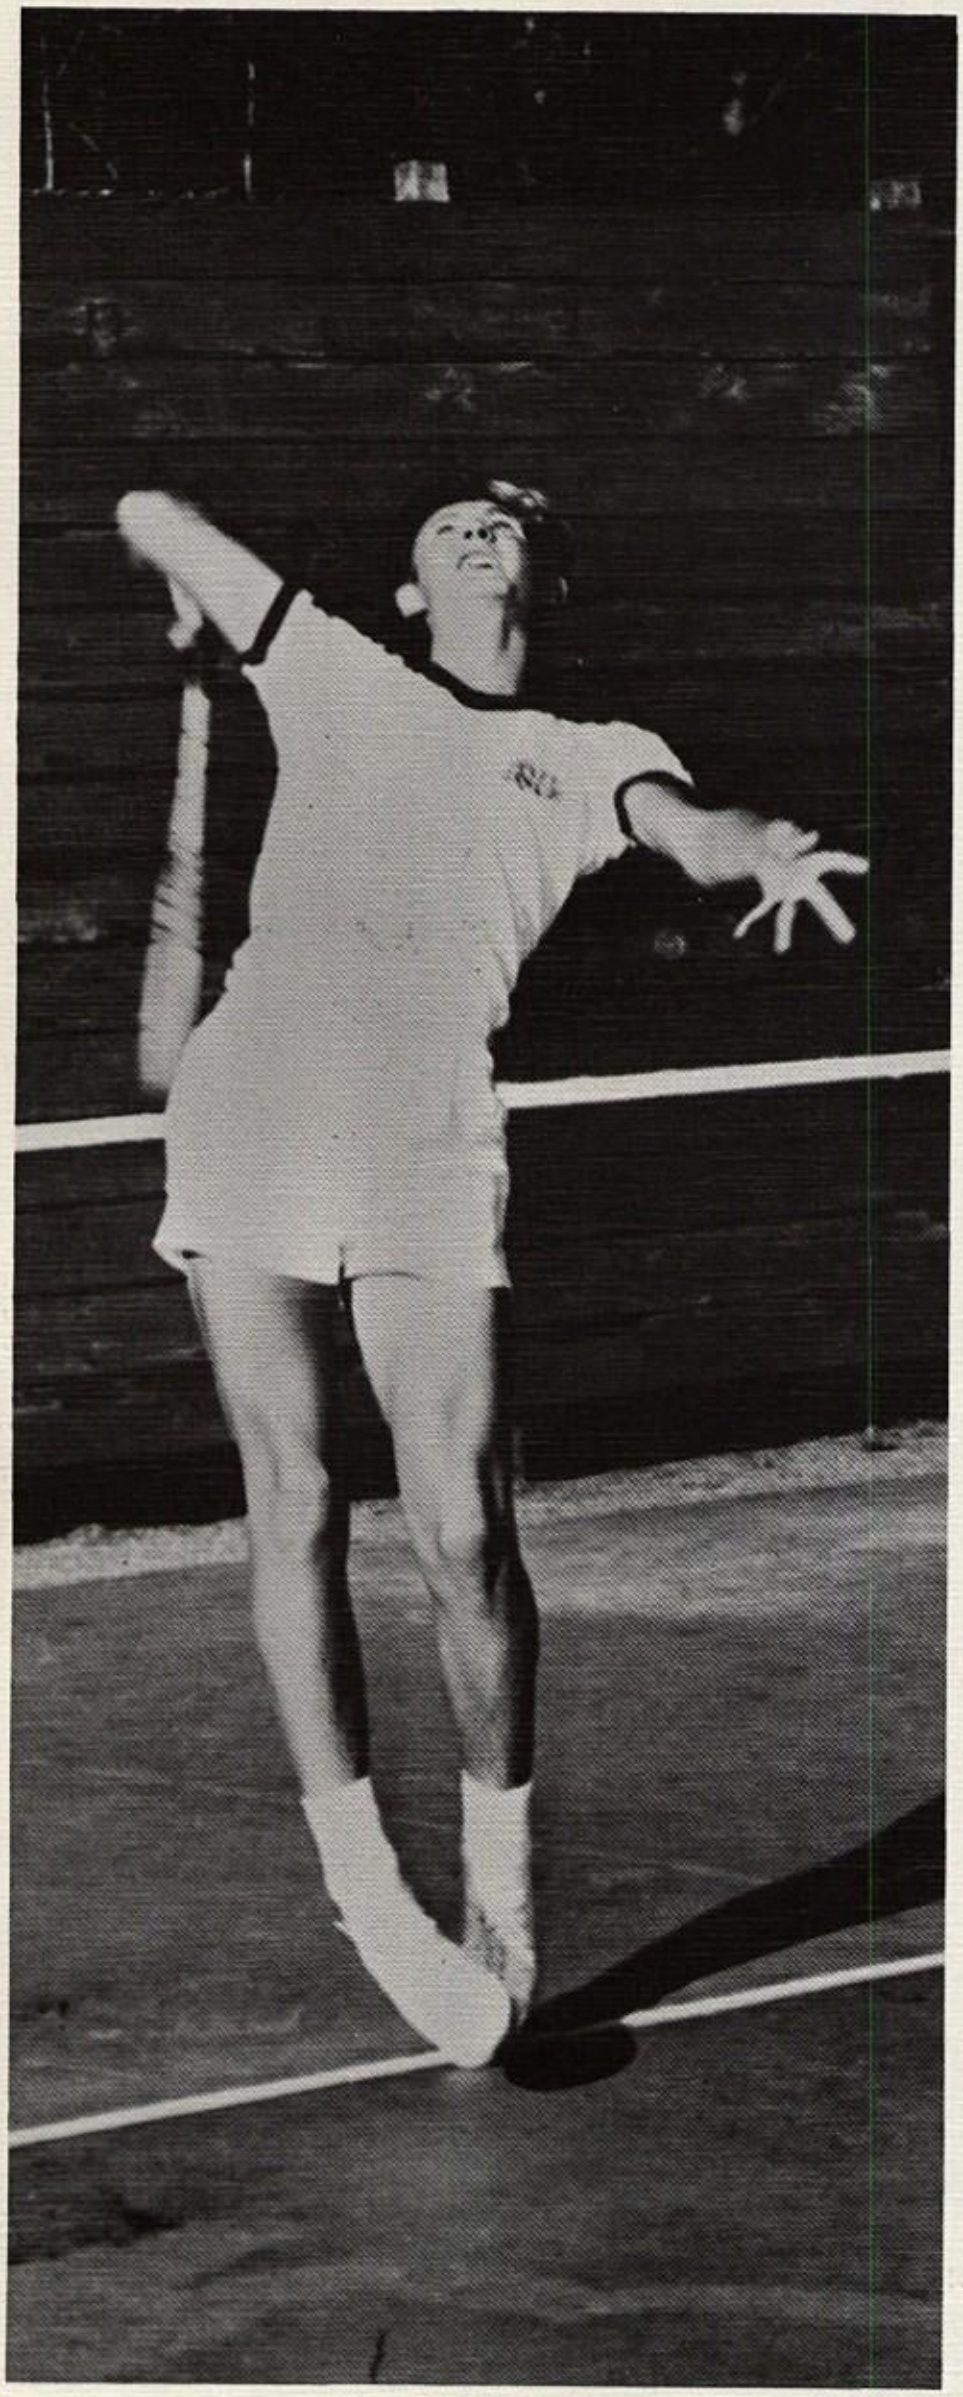
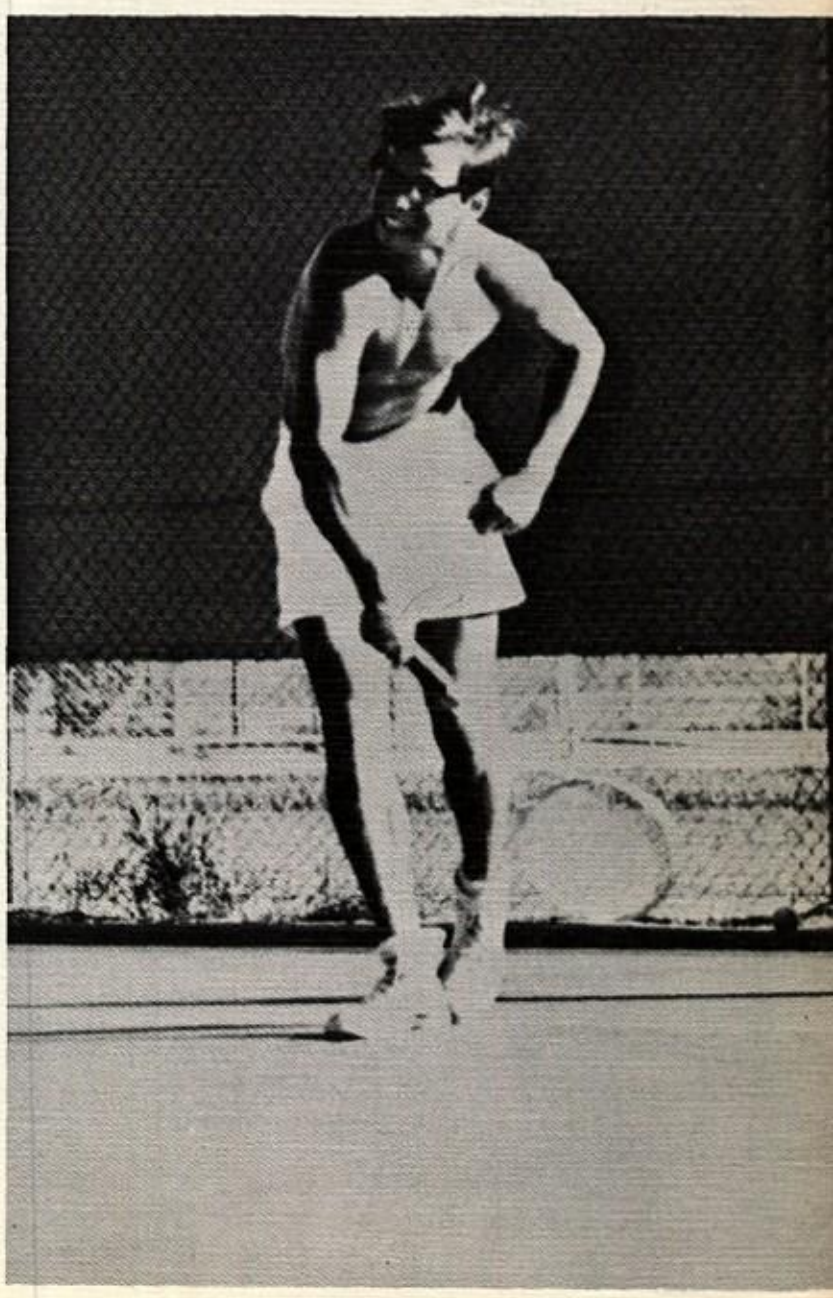
Sports

Star, brighten up a moonlit night,
Celestial bodies burning forever bright,
They watch our world waiting
Our impending doom
Because the stars will be there forever.



Spring Sports

Winter is gone and those athletes who participate in track, baseball, golf or tennis come out of their short hibernation and begin their long and tedious workouts to get in shape for their respective sports. You may see them practicing after school as you are taking off to enjoy that fresh sunshine and good weather. The work is hard and the reward may seem slight to the layman but to the athlete the satisfaction of hitting the ball the farthest or jumping the highest is enough.



The stars hold the secrets of the universe
as well as the mystery of other life forms.
The stars hold discovery, adventure, and
advancement in many fields...

A Sophomore

1970 Track Squad Hurdles

The 1970 G.H.S. track squad came through the season with a three win-one loss record in dual and triangular meets. The final season under the late Coach C. C. Van Dyke began with the Western High School Invitational, in which the squad did not place. From there, it was an 86-41 sophomore win over Geneseo, an 84-42 loss to Richwoods, a 103-38-16 win in the Canton-Galesburg-Monmouth triangular meet and fourth place in the Kewanee relays. Following this, the Streaks sparked to a string of second places in the Monmouth Relays, the Northwest Conference meet, the Illini Conference Varsity meet, interrupted only by by 96-44-29 win in the Canton-Galesburg-Monmouth sophomore triangular. To finish the season, there was the Western Big 6 meet, in which the Varsity placed fifth and the sophomores placed fourth, the disastrous Geneseo Relays, in which the squad placed seventh, the District which was won, and finally, State in which the squad tied for eighth. Great individual performances included Gary Icenogle's third place in the mile and Mike Doyle's first place in the long jump at State and Terry Mitchell's track record in low hurdles.

Up and over he goes.

When's the movie going to begin?

If I miss, it'll be all over.

Coach Beal shows how.

When March blasts its way into G'burg, a GHS'er will begin to see a group of guys in striped white uniforms just outside the gym putting on shoes and burning in balls. This signifies the beginning of the baseball season. In the spring of 1970, Coach Beal's squad, although sluggish at first, picked up during the season to finish with a 12-7 win-loss record. The season began with four straight losses. However, this did not discourage the Streaks, as they rallied to nine wins interrupted by a mere two losses to finish the regular season. The squad continued to roll in the tournament with two impressive wins over Alwood and Princeville. However, the 1970 squad saw its last inning during the Regional Tournament, tasting defeat at the hands of Alleman.

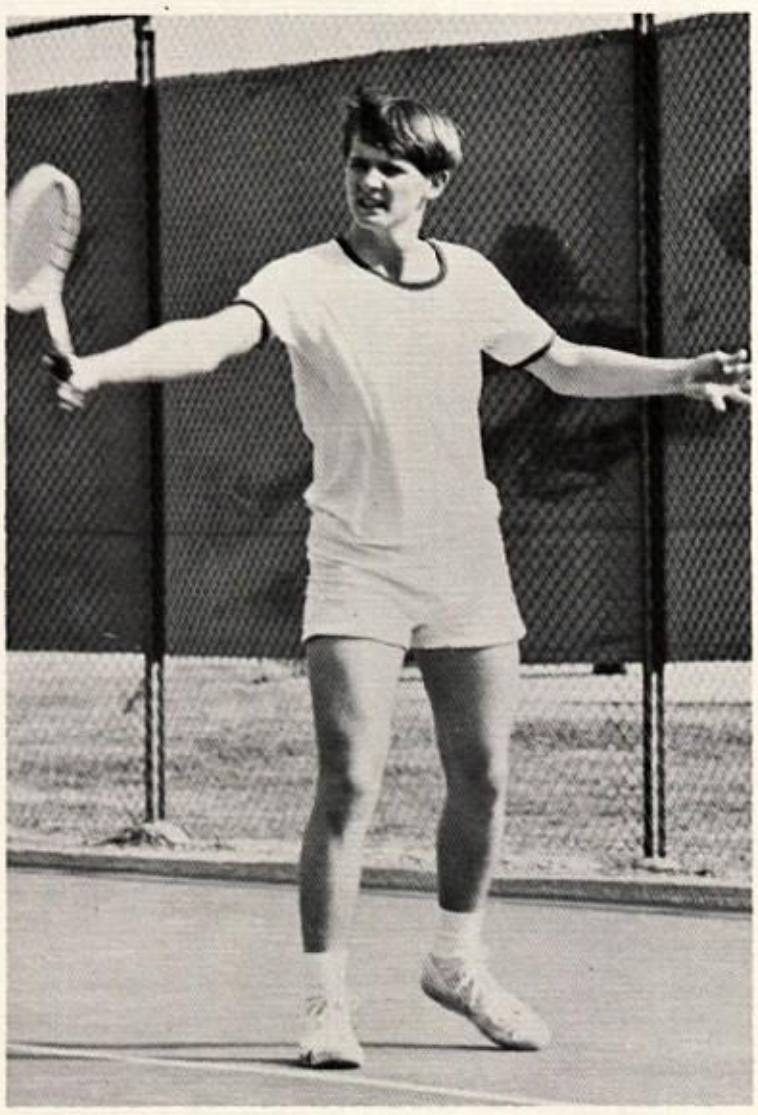
A Tennis Racket in Second Year at GHS

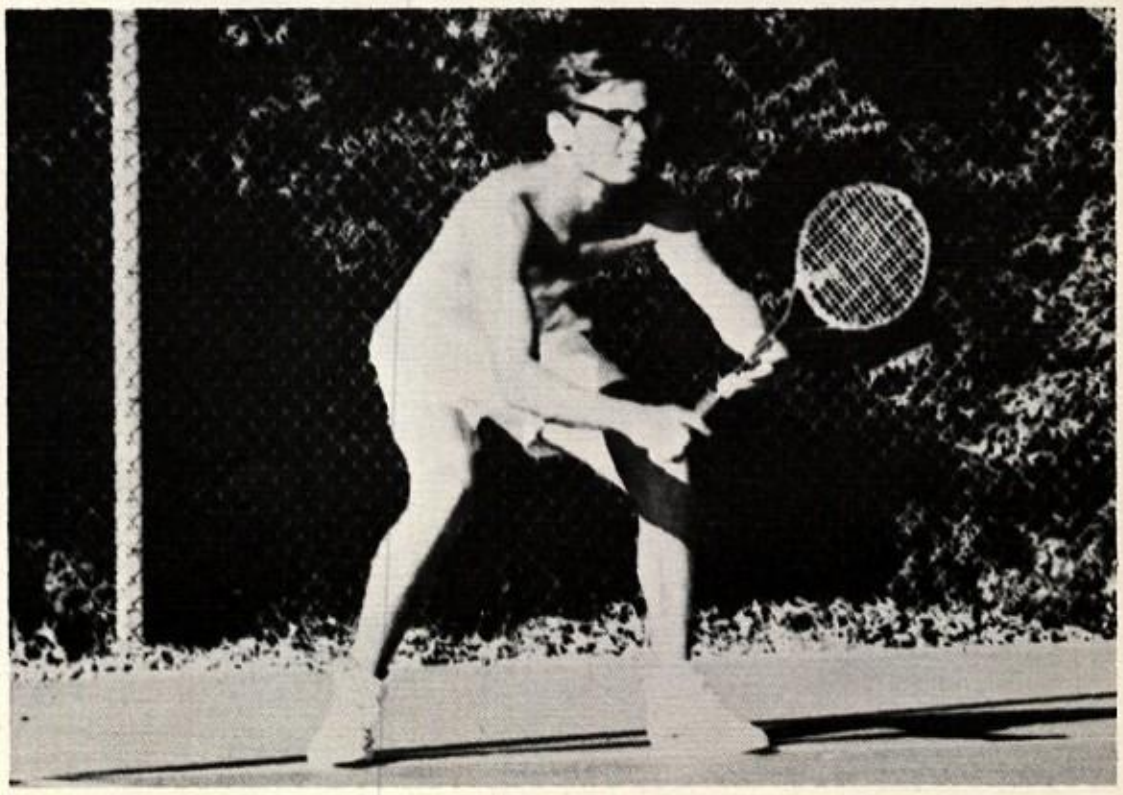


Right this way, folks.

This page sponsored by

Coca Cola Botlg Co.
&
Miller's Confection

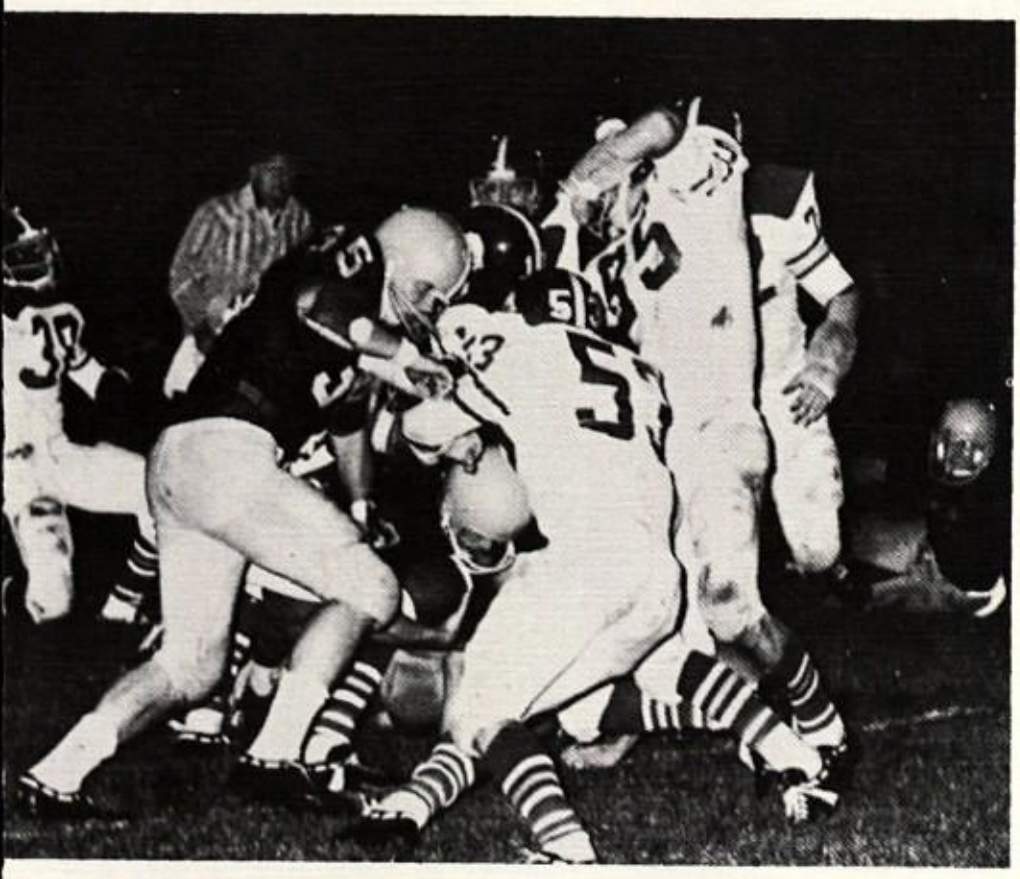
In Galesburg's second year of varsity tennis after its reinstatement at GHS, Coach Gruba worked hard to gain valuable experience for his 1970 squad. The 3-10 win-loss record of the squad hardly reflected its diligent practice. After beginning the season with a stunning 9-0 victory at Canton, the Streaks dropped four in a row. Following another convincing win at Limestone, the squad lost three more. After a final victory over Canton, it was three losses to complete the season. In tournament action, Galesburg tied for 5th in the Western Big Six and 5th in District play.



Norris in action.

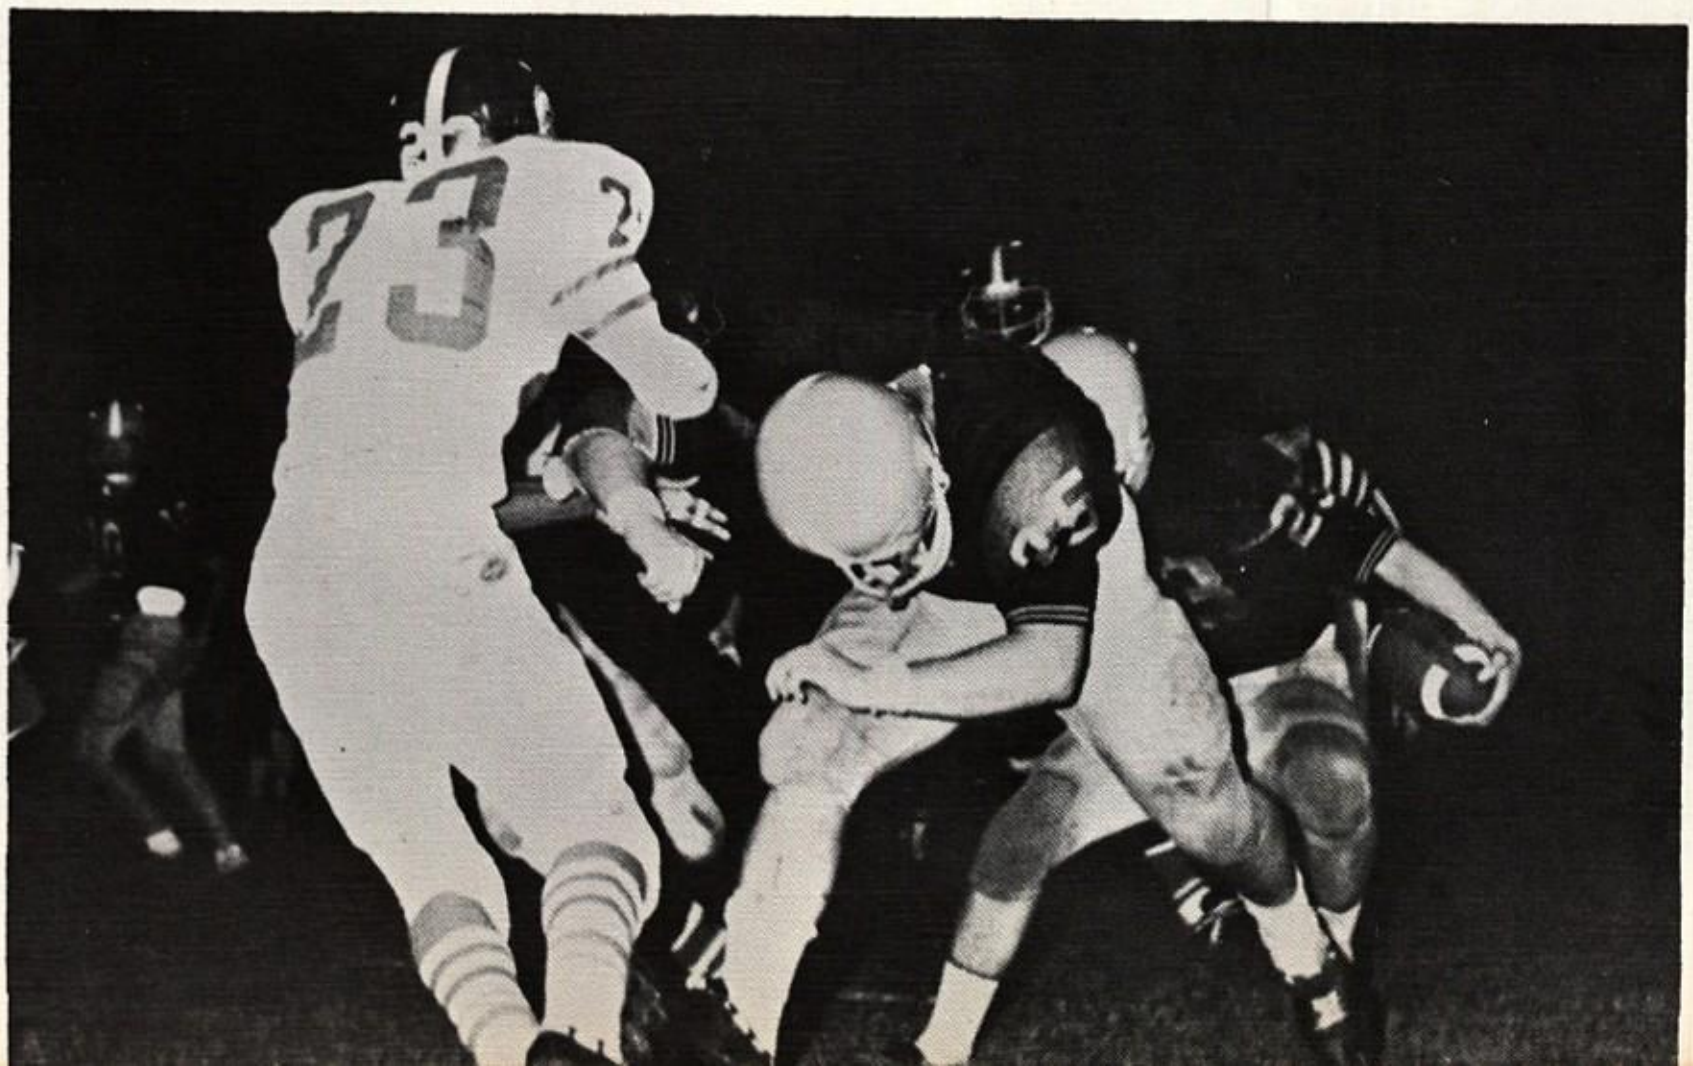
Fall Sports

In August, as another school year begins and the part time student exchanges his carefree summer life for books and a classroom, so begins another season for those athletes who partake in the demanding sports of either football or cross country. These activities require strength, stamina, and above all endurance as any cross country man will tell you, and the only way to attain such physical perfection requires hard work and practice, practice, practice.



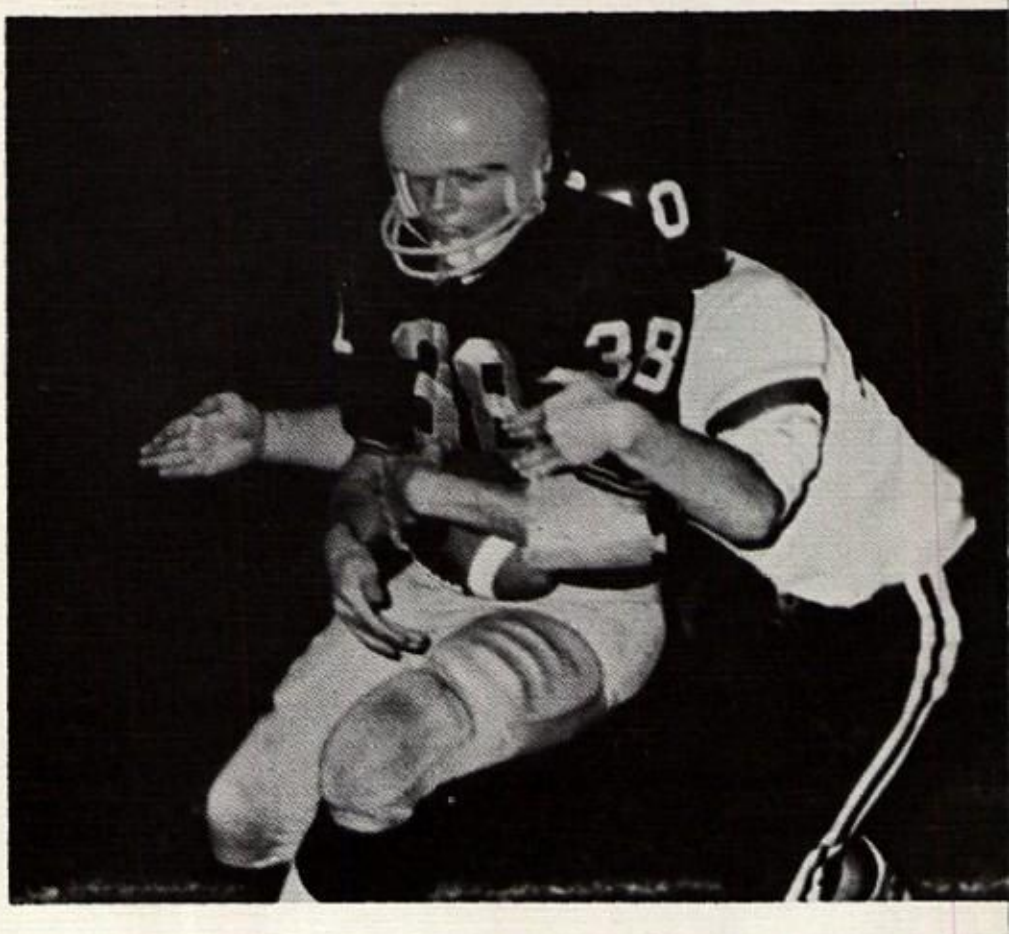
When I was a child I had a star. It looked bright and promising to me. The star was close and coming fast. As that star passed by, I tried to reach it. In the process I had my hand burned and scarred for life.

A Senior



Varsity Football Opens

With a slow start against Pekin, Galesburg found itself back in the fold with consecutive victories over Woodruff and Canton. The football squad gave a gallant effort at the homecoming game, but fell to a last minute TD by Quincy. Competition became a little too much in the final four outings for simple mistakes were the worst opponent Coach Johns and the team faced all year. The 1970 season was plagued with injuries almost every game with seven Streaks being sidelined by knee injuries. As Jeff Morris says, "The knee is meant to bend one way." Other injuries sidelined starters throughout the season. Mark Thiel led the Galesburg offense at his quarterback position with Randy Clark adding to the offense. The Galesburg defense, who saw most of the action, was led mostly by Seniors. Next year's team will lack a lot of experience in both the offensive and defensive lines.



Get off my back!

Sophs Show Great Promise

The defense played a key part in this year's sophomore squad. Galesburg's defensive men held their opponents to an average of only 8.5 points per game. Offensive players managed to come up with an average of two TD's per game, with a final average of 14.5 points per game. The class of 1973 football players will be a welcome addition to the 1971 and 1972 varsity squads. The Reflector congratulates the team and coaching staff for their fine five wins, two loses, and one tie record. They overcame a tough schedule.

You hit him from one side and I'll hit him from the other.

Do you think we got him?

Cross Country Races On

I'd run a mile for a...

Randy Icenogle, a junior, was undefeated in his first 13 runs leading the team to a 7-4 record. Randy also led Galesburg to first in the Northwest Conference, second in the Illini, second in the Western Big 6, third in the District, and third in the Sectional. Other fine runs by Rick Sundberg and John Robinson led Galesburg to the state meet as a team for the first time in five years. Freshman coach Bob Ernst was, with good reason, extremely pleased with his team's performance in 1970, although he did have one remark, "Spectator support was at all times, at best, poor." With a fine team coming up in 1971, the Reflector encourages students to go out to Lake Story and take a look. Congratulations to Coach Ernst and the team for such a fine season.

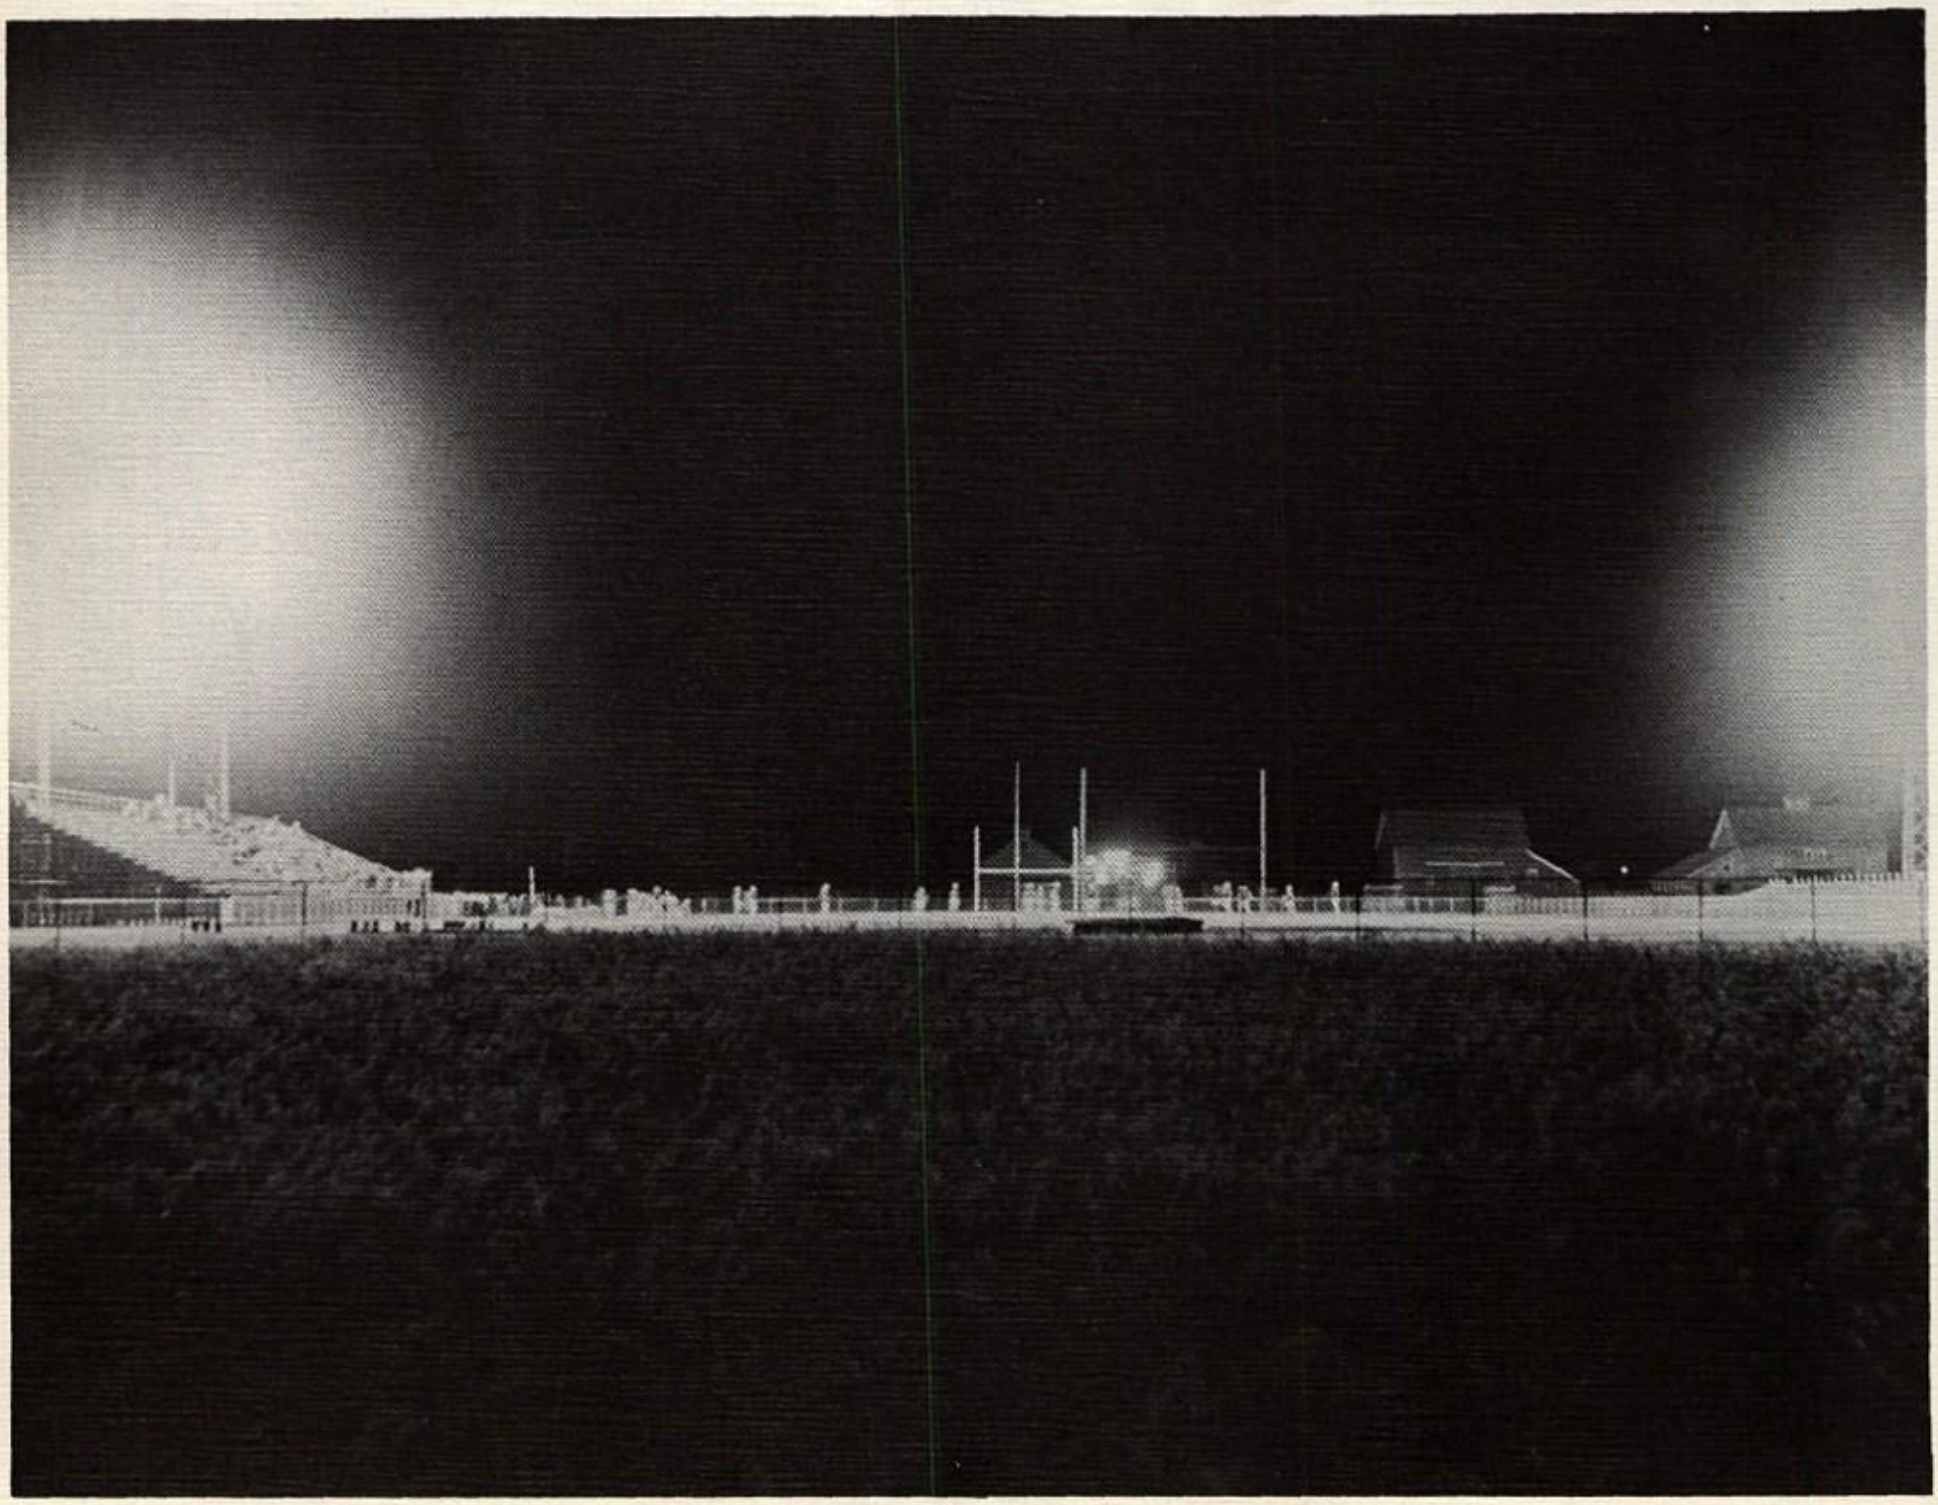
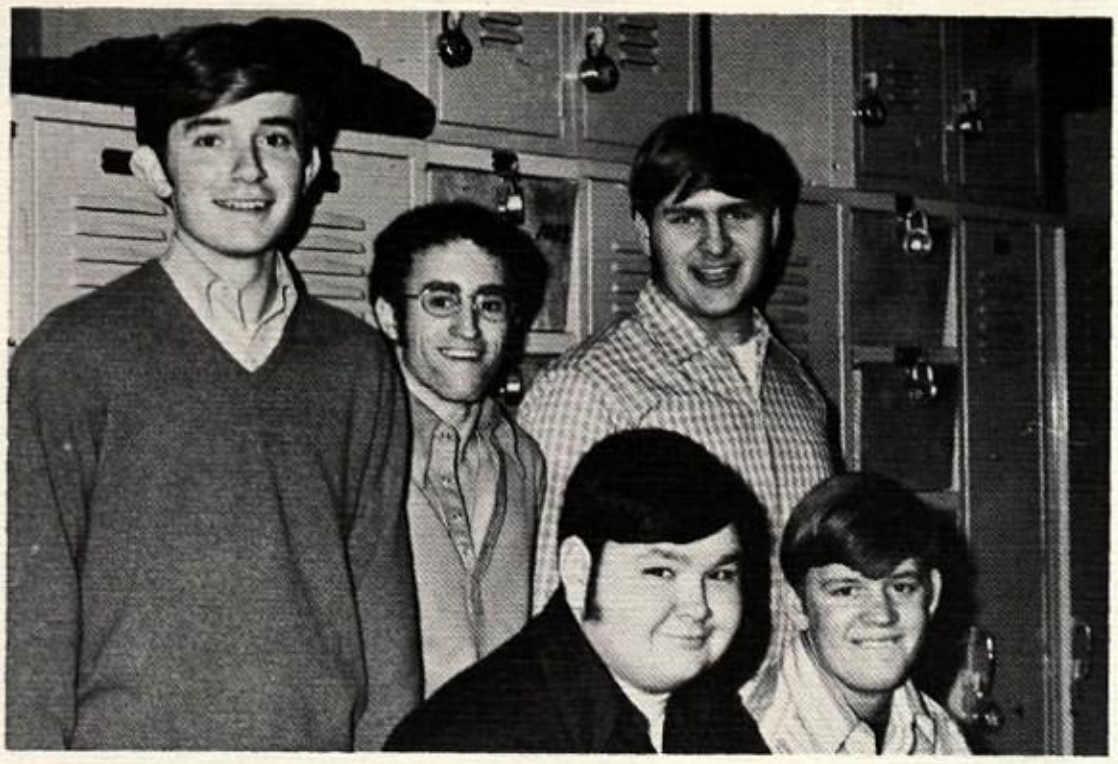
Dedication Ceremony Held

On a rainy Friday, September 25, the dedication ceremony was held for the new C. C. Van Dyke field. Those present for the dedication ceremonies were Superintendent Barney C. Parker, School Board President Lloyd Wescott, Principal George Miller and Athletic Director John Thiel. Dave Bayless, the student council president, gave the accepting speech for the Lowell Spires Memorial Flagpole which was also dedicated at this time. Galesburg opened up the 1970-1971 season on the new field defeating Peoria Woodruff 14-0, with Mark Thiel scoring the first touchdown for the Streaks on the field.

LEFT TO RIGHT: Coach Thiel, Barney Parker, George Miller, Dave Bayless, Lloyd Westcott.



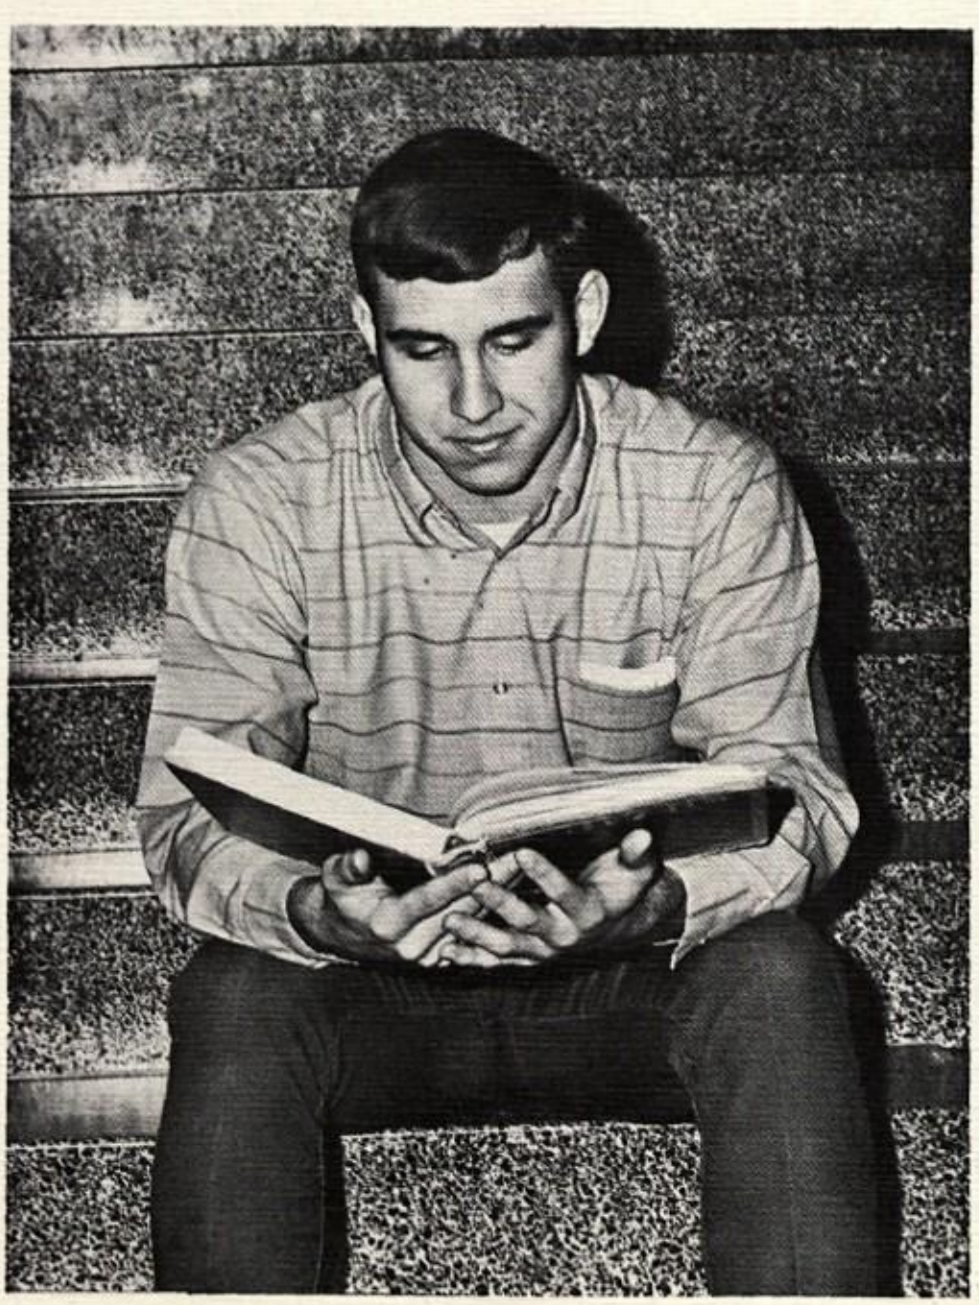
Managers—Men Behind the Scene



FRONT ROW: K. Knowles, J. Smith. **SECOND ROW:** M. Herr, D. Griffith, R. Henry.

The functions and responsibilities of the managers are most important in order to keep the Silver Streaks running from game to game in top-flight condition. Although it might not be noticed, these fellows are playing every game as much as our men on the court and on the field are. These are the people who issue equipment to the players and are responsible for the condition of equipment. They also are the "medics" for the Streaks, helping to sooth the games ups and downs. This is a dedicated group of managers who deserve the praise of the entire student body.

Westfall Shows Scholarship and Stamina



Bill Westfall, 1971 recipient of Phillips Award.

The Gerald D. Phillips award is given each year to the senior boy who has won a Varsity letter in his junior year and has the highest grade point average of all lettermen. This year, the honor went to Bill Westfall, an outstanding letterman in football and baseball. As well as being a great Streak and a great scholar, Bill is the president of G-Club and the secretary of Boys' Forum.

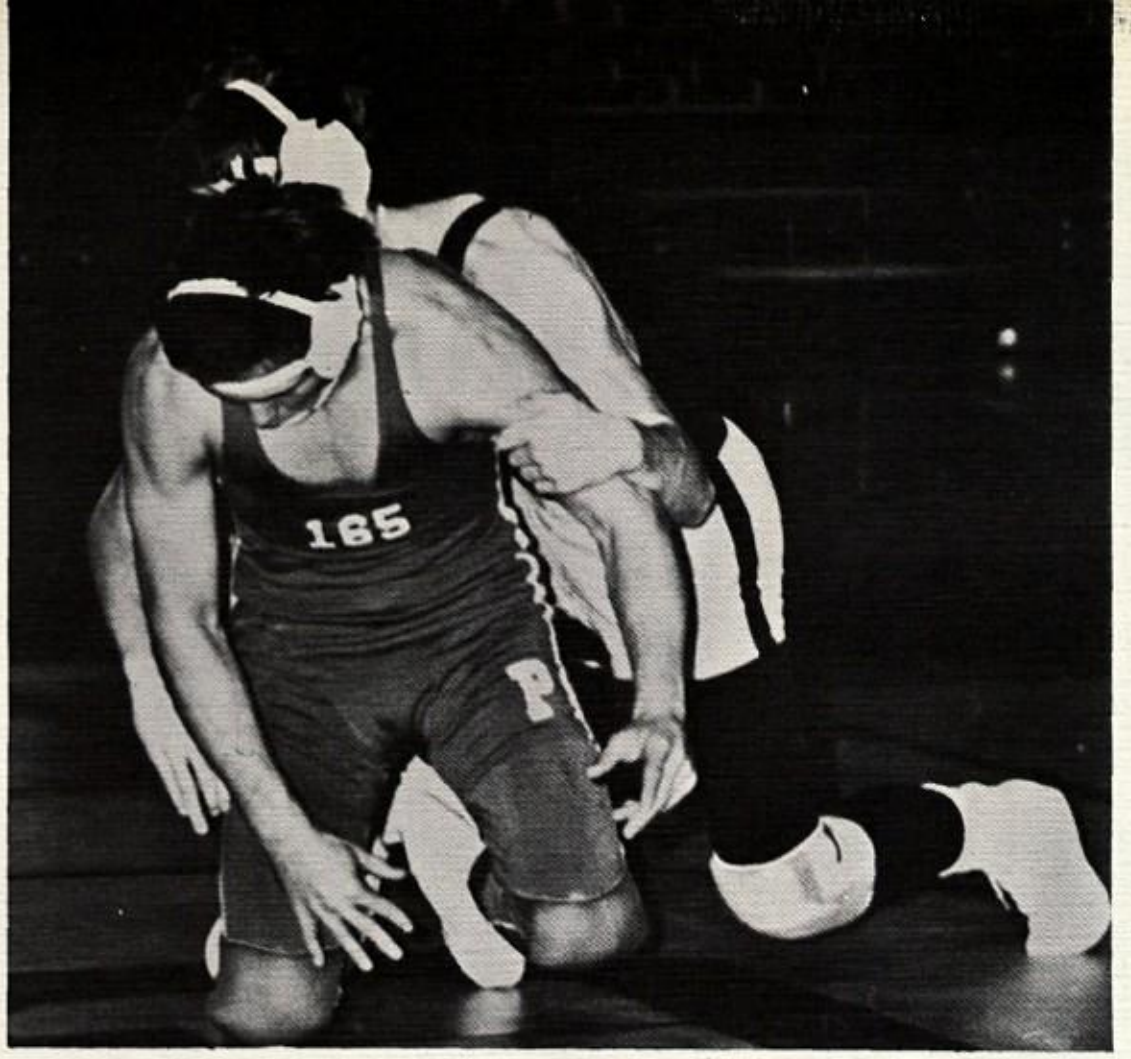
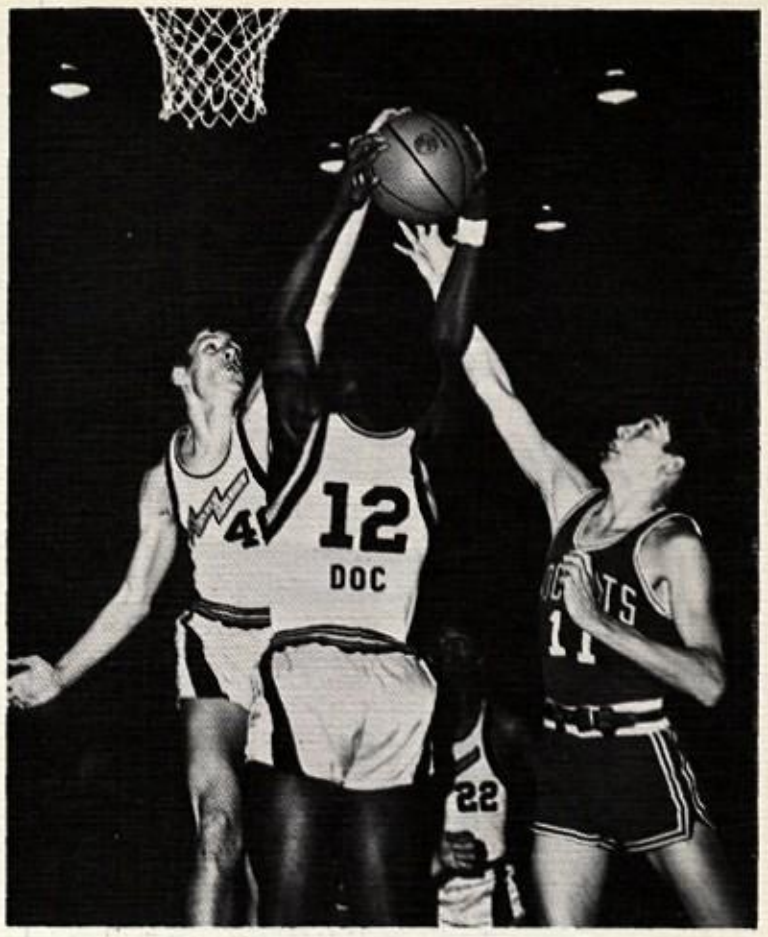
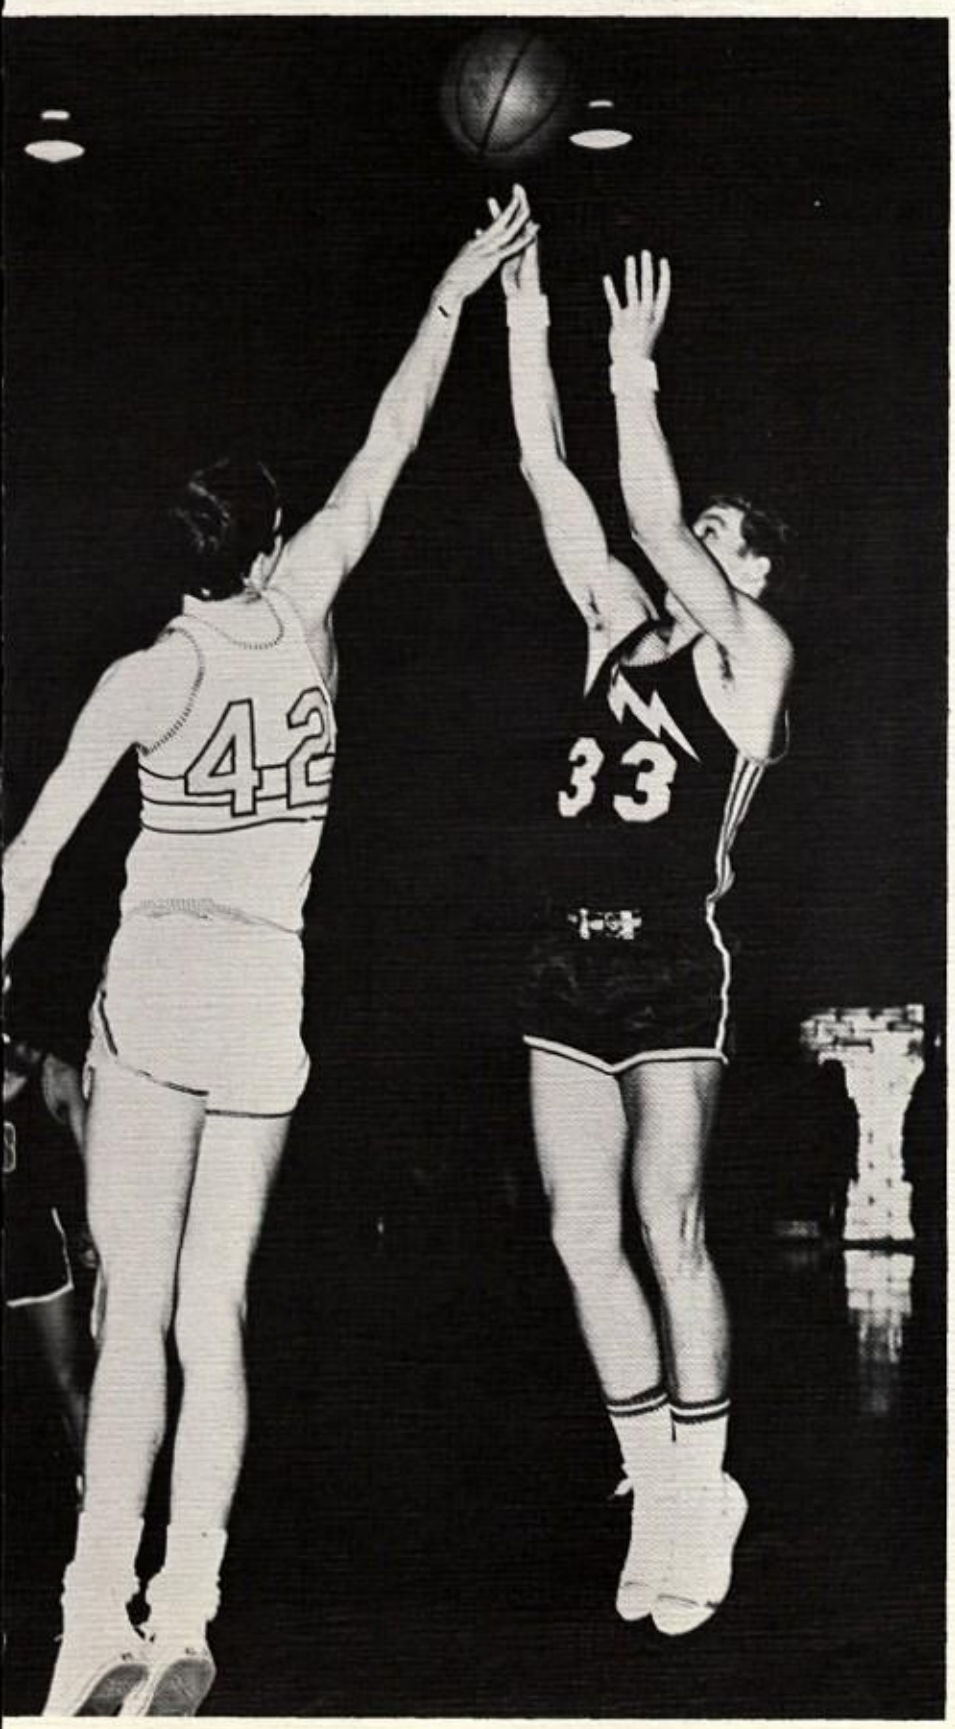
Winter Sports

Although the snow might be on the ground, with temperatures reaching ghastly lows outside, there is still much activity in the G.H.S. Gym during the winter. The two great winter sports at Galesburg High School are the ever-popular basketball and the ever-gripping wrestling. When it comes to basketball, everyone knows that it is difficult to find a team consistently greater than the Galesburg Varsity squad. Neither are the J.V.'s and Ponies to be forgotten. Although not as much in the limelight, they are impressive teams which the school and community can be proud of. The wrestling squad must not be overlooked, either. This is one activity in which participants can really work individually, winning honors for the squad and high school. The following pages are devoted to these two fine activities.

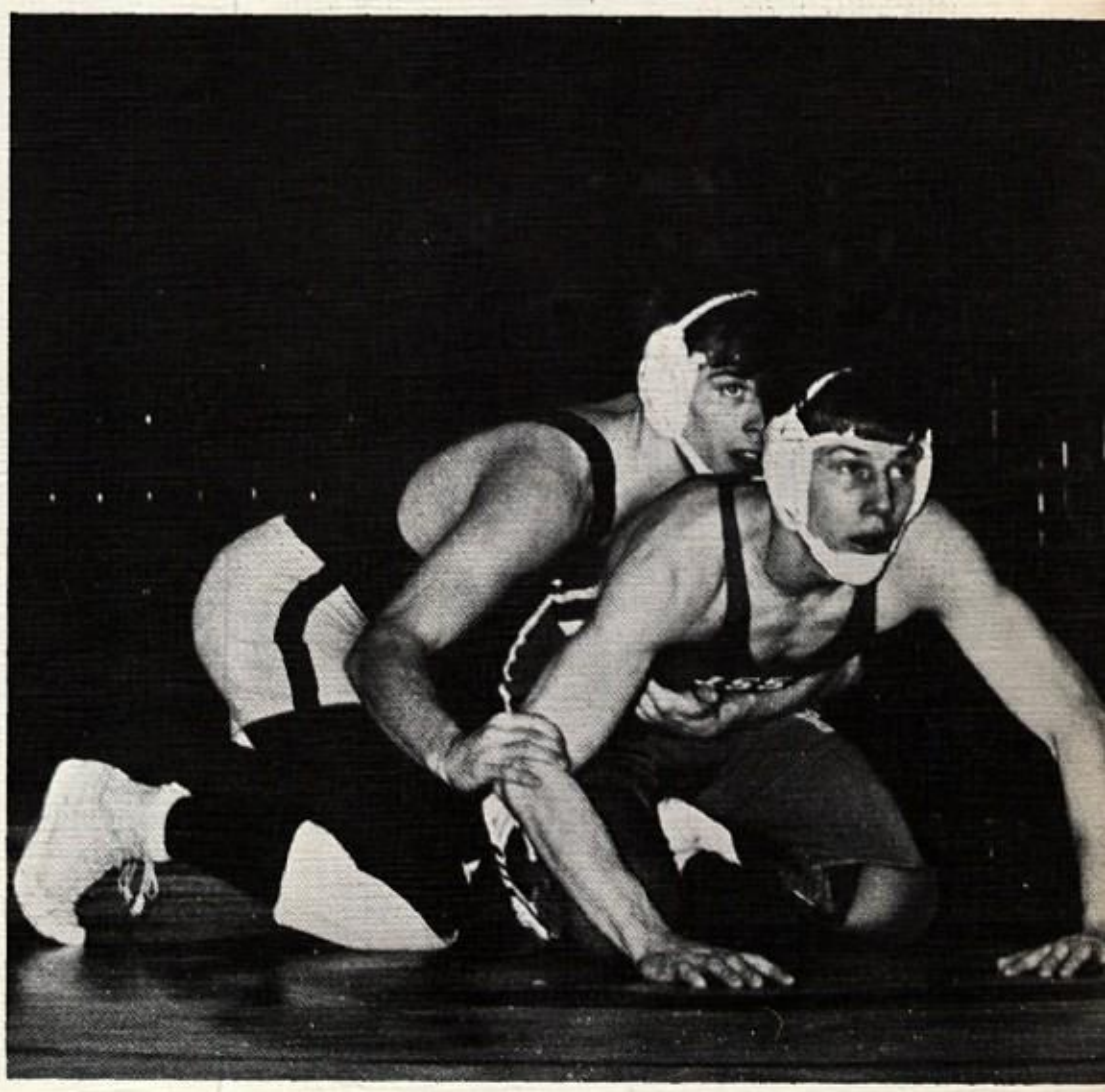






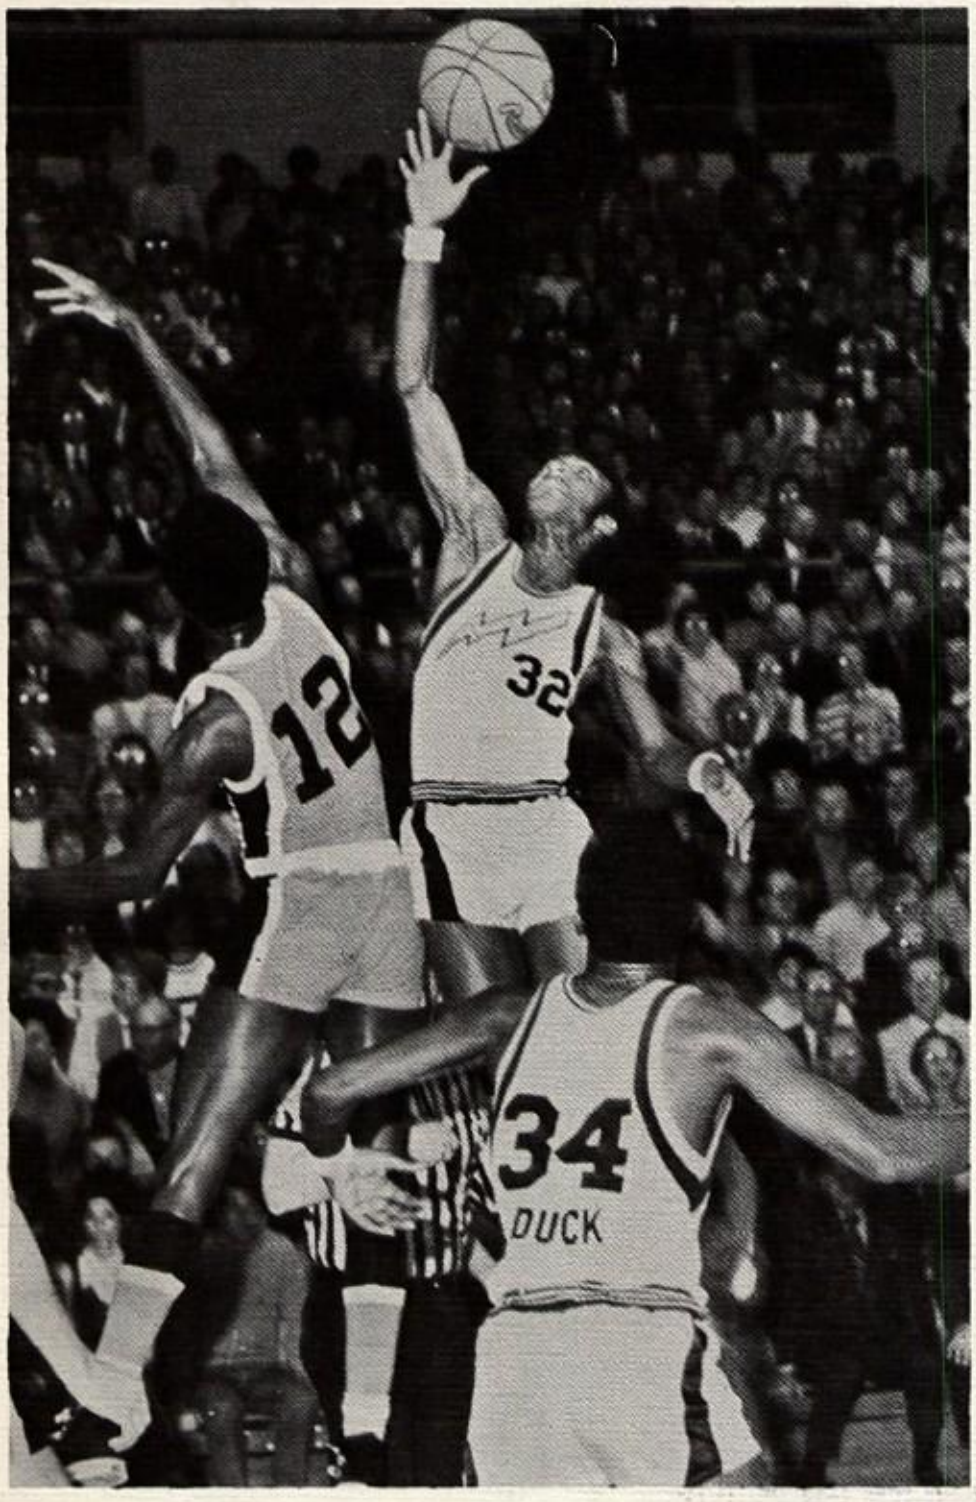
I feel that every star is independent, free. Is there any reason for any particular star to remain in the same spot? ...Anything so far away, moving or not, has to be free, thus I hold that all stars are free.

A Sophomore



Galesburg Silver Streaks Hand Out

In November, some people called it a "building year". The Galesburg Varsity Basketball squad, however, proved that it was much more than just this, compiling an overall season record of 18 wins and 6 losses. The team can be proud of its perfect season on the home court. Experience went all around this year, as the starting line-up changed by three men in midseason. After five wins to kick off the season, there came three losses in a row to Rock Island, Richwoods, and Quincy and two losses later in the season to Moline and East Moline, followed by five straight wins to end the season. However, after two wins in the Regional, the Silver Streaks could not cut it against Macomb in Regional Final heartbreaker.



And Porcia wins the jump ball again.

Kirkendall wins the game with one basket.

All alone am I...

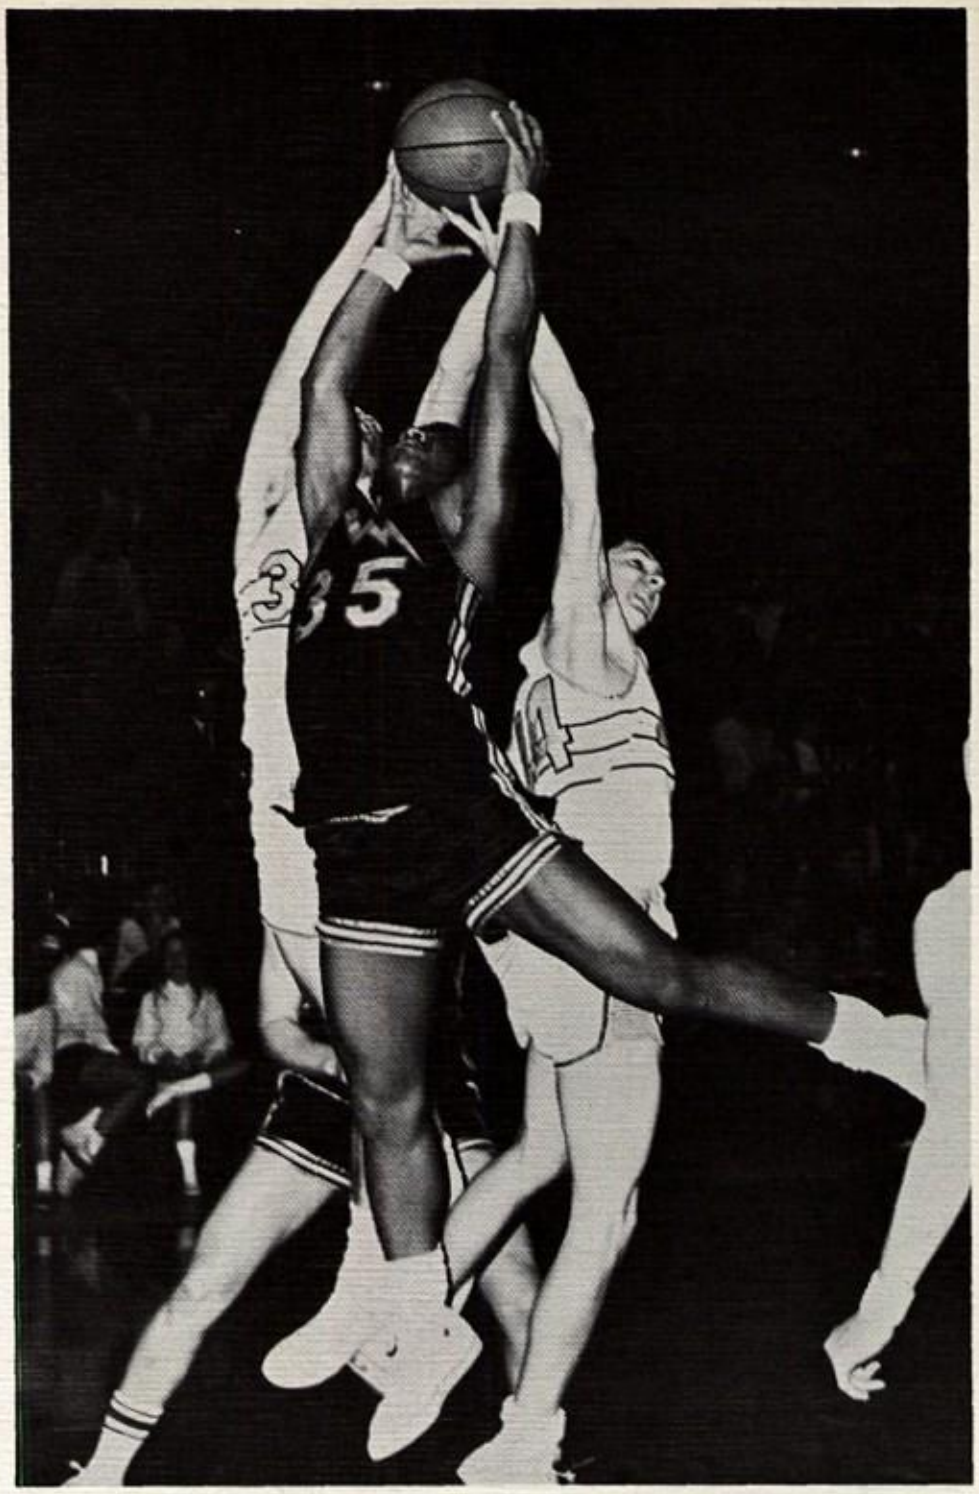
J.V.'s Indicate Bright Future

The 1970-1971 Junior Varsity or "B" Basketball squad ended the season with an excellent 8-1 win-loss record in the scorebook for interscholastic play. Coach Bruington and his ball-handlers pushed their way to wins over Canton, Alleman, Peoria Manual, Limestone, and East Moline. The 72-62 loss to Kewanee was thoroughly avenged the next week, with a convincing 96-63 victory over the same team. Although not as well-publicized as the Varsity and Pony ball clubs, this team is a most important one to watch as an indicator of future Varsity Squads. If this means anything, the immediate future looks bright for the G.H.S. Varsity.



Too many hands spoil the shot.

FRONT ROW: Coach Bruington, M. Jacobs, B. Foreman, D. Darrah, R. Dowd, M. McClure, B. Titus, Assistant Coach Gatt. **SECOND ROW:** M. Herr, S. Emery, F. Franckey, D. Brainard, B. Emery, R. Derry, M. Puckett.

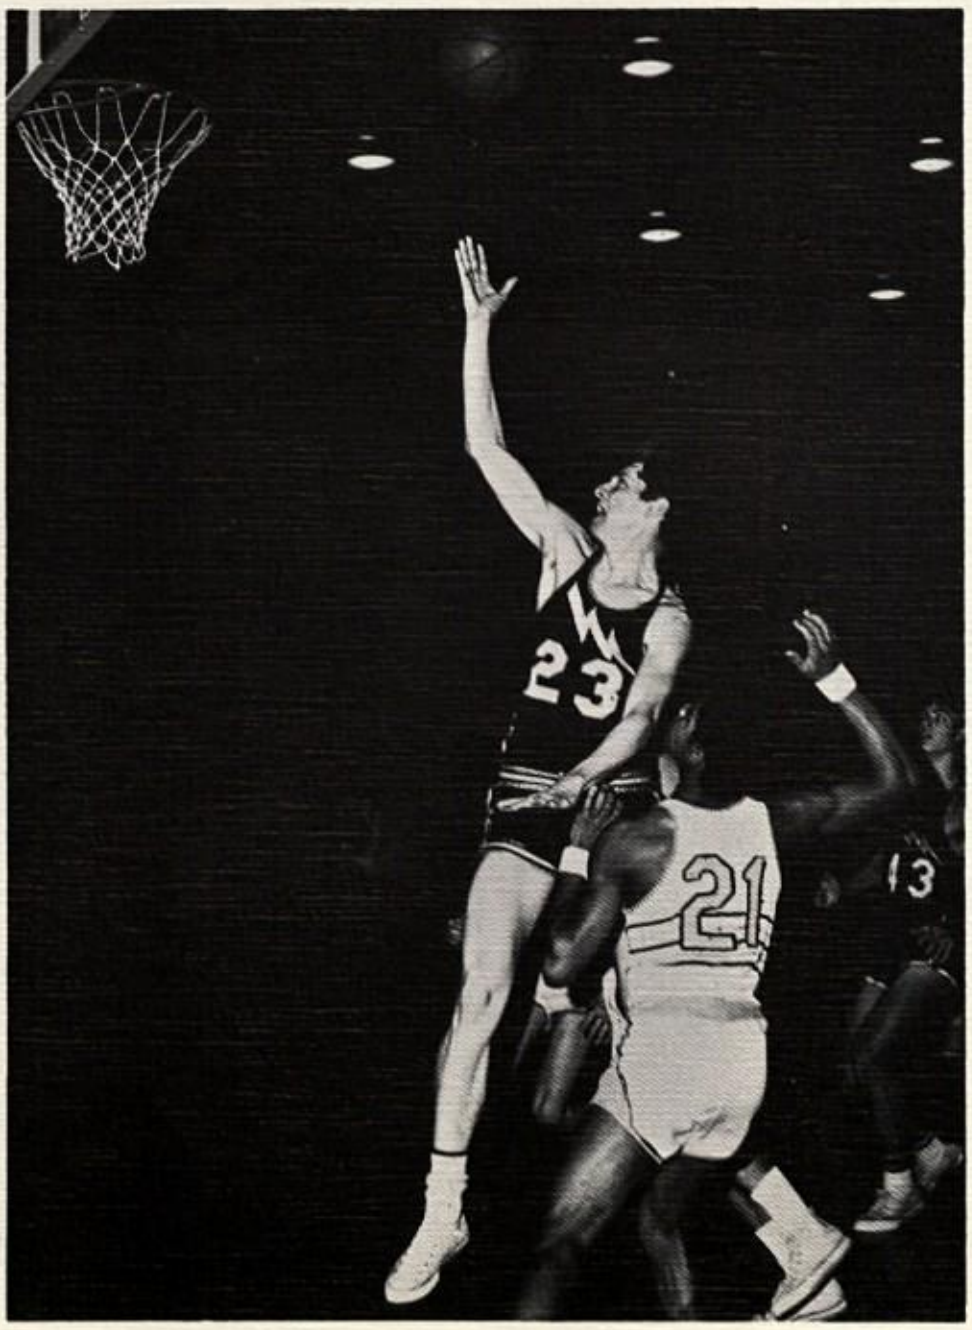
Sophomores Prove Themselves on the Court



Hold everything! I'll get the ball.

This year, the sophomore basketball squad, better known as the "Ponies", ran up an 11-8 win-loss record in interscholastic play. Through the winter, these guys showed their skills to Varsity basketball audiences in some very impressive and exciting affairs. This team, under Coach Beal, started the season very well, with seven straight wins, including a most impressive 83-38 win over Rock Island. Following these victories were six straight losses, with two to Quincy, two to Moline, and one apiece to East Moline and Rock Island Alleman. The Ponies closed out the season with four more wins, one of them Monmouth, 105-33, and a mere two losses at the hands of Canton and Alleman.

Streak Wrestlers Open

An athletic activity which has truly earned the name "contact sport" comes to G.H.S. in the winter. Wrestling is one sport in which there is absolutely no doubt as to the hard work and will of the participant. It takes a lot of guts and muscle to get out on the mat and face an opponent, when the entire high school is being represented. Individual effort is what it is all about here. This wrestling season, the grapplers battled their way to a six win–ten loss–two tie season, with wins over Limestone, Peoria Central, East Peoria, Princeton, Winola and Peoria Manual. Galesburg placed 3rd in the Illini Conference, 1st in the Northwest Conference, 4th in the Western Big "6" Conference, and 3rd in District Play.

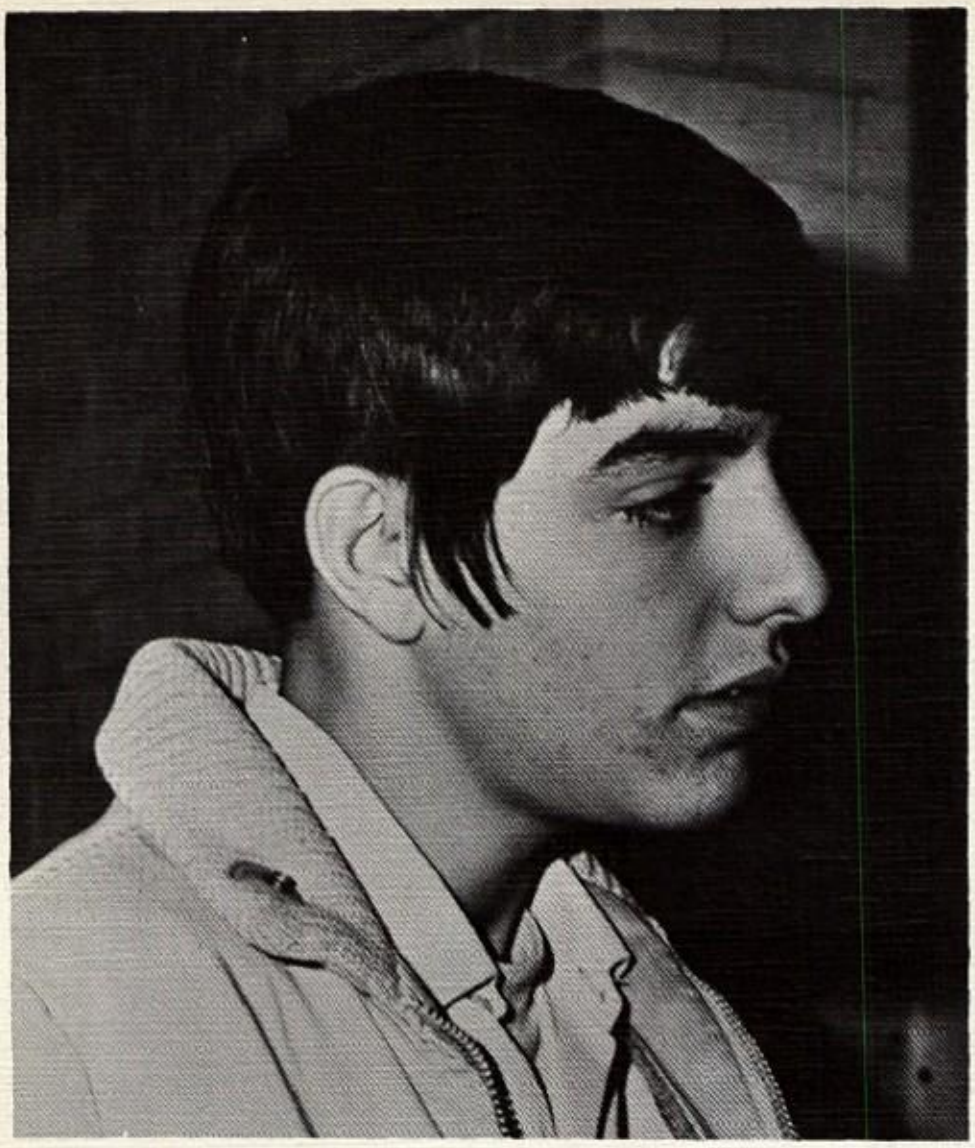
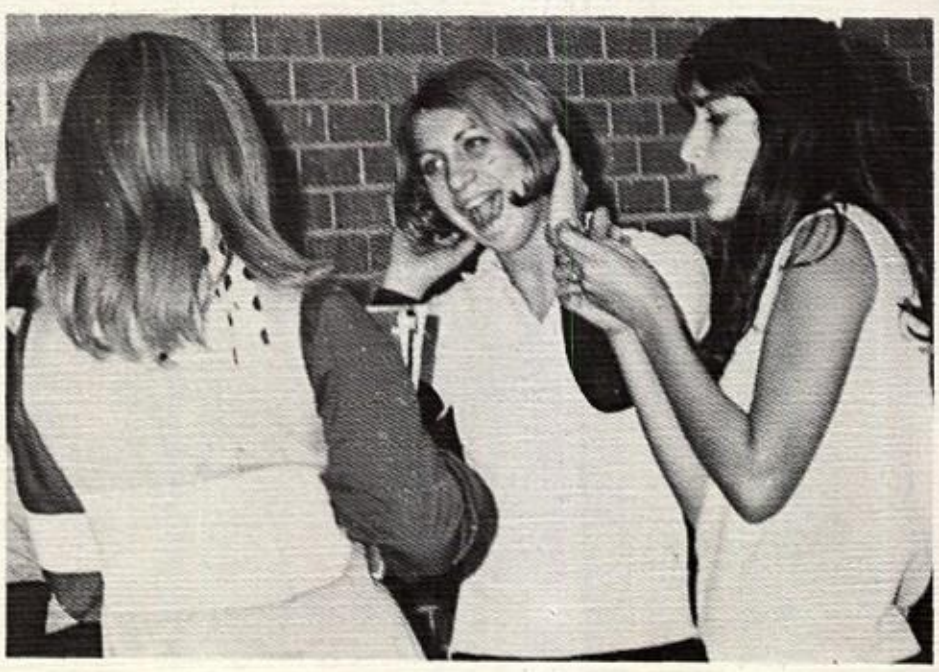
Seniors

Let desire and will be the rungs of the ladder leading to your star. Desire is all you need to reach high into the heavens and grasp onto that fiery pinacle leading to your goal. If you can reach that star, your star, the success and feeling of accomplishment are complete.

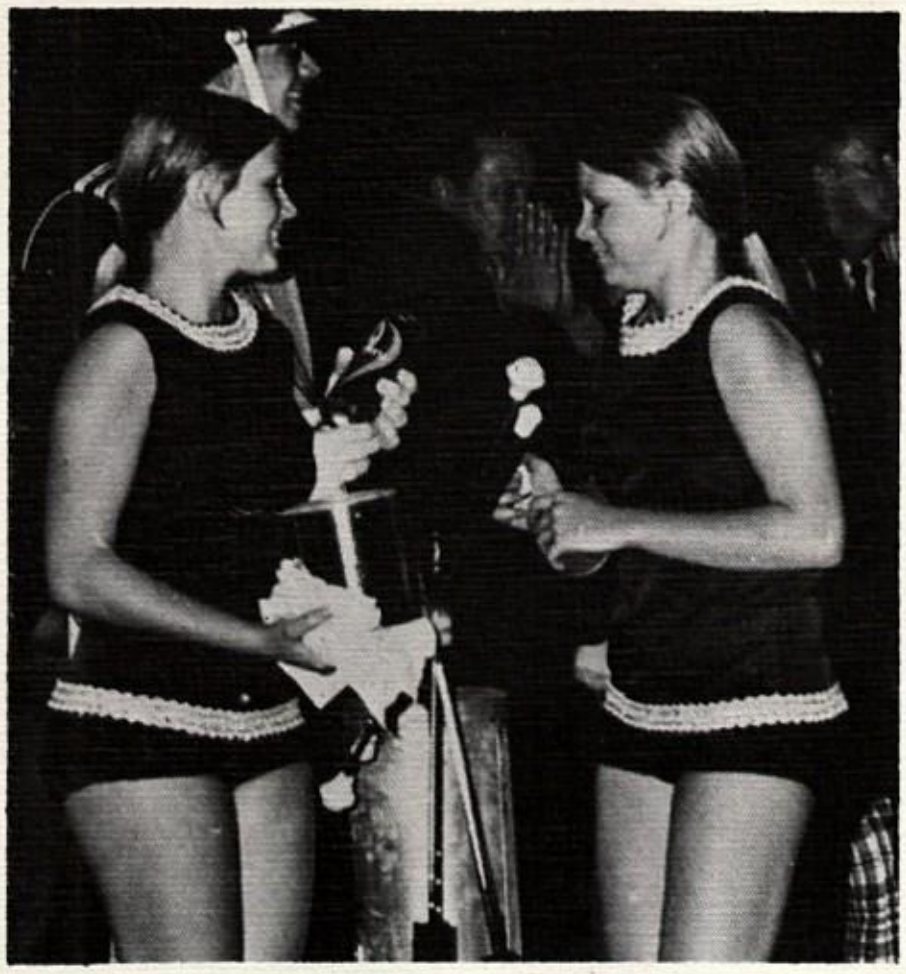
A Senior

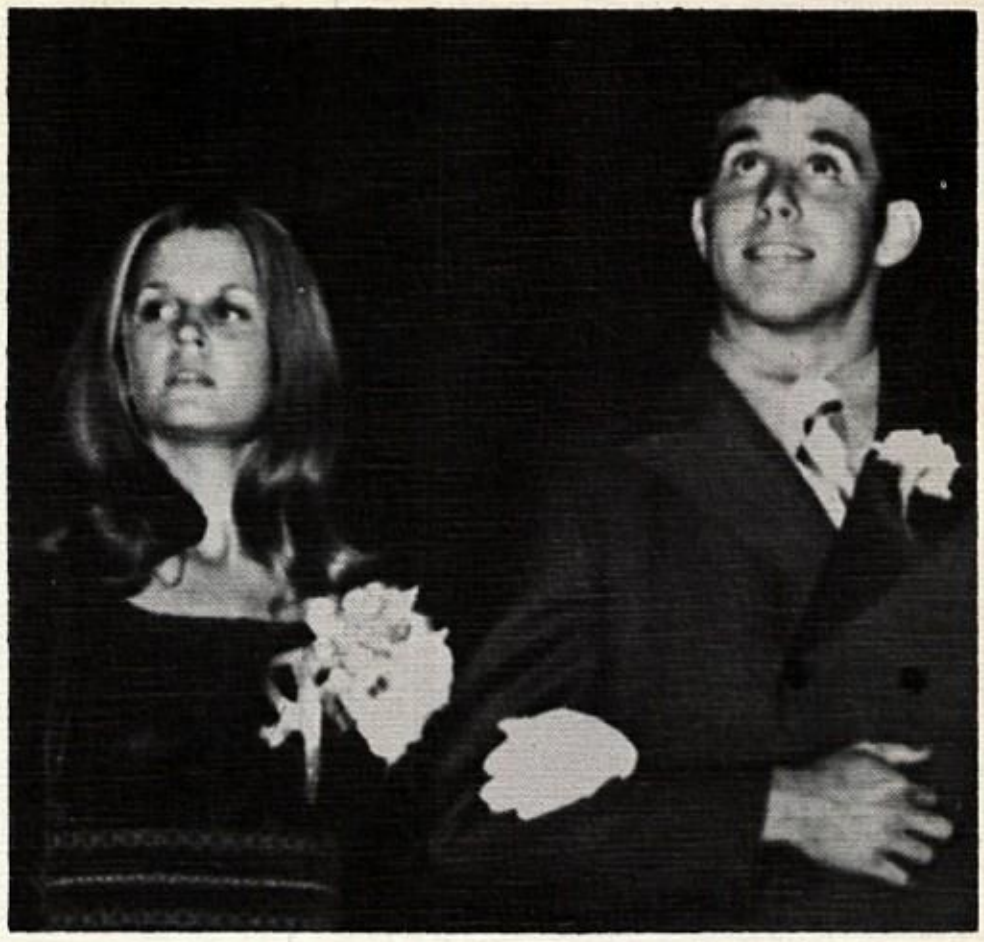
The Fun is





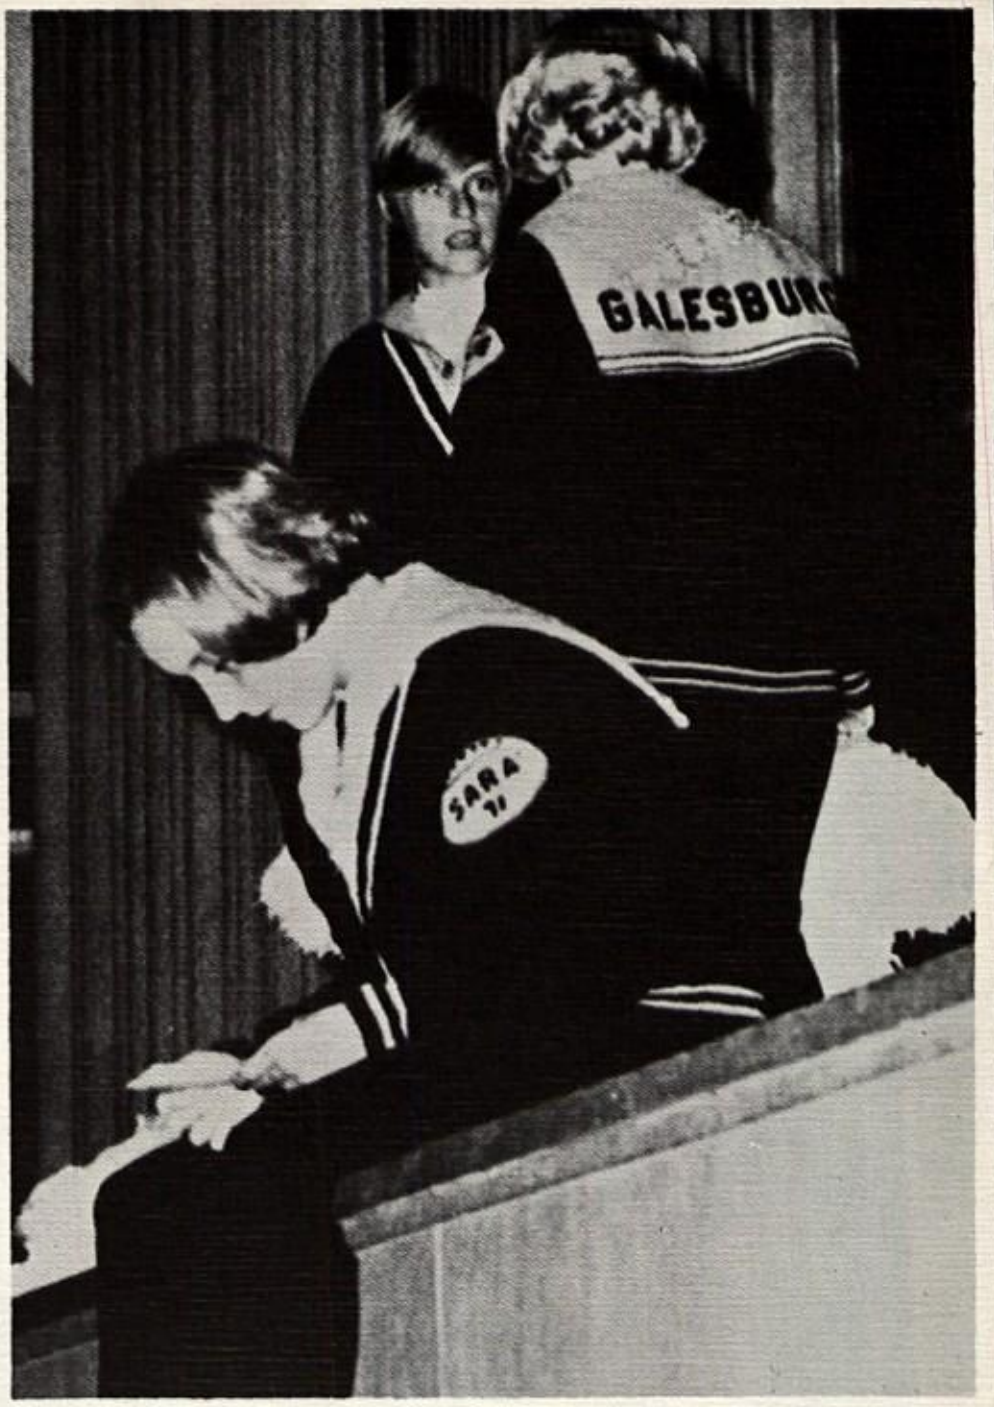
Done For '71

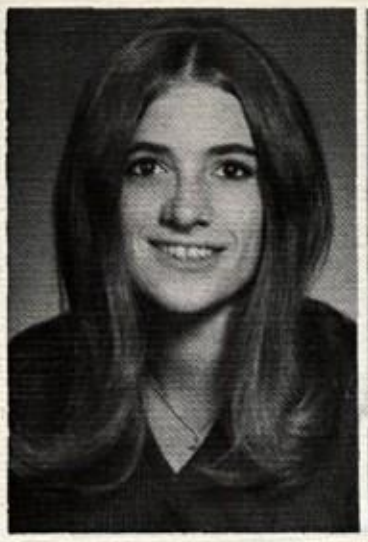


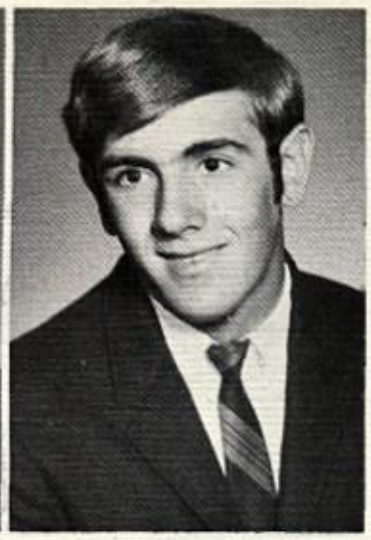


Seniors—The Ultimate Star

June is the time of mixed emotions for the Seniors of Galesburg Senior High. They are elated with the thoughts of leaving the school, being free and on their own, getting into the college of their choice, but they are also saddened by the thoughts of not seeing their teachers every day and the kids will all go off in their own directions and they may never see one another again. But all the remembrances of the class of '71 will stay forever in the minds of many. The Senior Class elections, the floats, the term papers, the famous cafeteria food, those early Saturday mornings of the ACT and SAT tests, Commencement and the greatly anticipated Graduation Day. All of these things helped to make the three years at G.H.S. as terrific as the class of '71. There is a great deal of leadership amongst the Seniors. They are always helpful and are glad to give advice for they think they know most everything. The Seniors as a whole are a very responsible class and by graduation, they have been well prepared to go out and face the future.







DEBBIE ADAMS
Pollution Solution...SAA..."Advisory 38" ...college lies ahead

SUE ADAMS
Senior Council...SAA...GSL...Pep Club... would like to go into nursing

DAVE ADCOCK
Student Council...Spanish Honor Society... A Cappella...Intramurals...Boys Forum... WIU in the future

I am a typical confused, bemuddled and befuddled high school Senior. At this time I must relate my future plans to the whole Milky Way. I need a whole galaxy of stars to choose from so that, at the last moment, I may make up my mind and jump on that one star.

When I was a little girl I used to watch the stars at night from my bedroom window. There was one star in particular that I liked. This star was always the first one I would see and I would wish upon it. Now as I am older I still look out at my star and instead of wishing upon it I say, "Oh, just you wait, my favorite star, and soon I'll be out in the sky with you doing just what I want to in life."

A Cappella...Varsity Football Cheerleader... Streakettes...Thespians...Stage Call...GAA board member...Senior Leader...college bound

I will chase life to the sun. When I reach the sun I will clutch life and I will keep it with me forever. I will not stop to rest for the sun will send me strength and reassurance. I will never let life stop to rest because it will grow fat and lazy. It will lose its vitality and I no longer will want life. All of my running will have been in vain.

A Senior

Those girls are still looking, Bill!

Look in the sky and what
Do I see a small twinkling
Light blinking back at me.
A light so small so dainty
So free alive with spirit
And pride with nothing to
Hide but what does it mean
To me? So pure and so
Clean and such a little
Thing maybe one day when
I'll finally be free
I'll go to my star for
some peace and serenity.

Stars represent something that can't be reached. They will always be a mystery. So numerous and far reaching that man will never know all of them. That is a description, I suppose, of my goals in life. My future seems to me now as distant as the stars and just as mysterious. My future could turn out to be bright, or explode into darkness, and never be remembered. If only I could see ahead and be sure, meanwhile I will just stumble through.

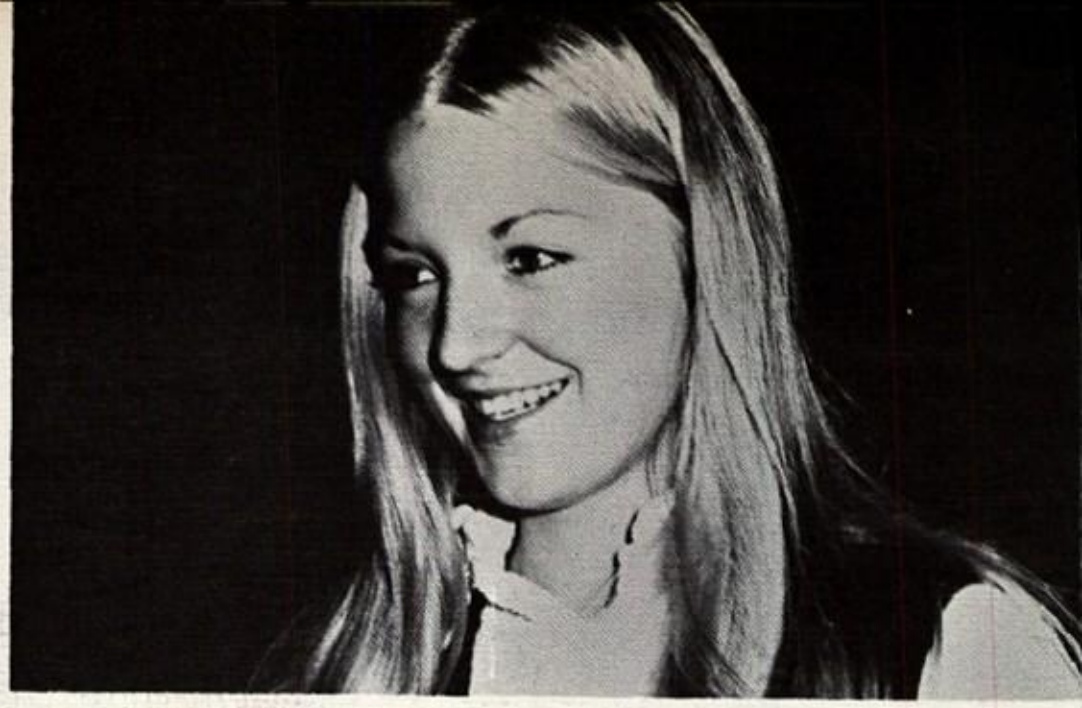
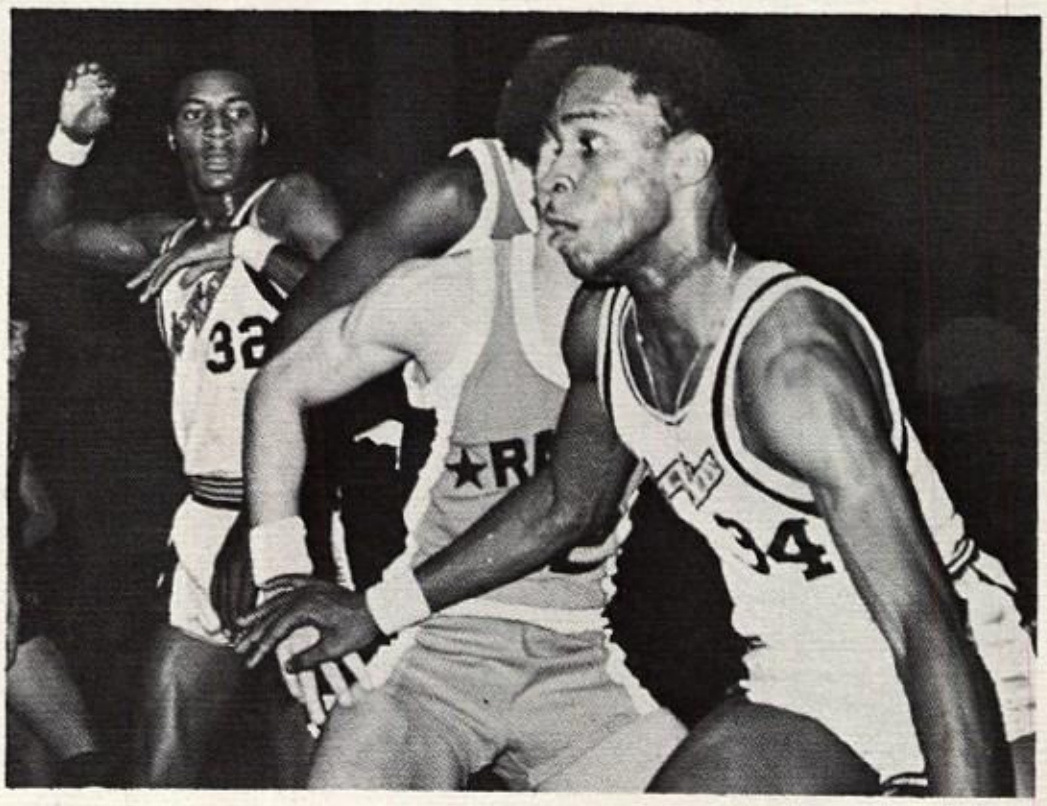
IN MEMORIAM
Theresa Gutierrez
1953-1970

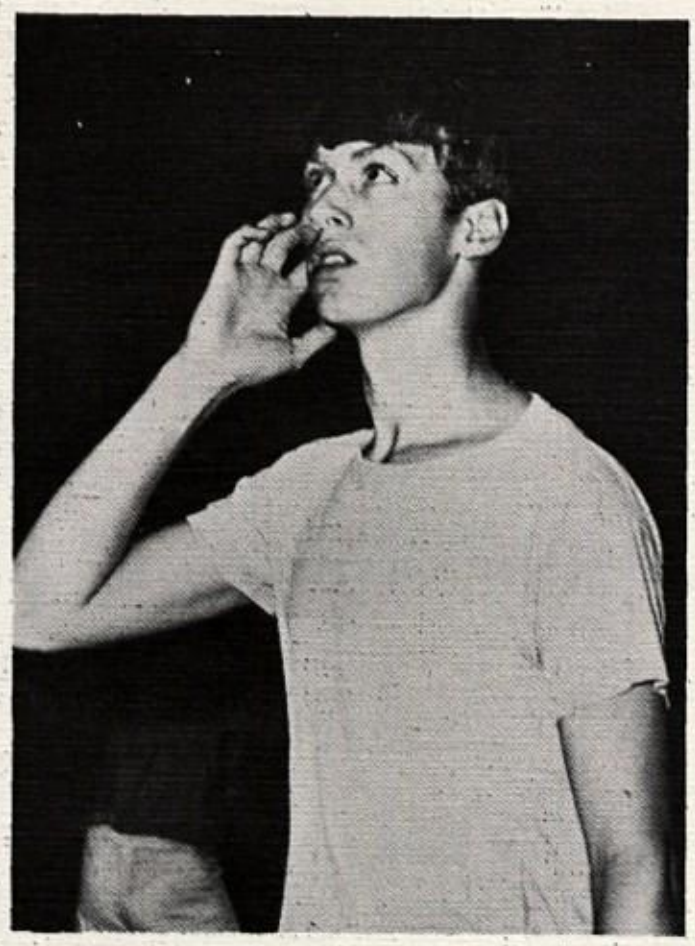
My star in life
If I'm to reach that goal
Would be to give to others
A piece of my soul.
A Senior

From Scared Sophs



To Involved Juniors





To Proud, yet Misty-eyed Seniors and Now...

They must learn to reach out for stars. They must try to reach the unreachable, "dream the impossible dream." They must try for the impossible if anything is ever to be changed. They must reach for stars, but not just one, they must grab a handful. They must do it all. They is we.

A Senior

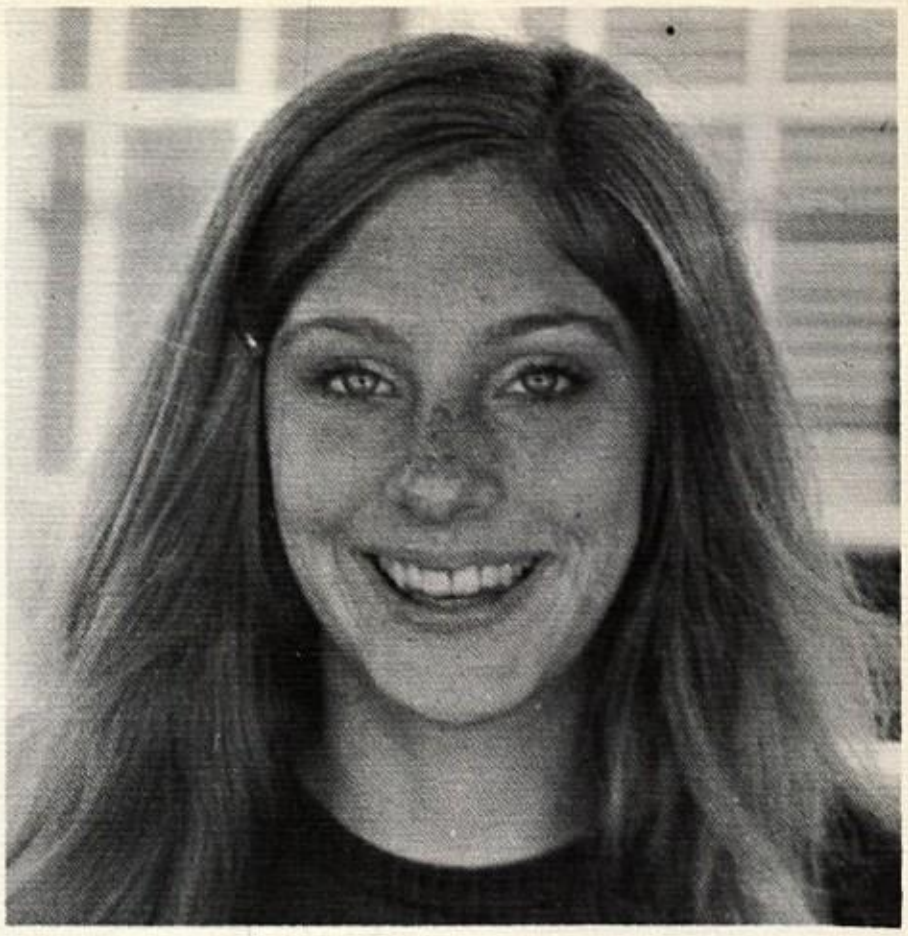
Spirit

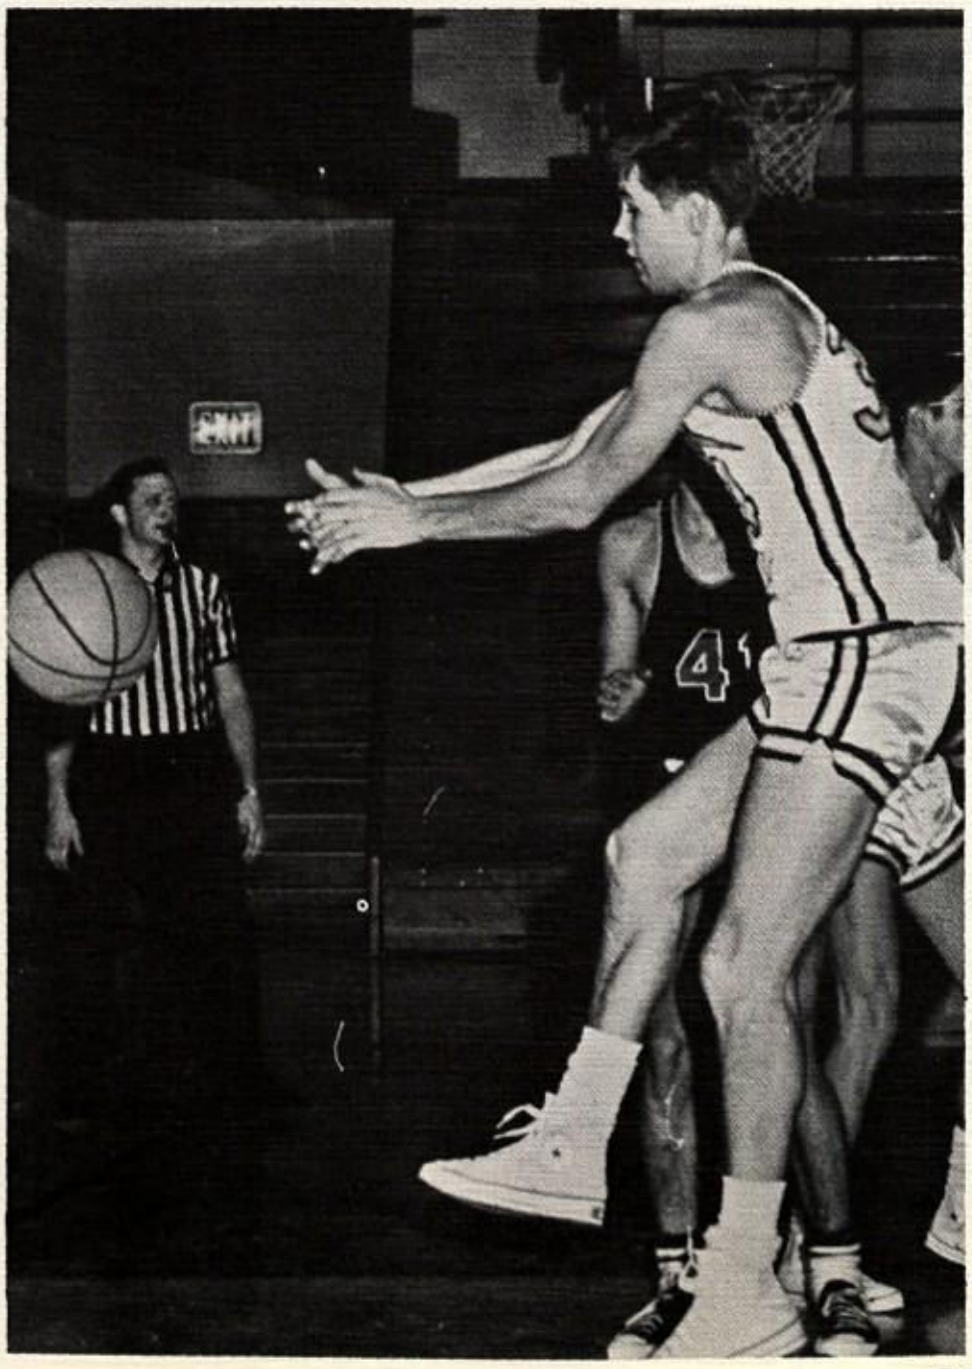
Stars make me think of a cold winter night, when there's a full moon and you love everything about the world and you.

A Sophomore

Juniors—A Step Closer To That Star

For a high school student his junior year is his most important year academically. It is the year when one begins to look into what he plans to do with his life. College boards are given for those students planning to go on to a higher level of education. Special consideration is taken in selecting classes which will be beneficial for the students own field in the future. For college bound students it is a year spent looking through various college catalogs and pamphlets. This year the juniors were successful in collecting the most money for the Christmas basket project. They also received second place in the contest for constructing the best float for the Homecoming celebration. The juniors still have one more year at GHS to look forward to and with their past experiences as underclassmen they are sure to make their senior year the best.





Stars are specks of light scattered through the sky at night, which the sun left from the day floating above my head. You entrance me and others to reach out and touch but just laugh and say "sometime, but not now"

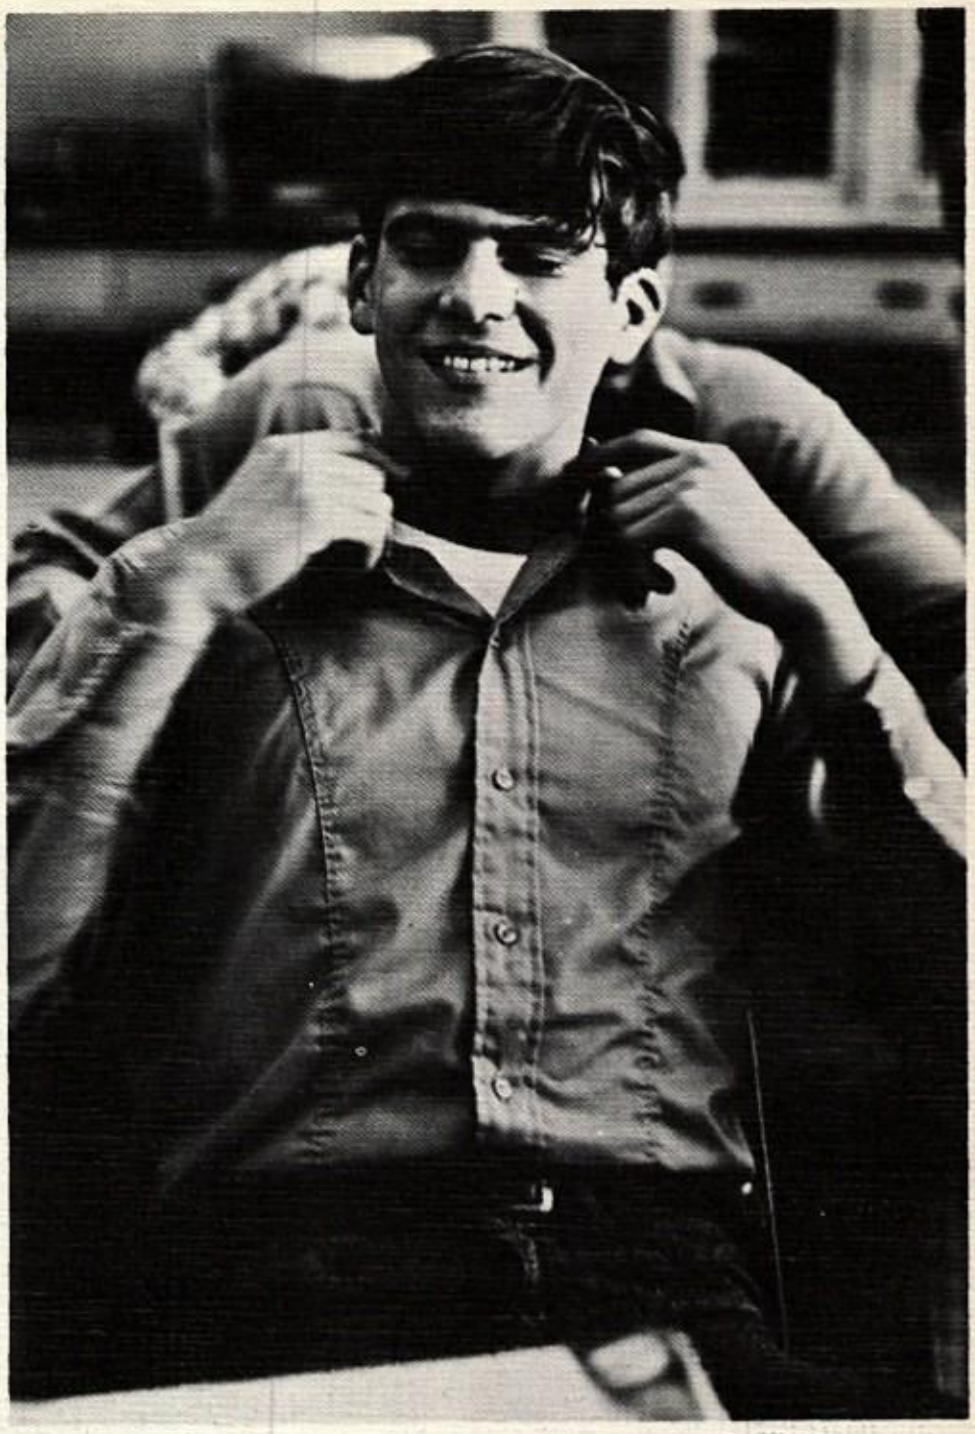
IN MEMORIAM
Terry Wilberding
1954-1970

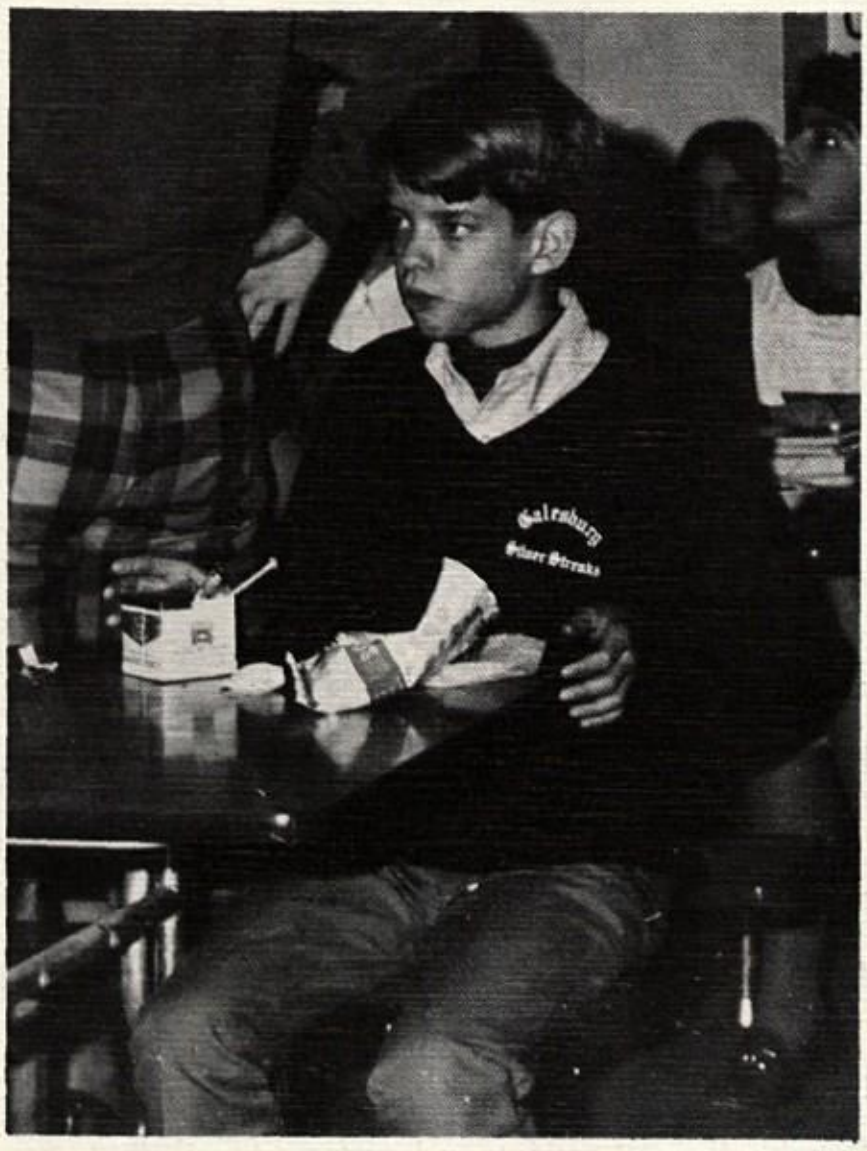
Setting stars watching us
As we live
Reflecting back past to present
Yet never changing themselves.
Stars that guide us
When there's no other way to walk—
Paths we've never taken.
Lighting these paths to remind us
That we're not alone.

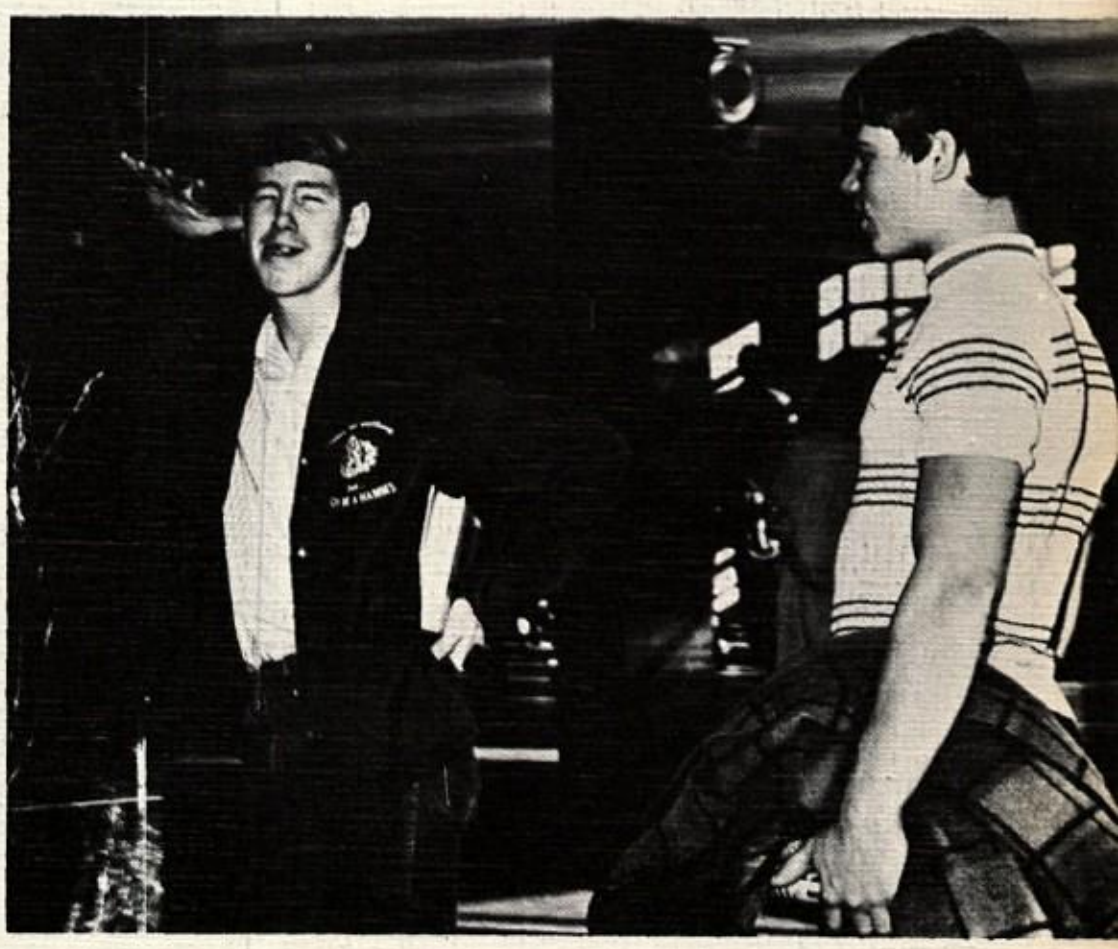
A Junior

Sophomores—In Search of a Star

The sophomores play an important part in the success of another rewarding school year. They are always ready and able to work when they are called upon. They just didn't work quite hard enough, though, when they took third place in the judging of the Homecoming floats. They didn't take it too badly when they found out they had to sit in the balcony. If they are real good, next year they will be able to move up in the world and come down towards the stage. The first day flusters soon wore off and they all settled down to the routine of high school life. The sophomores did start school with some extra little treats, though. Open lunch and pants on the girls were two items which were greatly anticipated by not only the sophs, but by the whole student body. The graduating class of "1973" will be a great one and one which all of the sophomores can be proud of for they made it that way.







I myself cannot imagine a feeling of no up or down in space, let alone any sense of direction.

Real people with real feelings probably get high on stars. But why shouldn't they? Stars are great, who else could you share a secret goal or dream with and still have that dream for your very own?

I also think the stars keep the man in the moon company, cause sometimes he needs it, like when he doesn't come out that means he's sad or something. You know, stars make pretty good friends.

27th REFLECTOR Distribution
30th Baccalaureate

JUNE
3rd The class of 71 graduates from the halls of GHS to the corridors of the world
3rd Last day for underclassmen
4th & 5th Senior Prom

Endword...

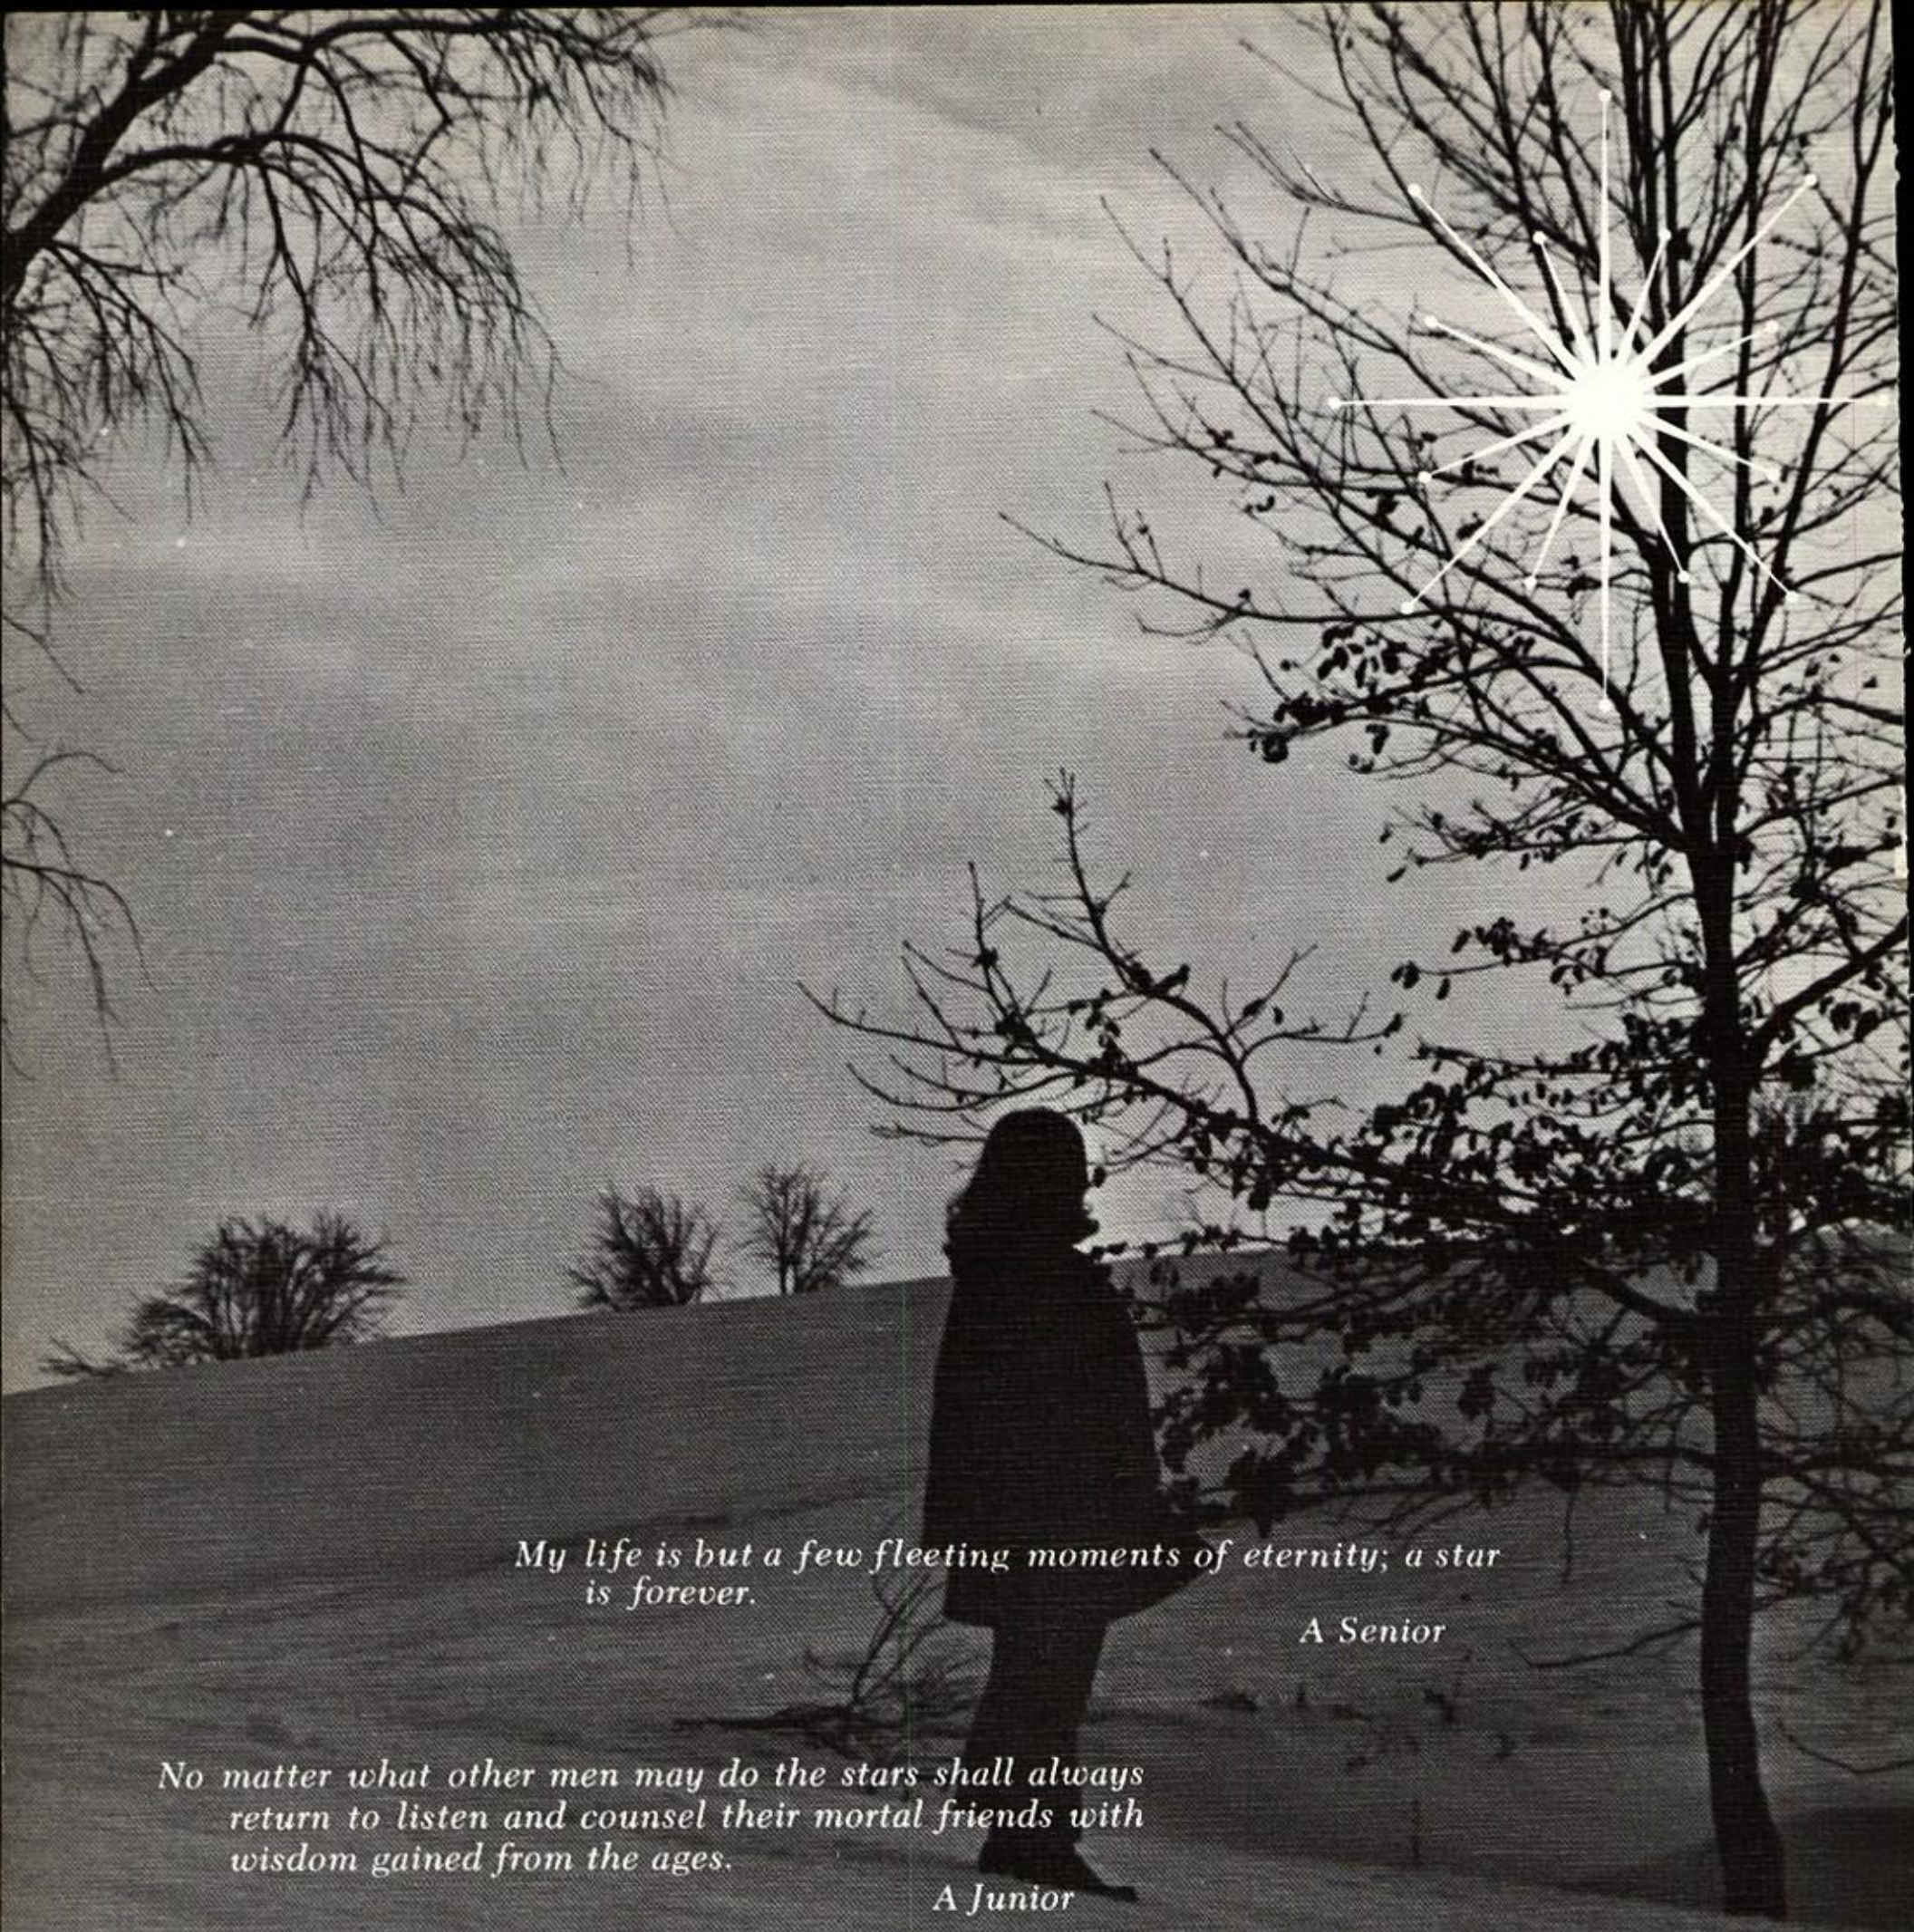
The middle of August came faster than expected for the editors as work on the REFLECTOR began; and soon it became eat, drink, and sleep with the REFLECTOR. There were nights after tedious hours of yearbook work that we finally took time to gaze heavenward, just as everyone does ever so often, and so our theme was conceived, CHOOSE SOMETHING LIKE A STAR. And now, after infinite number of nights of reaching for our star, the time has come to thank those people who toiled to record the year of 1971 in this book. Nuclear Publishing Co. should be thanked for putting up with those last minute changes which female editors have the right to make. Dewain Mentor, our publishing representative, listened quietly to our hours of grumbling and carried our wishes to Des Moines. The existance of the yearbook hung in the balance as the decision to continue Reflectavue was considered. Because of the cooperation of the kids and the administration, however, the show was allowed to go on. And as the curtain rose, those people backstage, Mr. Hegg, Miss Rynott, Mrs. Hirst, Mr. & Mrs. Kenney, Mrs. Graffouliere, and Mr. Krause, helped us in every way. We should not forget the assistance of Mr. Pyatt, of Holcomb Studio, Dale Humphrey of the Register-Mail, and Mrs. Folger, who loaned us her desk and patience throughout the year.

This year's staff was not an exception in dedication and patience, and in addition they had that added something from hours of work together that drew them closer and formed lasting friendships. Tom, alias Sweetie, gave up dates and a few hard-earned pennies to manipulate his groovy little tools and design layouts. And even when changes were needed, he growled, smiled, and of course changed them. And in his spare time, Sweetie helped the copy editors, Sharon and Anita, produce copy. These two went beyond their specific jobs by doing almost everything, almost every Saturday. The tasks of coordination of the different staffs was undertaken by Dave, who for the first time, gave meaning to the position of business manager. He signed bills, sold ads, gave beautiful back-rubs, and counted his money. The sophomore staff, tyrannized by Bivey, sold many a refreshing coke to thirsty fans. The juniors were given the job of selling ads and seniors were asked to visit perspective patrons. Phil and Mike, after threatening to quit so many times, really pulled through for us when we needed them, even when we demanded pictures two hours after they were taken. Bob, Don, Pattie, Carrie, and Jan each did their part to help us reach our star. And behind it all stood Mr. Kenney, ever listening and ever forgiving.

As we began work on this book, we chose our star, that of recording meaningfully for you the year of 1970-1971. And we hope that as the years to come spread all of us in all directions that you, too, will CHOOSE SOMETHING LIKE A STAR.

Peace,

Tori



My life is but a few fleeting moments of eternity; a star is forever.

A Senior

No matter what other men may do the stars shall always return to listen and counsel their mortal friends with wisdom gained from the ages.

A Junior

Once in a while when I feel lonesome or nobody's around, I may take a walk all by myself and find myself staring at the stars, thinking deeply about someone or something which I rarely think of.

A Sophomore

Some day friends will ask you how he did it. When that day comes, I want you to answer, "He believed himself a man and guided himself by a far star."

A Poet
